INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Retirement Committee of the
pSemi Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of pSemi Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financials Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the accrual basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accrual basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to the assets held for investments of the Plan that were certified by a qualified institution. Their report dated October 16, 2023, indicated that: (1) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with the accrual basis of accounting, and (2) the information in the 2022 financial statements related to the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(c). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirement of ERISA Section 103 (a)(3)(c).

**pSEMI CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF THE PLAN

The following description of the pSemi Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was originally adopted on August 1, 1996 to qualify as a defined contribution plan for eligible employees of pSemi Corporation (the Company or Employer). The Plan has a pre-tax salary reduction provision as defined under Section 401(k) of the Internal Revenue Code (the IRC). The Plan also allows for after-tax contributions as defined under the Roth 401(k) provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility

The Company's employees will be eligible to participate in the Plan upon attaining the age of 21 with no minimum service requirement. The Company's employees who are residents of Puerto Rico, covered by a collective bargaining agreement, leased employees, or are nonresident alien with no income from a U.S. source are not eligible to participate in the Plan. Eligible employees can enter the Plan immediately upon meeting all requirements.

Contributions

The Company's eligible employees may contribute up to 90% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction. The Plan also allows employees to make contributions on a post-tax, Roth 401(k) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, also subject to IRC limitations. Participants may also roll over amounts representing distributions from other qualified plans.

Participants have the option to designate all or any portion of their elective deferral contributions to be withheld on an after-tax basis as Roth elective deferral contributions. The Plan adopted "Safe Harbor" provisions which include automatic enrollment contributions. Under this feature, newly hired eligible employees are automatically enrolled in the Plan with a minimum 3% deferral rate. New hires can opt out upon a written request.

The Company makes a Safe Harbor matching contribution based on the following formulas:

- 100% Safe Harbor matching contribution on the first 3% of participant deferral contributions.
- 50% Safe Harbor matching contribution on the next 2% of participant deferral contributions.

The Company may make an additional matching and/or discretionary contribution without regard to the Company's current or accumulated profits as determined each year by resolution of the Company's Board of Directors. The additional matching contribution is limited to 4% of eligible compensation. The Company did not make an additional matching contribution or a discretionary contribution during the year ended December 31, 2023.

**pSEMI CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their discretionary matching contributions and earnings on those contributions are used to first pay reasonable Plan expenses and then to reduce future Company matching contributions. For the year ended December 31, 2023, there were no forfeitures used to fund Company contributions. As of December 31, 2023 and 2022, the total balance of forfeitures were \$1,800.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions, the Company's matching contributions, allocations of any Company's discretionary contribution, Plan investment income, and charged with any benefit payments and allocations of Plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of a participant's account.

Notes Receivable from Participants

Participants may borrow from their accounts at a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are 100% vested in employee, Company match, and Safe Harbor matching Company contributions and earnings on their contributions. Participants vest in the nonelective Company contributions portion of their accounts on a graduated scale over six years and will become 100% vested after six years of credited service.

Payment of Benefits

Upon termination of service due to death, disability, or reaching retirement age, a participant may elect to receive a lump sum payment equal to the value of the participant's vested interest in their account. Normal retirement under the Plan is age 65.

Terminated participants with a total vested benefit of less than \$5,000 are subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. Any distribution greater than \$1,000 but less than \$5,000 that is made without the participant's consent will be rolled over to an individual retirement plan with an affiliate of the Plan's Trustee.

**pSEMI CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

In-service withdrawals are permitted at any time from a participant's rollover contribution account. Upon attainment of age 59 $\frac{1}{2}$, in-service withdrawals are permitted from all of a participant's vested account balances. In the event of undue financial hardship, in-service withdrawals, subject to a minimum \$500 amount, are permitted from a participant's deferral contribution account as well as the vested portion of their profit sharing and match accounts.

In accordance with the Plan provisions and IRC, participants that have reached the age of 72 or older are required to receive Required Minimum Distributions.

Plan Administration

The Plan is administered by the Sponsor. The Retirement Committee is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Sponsor's Board of Directors. Fidelity Management Trust Company (the Trustee) is the Trustee of the Plan and Fidelity Workplace Services, LLC is the recordkeeper for the Plan.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Expenses paid by the Company are not included in these financial statements. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts are included in administration expenses. Investment related expenses are included in net appreciation of fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP, requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

pSEMI CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. All gains and losses (realized and unrealized) on investments bought and sold, as well as held during the year, are reported in net appreciation in fair value of investments on the accompanying statement of changes in net assets available for benefits.

Notes Receivable from Participants

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2023. Delinquent or defaulted notes receivables from participants are written off as “deemed” distributions at the end of the quarter following the quarter in which they default.

Subsequent Events

The Plan has evaluated subsequent events through July 29, 2024, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 855, *Subsequent Events*.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedule, including investments held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, and dividends and interest income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Topic 820, *Fair Value Measurements*, are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 – Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**pSEMI CORPORATION 401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

- *Mutual funds and money market funds*: Valued at the closing price reported on the active market on which the individual funds are traded.
- *Common collective trust (CCT) fund*: Valued at net asset value (NAV) provided by the fund's trustee as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the respective fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2023 and 2022:

	Fair Value Measurements Using Input Type			
	Level 1	Level 2	Level 3	Total

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the Statements of Net Assets Available for Benefits.

There are no other redemption restrictions or redemption notice requirements and no unfunded commitments as of December 31, 2023 and 2022.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Plan has adopted a prototype nonstandardized pre-approved profit-sharing Plan with CODA sponsored by FMR, LLC. The Internal Revenue Service (IRS) has determined and informed FMR, LLC by an opinion letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; and therefore, no provision for taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. There are no audits pending.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are invested in products sold by and managed by Fidelity Investments. Fidelity Management Trust Company, the Trustee of the Plan, is a wholly owned subsidiary of Fidelity Investments.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to the Trustee, other investment custodians and investment advisors.

Additionally, certain administrative expenses are paid directly to Fidelity and other service providers that are considered parties-in-interest under ERISA and these fees are included in administration fees. The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
