Report of Independent Auditors

UC Health Retirement Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the UC Health 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud

may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2023, delinquent participant contributions, and schedule of nonexempt transactions for the year then ended (referred to as the “supplemental schedules”), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

UC Health 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following description of the UC Health 401(k) Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for more complete information.

General

The Plan is a defined contribution plan covering substantially all salaried and hourly employees of UC Health, LLC (the Company) who have attained age 21. UC Health, LLC is the plan sponsor. The Plan also covers substantially all employees of University of Cincinnati Medical Center, LLC; West Chester Hospital, LLC; Daniel Drake Center for Post-Acute Care, LLC; and University of Cincinnati Physicians Company, LLC. The Company controls and manages the operation and administration of the Plan. Effective March 31, 2023, Prudential Bank & Trust, FSB, the former trustee, was merged into Empower Trust Company, LLC. Empower Trust Company, LLC is the current trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan assets related to participants associated with the Lindner Center of Hope (LCOH) were transferred to a separate defined contribution plan on May 3, 2023. The total amount of assets transferred was \$6,006,297.

Contributions

Each year, participants may contribute up to 70% of their annual compensation, as defined by the Plan, on a pretax or Roth (after-tax) basis, subject to certain Internal Revenue Code (IRC) limitations. An employee is automatically enrolled to defer 4% of their compensation as of the date in which they become a participant in the Plan, unless a different percentage is chosen. The deferral percentage will automatically increase on January 1st by 2% up to a maximum of 10%. For certain participants, the Company contributes a matching contribution equal to 100% of 1% of compensation that those participants contribute, and 50% of the contributions that exceed the 1% of compensation but do not exceed the 6% of compensation contributed, for a maximum of 3.5% of compensation. For certain participants, the Company contributes a matching contribution equal to 50% of the first 4% of compensation that a participant contributes to the Plan. The Company will make an annual nonelective contribution of 3% of eligible compensation for certain participants who meet certain eligibility requirements. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

UC Health 401(k) Retirement Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

UC Health 403(b) Retirement Savings Plan (the 403(b) Plan) was terminated on October 17, 2023. As a result, certain participants of the 403(b) Plan, who were active employees with the Company, choose to rollover their accounts into the Plan. The total amount of assets contributed was \$72,815.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and allocations of plan earnings, and is charged with withdrawals and an allocation of plan expenses. Allocations are based on participant earnings or account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and their allocations of any company contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts, mutual funds, and an insurance investment contract as investment options for participants.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Generally, participants are 100% vested after two years of vested service, and no vesting occurs prior to the two years of vested service for those participants. Certain participants are vested after three years of vested service.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 and a minimum of \$1,000. The maximum loan is reduced by the participant's highest outstanding loan balance or 50% of his or her account balance with a lower limit of \$10,000 reduced by all of the participant's outstanding loan balances, whichever is less. The loans are secured by the vested balance in the participant's account. The interest rate will be based on the rates available for similar loans from commercial lending institutions, which are reviewed periodically by the Plan Administrator.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Principal and interest are paid ratably through payroll deductions and direct payments with the trustee. Interest rates ranged from 4.25% to 9.50% as of December 31, 2023 and 4.25% to 7.25% as of December 31, 2022. These loans mature at various dates through December 2028.

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant, or their beneficiary, is entitled to receive a lump-sum amount equal to the value of the participant's

vested interest in his or her account, fixed period installments, or fixed payment installments. Participants are also eligible to take in-service distributions during employment if older than 65 or for a hardship withdrawal in the event of certain financial hardships.

Forfeited Accounts

At December 31, 2023 and 2022, there was \$474,533 and \$751,152, respectively, in forfeited non-vested accounts. Any future forfeited non-vested accounts may first be used to pay plan expenses. Any forfeitures left after paying plan expenses are used to offset employer contributions. During the year ended December 31, 2023, forfeitures totaling \$2,102,041 were used for employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires plan management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan utilizes various investment instruments, including pooled separate accounts, mutual funds, and an investment contract. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the Plan's fully benefit-responsive investment contract, which is reported at contract value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion on fair value measurements.

The Plan's investment contract is fully benefit responsive and therefore is required to be reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts. Contract value is the amount plan participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes capital gain distributions, as well as the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on terms of the Plan Document.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or the plan sponsor as provided in the Plan Document. Management fees and operating expenses charged to the Plan for investments in the pooled separate accounts, mutual funds, and investment contract are deducted from income earned on a daily basis and are not separately reflected.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

3. Related Party and Party-in-Interest Transactions

Certain plan investments are shares of pooled separate accounts and an investment contract managed by the Plan's trustee, and therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

4. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

5. Tax Status

The underlying pre-approved plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the Code). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Notes to Financial Statements (continued)

5. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments held and notes receivable from participants at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income from investments at contract value, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Prudential Bank & Trust, FSB and Empower Annuity Insurance of America as of March 31, 2023 and December 31, 2022, and for the period January 1, 2023 to March 31, 2023, and Empower Trust Company, LLC and Empower Annuity Insurance Company of America, as of December 31, 2023 and for the period April 1, 2023 to December 31, 2023.

7. Investment Contract With Insurance Company

The Plan invests in the Guaranteed Income fund, a fully benefit-responsive group annuity contract (traditional investment contract), issued by Empower Annuity Insurance Company (formerly Prudential Retirement Insurance and Annuity Company). The issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The issuer maintains the contributions in a general account. The account is credited with participant contributions plus earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest rate is announced in advance and is guaranteed for a six-month period. The interest rate for the contract for January 1, 2023 – June 30, 2023 was 1.95% and July 1, 2023 – December 31, 2023 was 2.00%. Generally, there are not any events that could limit the ability of the Plan to transact at contract value with the contract issuers or participants. There are not any events that allow the contract issuer to terminate the contract and that require the Plan to settle at an amount different from contract value.

8. Fair Value Measurements

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – inputs utilize quoted market prices from active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 – inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

Level 3 – inputs are unobservable for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Mutual funds and pooled separate accounts are valued at the daily closing net asset value as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds and pooled separate accounts held by the Plan are deemed to be actively traded and have a readily determinable fair value.

8. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31:

2023				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:

Total investments, at fair value	<u>\$ 626,669,855</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 626,669,855</u>

2022				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Mutual funds	\$ 87,861,384	\$ –	\$ –	\$ 87,861,384
Pooled separate accounts	435,799,050	–	–	435,799,050
Total investments, at fair value	<u>\$ 523,660,434</u>	<u>\$ –</u>	<u>\$ –</u>	<u>\$ 523,660,434</u>

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan Administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers between levels.

9. Subsequent Events

Subsequent events were evaluated through August 12, 2024, the date the accompanying financial statements were available to be issued.
