The Plan Administrator
Morrison Mahoney LLP Profit Sharing - 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Morrison Mahoney LLP Profit Sharing - 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

¹ In certain jurisdictions, CBIZ CPAs P.C. operates under its previous name, Mayer Hoffman McCann P.C.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

¹ In certain jurisdictions, CBIZ CPAs P.C. operates under its previous name, Mayer Hoffman McCann P.C.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Morrison Mahoney LLP Profit Sharing - 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement established by Morrison Mahoney LLP (the "Employer"). In accordance with the Trust agreement, the Employer administers the Plan. The Plan covers all equity partners and non-associate staff employees who have completed three months of service and have attained age 21, as defined (the "Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed. The Employer maintains a separate plan, Morrison Mahoney LLP Associate 401(k) Plan, to benefit all other eligible employees.

Participant Deferral Contributions

Participants may contribute up to 60% of their annual eligible compensation to the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are allowed to make Roth 401(k) deferrals into the Plan. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

Employer Profit Sharing/Matching Contributions

Each year, the Employer, at its sole discretion, determines the amount of matching contributions and/or profit sharing contributions it will contribute to the Plan subject to limitations imposed by the Internal Revenue Code. Eligibility to participate in matching contributions and/or profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked and attainment of age 21.

If the Employer decides to make a matching contribution, it will be an amount equal to a percentage of eligible deferral contributions made by each eligible Participant, which may be limited to only contributions up to a specified percentage of compensation.

If the Employer decides to make a profit sharing contribution, it will be 3% to 9% of compensation for equity partners based on age, and the greater of minimum gateway or top heavy minimum contribution to all non-associate staff based upon a percentage of their compensation.

Additional Employer Discretionary Profit Sharing Contribution

Additional profit sharing contributions are allocated among equity partners in the ratio that each equity partner's allocable compensation from the Employer for the contribution period bears to the aggregate of such allocable compensation for all such equity partners. Eligibility to participate in the additional profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked, the attainment of the age of 21 and employment on the last day of the Plan year.

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Employer Supplemental Profit Sharing Contribution

Supplemental profit sharing contributions are allocated to equity partners as a percentage of allocable compensation with the percentage used in the calculation based on the equity partner's draw. The allocable compensation for purposes of calculating the supplemental profit sharing contribution is capped at \$170,000. Eligibility to participate in supplemental profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked, attainment of the age of 21 and employment on the last day of the Plan year.

For the year ended December 31, 2023, the Employer made profit sharing and supplemental profit sharing contributions of \$923,803. The Employer did not make a matching or additional Employer discretionary profit sharing contribution.

The Plan allows the Employer to decide each Plan year whether or not to make a safe harbor nonelective contribution in an amount equal to 3% of each eligible participant's compensation for the Plan year. The Employer elected to make a safe harbor nonelective contribution for the Plan year ended December 31, 2023. A safe harbor nonelective contribution of \$290,640 was made to the Plan.

Additionally, the Plan is top heavy for 2023 based on the determination date of December 31, 2022 and an Employer contribution was made to each participant in an amount sufficient to satisfy the top heavy minimum contribution.

The total Employer contribution to any equity partner is capped at \$20,000 per year.

Participant Accounts

Each participant's account is credited with the Participant's contributions, Employer contributions, as applicable, and Plan earnings, and reduced by direct loan fees, benefit disbursement processing fees or administrative expenses associated with certain investment options. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account. The Plan allocates amounts held in the revenue credit account after paying plan expenses to participants based on participant balances.

Vesting

Participants are always fully vested in their deferral account, rollover account and Employer contributions plus earnings thereon.

Notes to Financial Statements

Note 1 - Description of the Plan (Continued)

Payment of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching 59½. Hardship withdrawals have a minimum of \$500. The amount of hardship distribution cannot exceed the amount needed to meet the immediate financial hardship. Upon termination of service, if a participant's account balance is greater than \$1,000, then the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is \$1,000 or greater, but not more than \$5,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

Notes Receivable from Participants

Subject to approval by the Plan administrator, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the Participant's vested account balance, reduced by the highest outstanding loan balance in the prior twelve month period. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in a participant's vested account and bear interest at a reasonable rate established by the Plan administrator, commensurate with the interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Plan Expenses

Individual participant accounts are charged directly for loan recordkeeping, participant fees, expedited shipping and benefit disbursement processing fees, if applicable. All other operating expenses incurred in the administration of the Plan are paid by the Employer.

Transfer of Assets

This Plan excludes all associates and non-equity partners of the Employer. Upon promotion from associate or non-equity partner to equity partner, participants are required to transfer their funds into the Plan from the separately maintained Morrison Mahoney LLP Associate 401(k) Plan. In addition, transfers are also required to be made to the Morrison Mahoney LLP Associate 401(k) Plan when participants are no longer equity partners or when administrative employees become associates. During the year ended December 31, 2023, \$577,169 in assets were transferred from the Morrison Mahoney LLP Associate 401(k) Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of the financial statements is in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

See Note 4 for discussions of fair value measurements.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent Events

The Plan has evaluated subsequent events through August 14, 2024, the date that the financial statements were available to be issued. No matters of significance were identified for disclosure during this evaluation.

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held by the Plan's custodian and trustee, Fidelity Management Trust Company ("Fidelity"). The fair value of investments and all investment and notes receivable from participant transactions, including interest and dividends, and net appreciation in fair values, are reported to the Plan and certified as complete and accurate by Fidelity. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Fidelity.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. The assets are invested in mutual funds through Fidelity. Plan participants have the option to invest their account balances among different Fidelity and non-Fidelity funds designated by the Investment Committee.

A self-directed brokerage account feature ("Brokerage Link") is also available to participants. Under this option, participants may direct their assets into individual stocks, bonds, exchange traded funds, and mutual funds of their choosing.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual Funds, Exchange Traded Funds, Common Stocks and Cash Funds (Self-Directed Brokerage Account)

Valued at closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Description	Investments at Fair Value as of December 31, 2023			
	Level I	Level II	Level III	Total

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related Parties and Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

During the year ended December 31, 2023, the Plan received \$22,000 of revenue credits from Fidelity which were used to pay a portion of the \$23,689 in Plan expenses. The revenue credits are reported as other income on the Statement of Changes in Net Assets Available for Benefits. In addition, notes receivable from participants also qualifies as exempt party-in-interest transactions, as defined by ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA ("Cash or Deferred Arrangement"), which received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 8 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Plan net assets per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits per the financial statements at December 31	\$ 81,012,731	\$ 74,124,624
Employer contributions receivable	<u>(124,534)</u>	<u>(111,581)</u>
Net assets available for benefits per Form 5500 at December 31	<u>\$ 80,888,197</u>	<u>\$ 74,013,043</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits before transfers	\$ 6,310,938
2022 Employer contributions reported on Form 5500	111,581
2023 Employer contributions reported on financial statements and not on Form 5500	<u>(124,534)</u>
Net income per Form 5500	<u>\$ 6,297,985</u>

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator and certain items have been classified differently.

The Plan Administrator
Morrison Mahoney LLP Profit Sharing - 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Morrison Mahoney LLP Profit Sharing - 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

¹ In certain jurisdictions, CBIZ CPAs P.C. operates under its previous name, Mayer Hoffman McCann P.C.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

¹ In certain jurisdictions, CBIZ CPAs P.C. operates under its previous name, Mayer Hoffman McCann P.C.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of the Plan

The following description of the Morrison Mahoney LLP Profit Sharing - 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan with a cash deferral arrangement established by Morrison Mahoney LLP (the "Employer"). In accordance with the Trust agreement, the Employer administers the Plan. The Plan covers all equity partners and non-associate staff employees who have completed three months of service and have attained age 21, as defined (the "Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed. The Employer maintains a separate plan, Morrison Mahoney LLP Associate 401(k) Plan, to benefit all other eligible employees.

Participant Deferral Contributions

Participants may contribute up to 60% of their annual eligible compensation to the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are allowed to make Roth 401(k) deferrals into the Plan. Participants may also contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

Employer Profit Sharing/Matching Contributions

Each year, the Employer, at its sole discretion, determines the amount of matching contributions and/or profit sharing contributions it will contribute to the Plan subject to limitations imposed by the Internal Revenue Code. Eligibility to participate in matching contributions and/or profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked and attainment of age 21.

If the Employer decides to make a matching contribution, it will be an amount equal to a percentage of eligible deferral contributions made by each eligible Participant, which may be limited to only contributions up to a specified percentage of compensation.

If the Employer decides to make a profit sharing contribution, it will be 3% to 9% of compensation for equity partners based on age, and the greater of minimum gateway or top heavy minimum contribution to all non-associate staff based upon a percentage of their compensation.

Additional Employer Discretionary Profit Sharing Contribution

Additional profit sharing contributions are allocated among equity partners in the ratio that each equity partner's allocable compensation from the Employer for the contribution period bears to the aggregate of such allocable compensation for all such equity partners. Eligibility to participate in the additional profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked, the attainment of the age of 21 and employment on the last day of the Plan year.

Note 1 - Description of the Plan (Continued)

Employer Supplemental Profit Sharing Contribution

Supplemental profit sharing contributions are allocated to equity partners as a percentage of allocable compensation with the percentage used in the calculation based on the equity partner's draw. The allocable compensation for purposes of calculating the supplemental profit sharing contribution is capped at \$170,000. Eligibility to participate in supplemental profit sharing contributions requires one year of service, with a minimum of 1,000 hours worked, attainment of the age of 21 and employment on the last day of the Plan year.

For the year ended December 31, 2023, the Employer made profit sharing and supplemental profit sharing contributions of \$923,803. The Employer did not make a matching or additional Employer discretionary profit sharing contribution.

The Plan allows the Employer to decide each Plan year whether or not to make a safe harbor nonelective contribution in an amount equal to 3% of each eligible participant's compensation for the Plan year. The Employer elected to make a safe harbor nonelective contribution for the Plan year ended December 31, 2023. A safe harbor nonelective contribution of \$290,640 was made to the Plan.

Additionally, the Plan is top heavy for 2023 based on the determination date of December 31, 2022 and an Employer contribution was made to each participant in an amount sufficient to satisfy the top heavy minimum contribution.

The total Employer contribution to any equity partner is capped at \$20,000 per year.

Participant Accounts

Each participant's account is credited with the Participant's contributions, Employer contributions, as applicable, and Plan earnings, and reduced by direct loan fees, benefit disbursement processing fees or administrative expenses associated with certain investment options. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account. The Plan allocates amounts held in the revenue credit account after paying plan expenses to participants based on participant balances.

Vesting

Participants are always fully vested in their deferral account, rollover account and Employer contributions plus earnings thereon.

Note 1 - Description of the Plan (Continued)

Payment of Benefits

In-service withdrawals from a participant's elective deferral account are permitted only due to financial hardship or upon reaching 59½. Hardship withdrawals have a minimum of \$500. The amount of hardship distribution cannot exceed the amount needed to meet the immediate financial hardship. Upon termination of service, if a participant's account balance is greater than \$1,000, then the participant may elect to receive either a lump-sum amount equal to the value of his or her account or installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If a former participant's vested account is \$1,000 or greater, but not more than \$5,000, the Plan administrator, after notification, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

Notes Receivable from Participants

Subject to approval by the Plan administrator, a participant may borrow a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the Participant's vested account balance, reduced by the highest outstanding loan balance in the prior twelve month period. A participant may only have one loan outstanding at a time. Loan terms range from one to five years (or longer for the purchase of a primary residence). The loans are secured by the balance in a participant's vested account and bear interest at a reasonable rate established by the Plan administrator, commensurate with the interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest are paid ratably through payroll deductions.

Plan Expenses

Individual participant accounts are charged directly for loan recordkeeping, participant fees, expedited shipping and benefit disbursement processing fees, if applicable. All other operating expenses incurred in the administration of the Plan are paid by the Employer.

Transfer of Assets

This Plan excludes all associates and non-equity partners of the Employer. Upon promotion from associate or non-equity partner to equity partner, participants are required to transfer their funds into the Plan from the separately maintained Morrison Mahoney LLP Associate 401(k) Plan. In addition, transfers are also required to be made to the Morrison Mahoney LLP Associate 401(k) Plan when participants are no longer equity partners or when administrative employees become associates. During the year ended December 31, 2023, \$577,169 in assets were transferred from the Morrison Mahoney LLP Associate 401(k) Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of the financial statements is in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the trustee and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

See Note 4 for discussions of fair value measurements.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Subsequent Events

The Plan has evaluated subsequent events through August 14, 2024, the date that the financial statements were available to be issued. No matters of significance were identified for disclosure during this evaluation.

Notes to Financial Statements

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held by the Plan's custodian and trustee, Fidelity Management Trust Company ("Fidelity"). The fair value of investments and all investment and notes receivable from participant transactions, including interest and dividends, and net appreciation in fair values, are reported to the Plan and certified as complete and accurate by Fidelity. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Fidelity.

The Plan offers investment choices to allow participants to create a diversified portfolio of assets based on a participant's risk tolerance. The assets are invested in mutual funds through Fidelity. Plan participants have the option to invest their account balances among different Fidelity and non-Fidelity funds designated by the Investment Committee.

A self-directed brokerage account feature ("Brokerage Link") is also available to participants. Under this option, participants may direct their assets into individual stocks, bonds, exchange traded funds, and mutual funds of their choosing.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Mutual Funds, Exchange Traded Funds, Common Stocks and Cash Funds (Self-Directed Brokerage Account)

Valued at closing price reported on the active market on which the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Description	Investments at Fair Value as of December 31, 2023			
	Level I	Level II	Level III	Total

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related Parties and Party-in-Interest Transactions

Plan investments are managed by Fidelity. Fidelity is the custodian and trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

During the year ended December 31, 2023, the Plan received \$22,000 of revenue credits from Fidelity which were used to pay a portion of the \$23,689 in Plan expenses. The revenue credits are reported as other income on the Statement of Changes in Net Assets Available for Benefits. In addition, notes receivable from participants also qualifies as exempt party-in-interest transactions, as defined by ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan has adopted the Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA ("Cash or Deferred Arrangement"), which received its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

MORRISON MAHONEY LLP PROFIT SHARING - 401(k) PLAN

Notes to Financial Statements

Note 8 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Plan net assets per the financial statements to Form 5500 as of December 31:

	2023	2022
Net assets available for benefits per the financial statements at December 31	\$ 81,012,731	\$ 74,124,624
Employer contributions receivable	<u>(124,534)</u>	<u>(111,581)</u>
Net assets available for benefits per Form 5500 at December 31	<u>\$ 80,888,197</u>	<u>\$ 74,013,043</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2023:

Net increase in net assets available for benefits before transfers	\$ 6,310,938
2022 Employer contributions reported on Form 5500	111,581
2023 Employer contributions reported on financial statements and not on Form 5500	<u>(124,534)</u>
Net income per Form 5500	<u>\$ 6,297,985</u>

The accompanying Statements of Net Assets Available for Benefits, Statement of Changes in Net Assets Available for Benefits and the supplemental information have been prepared in accordance with accounting principles generally accepted in the United States of America. The information listed on Schedule H of Form 5500 has been prepared in accordance with procedures established by the third-party administrator and certain items have been classified differently.
