Independent Auditor's Report

To the Plan Administrator and
Those Charged with Governance of
Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan
Poca, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, referred to above other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

Note 1. – Plan Description

The following provides a brief description of the Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan (the Plan). For a more complete description of Plan provisions, participants should refer to the Plan agreement.

General

The Plan is a defined contribution plan formed in April 1975 to provide retirement benefits to employees of Kanawha Stone Company, Inc., Terradon Corporation, and KTC Management, LLC (the Companies). The Plan allows eligible participants to make contributions under a salary deferral (i.e., 401(k)) arrangement and allows the Companies to make matching and other discretionary contributions. Employees are eligible for matching contributions upon meeting certain age and length of employment requirements. Excluded classes of employees include union employees and nonresident aliens as defined in the Plan agreement. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees age 21 or older can defer up to 90% of their annual compensation to the Plan (subject to federal limits) after completing one year of service. Employees can join the Plan on the earlier of the first day of the quarter coinciding with or the next following the date the eligibility requirements are met.

The Companies can make matching contributions equal to a discretionary percentage of the participant's elective deferrals. The Companies also have the option of making discretionary profit sharing contributions. Company contributions vest over six years. Matching and other employer contributions forfeited by participants may be used to offset employer contributions. Rollovers from other qualified plans are permitted for new employees.

Participant Accounts

Separate accounts are established for participants who are credited with contributions and investment earnings and charged with an allocation of the Plan's administrative expenses. Discretionary contributions are allocated to individual accounts based on each participant's annual compensation, while forfeitures are based on average account balances, as applicable.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear a fixed interest rate established when the loan originated at 1% over the Prime Rate published in the Wall Street Journal. Principal and interest is paid ratably through weekly and bi-weekly payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Investment Options

Participants direct their contributions to be invested primarily in shares of multiple registered investment companies (i.e., mutual funds) and in a common collective trust fund (Note 4). The mutual funds invest in a variety of stocks, bonds and government securities, depending on fund objectives.

Payment of Benefits

In the event of death, disability, retirement, or termination of employment, participants are eligible to receive the fully vested portion of their account balance. Participants may elect to receive benefits in the form of a joint and survivor annuity, lump-sum payment, or partial withdrawals. Hardship withdrawals and in-service distributions are also permitted.

Vesting

Participants are always fully vested in their salary deferral contributions made to the Plan. Participants may also become 100% vested upon early or normal retirement age. Beyond these, vesting percentage is determined by the following schedule and is based on years of service:

Years of Service	Vesting %
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Plan Amendment and Termination

The Plan can be amended at any time provided such amendment does not permit the use of Plan assets for any purpose other than the benefit of Plan participants, reduce amounts credited to participant accounts or allow Plan assets to revert to a contributing Company.

Although it has not expressed any intent to do so, the Companies can also terminate the Plan at any time subject to provisions of ERISA. In the event the Plan is terminated, participants immediately become 100% vested in all amounts credited to their accounts.

Note 2. – Summary of Significant Accounting Policies

Forfeited Accounts

Forfeited accounts can be used to pay any administrative expenses and to offset employer contributions and are allocated to participant accounts in the same manner as employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$4,797 and \$9,300. In 2023, forfeitures of \$6,834 were utilized to reduce employer contributions.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus accrued but unpaid interest.

Payment of Benefits

Benefit payments are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Plan and are recorded when incurred.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales are recorded on a trade date basis. Dividends earned on investments are recorded when declared; interest income is recognized when earned. The Plan includes the net appreciation or depreciation and the Plan's gains and losses on investments bought and sold as well as held during the year in its statement of changes in net assets available for benefits under the caption net appreciation in fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

Subsequent events have been evaluated through July 25, 2024, which is the date the financial statements were available to be issued.

Note 4. – Common Collective Trust Fund

The Plan invests in the Putnam Fiduciary Trust Company Stable Value Fund, a common collective trust fund (CCT). The CCT invests in high quality guaranteed investment contracts and similar contracts issued by insurance companies, banks, and other financial institutions. The fund also invests in security backed investment contracts, money market instruments, cash and cash equivalents and stable value funds. Certain restrictions on withdrawals from the fund may be delayed due to a disruption of financial markets or exchanges where the fund is unable to settle necessary transactions, and Plan termination withdrawals or other similar employer withdrawal requests for up to twelve months. However, withdrawals are usually available daily.

The common collective trust fund's goal is to preserve principal and achieve high current income through a diversified portfolio of high quality investment contracts, to the extent consistent with the preservation of capital and liquidity and the maintenance of a stable \$1.00 per unit net asset value. There is no assurance that the Fund will maintain a stable net asset value. The net asset value of each unit is calculated daily and is determined by subtracting the fund's total liabilities from total assets and dividing by the number of units outstanding. The net asset value (NAV) is used to estimate fair value of a unit in these funds and is not publicly quoted. Participant transactions (purchases and sales) may occur daily. The average yields for December 31, 2023 and 2022 were 3.81% and 2.61%, respectively. Contributions and redemptions to the Fund may be made daily at the current NAV and are considered as made immediately after the daily valuation. The fair market value of the common collective trusts, at December 31, 2023 and 2022 was approximately \$1,579,123 and \$1,997,962, respectively. See also Note 5.

Note 5. – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs are not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Funds – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell

Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis consisted of the following at December 31:

	2023	
	Level 1	Total
Mutual funds	\$ 15,653,184	\$ 15,653,184
Total assets in fair value hierarchy	15,653,184	15,653,184
Collective trust funds, measured at NAV		
as practical expedient ^(a)		1,579,123
Total investments at fair value		\$ 17,232,307

	2022	
	Level 1	Total
Mutual funds	\$ 11,768,258	\$ 11,768,258
Total assets in fair value hierarchy	11,768,258	11,768,258
Collective trust funds, measured at NAV		
as practical expedient ^(a)		1,997,962
Total investments at fair value		\$ 13,766,220

- (a) In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 6. – Related Party Transactions

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants may direct their investments in funds and incur fees for services from the Plan Trustee, investment advisor, or record-keeper and therefore, these fee transactions qualify as party-in-interest transactions. Fees paid to the Trustee by the Plan for investment management and record-keeping services were \$79,310 for the year ended December 31, 2023.

Note 7. – Tax Status

The Plan has adopted the Non-Standardized Pre-Approved Plan of ADP, LLC. The IRS has opined and informed the third party administrator by a letter dated October 6, 2020, that the non-standardized plan is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been

Kanawha Stone Company, Inc. & Affiliates Profit Sharing Plan

Notes to Financial Statements

December 31, 2023

amended since receiving the opinion letter, the Plan Sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note 8. – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the 2023 and 2022 financial statements with the amount reported on Form 5500:

	2023	2022

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
