(In Liquidation)

Board of Directors  
Vail-Summit Orthopaedics, PC Cash Balance  
Edwards, Colorado

## **INDEPENDENT AUDITOR'S REPORT**

### **Opinion**

We have audited the accompanying financial statements of Vail-Summit Orthopaedics, PC Cash Balance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) as of October 31, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits (in liquidation) for the period from January 1, 2023 through October 31, 2023 and the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in available for benefits of the Plan (in liquidation) as of October 31, 2023 and December 31, 2022, and the changes in its net assets available for benefits (in liquidation) for the period from January 1, 2023 through October 31, 2023 and the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter - Basis of Accounting**

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation on October 31, 2022, and management determined liquidation is imminent. As a result, the Plan's financial statements as of October 31, 2023 and December 31, 2022 and for the period from January 1, 2023 through October 31, 2023 and the year ended December 31, 2022 are presented under the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4j-Schedule of Reportable Transactions is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## NOTES TO FINANCIAL STATEMENTS

October 31, 2023 and December 31, 2022

(In Liquidation)

---

### **NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Vail-Summit Orthopaedics, PC Cash Balance Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a noncontributory defined benefit plan covering all employees of Vail-Summit Orthopaedics, PC (the Company) who are at least twenty-one years of age, and have attained at least 1,000 hours of service with the Company. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Plan Termination**

The Company elected to terminate the Plan subject to the provisions set forth in ERISA, effective as of December 31, 2022. The Company began the process of distributing or transferring all Plan assets as of the termination date, as elected by each participant. This process was completed by October 31, 2023 when all assets had been distributed. All participants had the option to receive a lump sum payment or an annuity for the value of accumulated benefits.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC). Generally, the PBGC guarantees most vested normal-age retirement benefits, early retirement benefits, and certain survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

As of December 31, 2022, the accrued benefits of affected participants became fully vested and nonforfeitable to the extent funded. Benefits were only to be paid from the Plan's assets or by the PBGC. The priority order of benefit distribution is as follows:

1. Benefits accrued for participants from employee contributions
2. Benefits for participants who have been eligible to receive normal retirement benefits for more than three years as of the date of termination of the Plan
3. Benefits for participants eligible to receive normal retirement benefits as of the date of termination of the Plan
4. Benefits for participants eligible to receive early retirement or disability benefits as of the date of termination of the Plan
5. Benefits for participants that are guaranteed by the PBGC
6. All other benefits

There were no contributions for item 1 above. In addition, there were no payment deficiencies contained within one of the above items upon termination that would have caused the deficiency to be allocated pro rata within that item.

### **Contributions and Funding Policy**

Employer contributions were determined by an actuary to meet minimum funding standards. It was the Company's policy to make contributions to the Plan sufficient to meet the minimum funding requirements of applicable laws and regulations plus such additional amounts as the Company deemed appropriate. As a result of the Plan termination, the Company did not make contributions for the period from January 1, 2023 through October 31, 2023. For the year ended December 31, 2022, the Company made contributions of \$958,388.

### **Participant Accounts**

Each participant's cash balance account consisted of an opening balance, if any, pay credits, and accumulated interest, reduced by benefit payments. A participant's cash balance was increased for each year of the participant's service by a contribution equal to a fixed percentage of their compensation based on the participant's class as defined in the Plan document for that year. The cash balance, excluding the contribution credit for that year, was credited with simple interest at 4%.

### **Vesting and Payment of Benefits**

Vesting in the Company's employer contributions plus earnings thereon was based on years of continuous service. A participant was 100% vested after three years of credited service. In addition, participants became 100% vested in the Company's contributions in the event of a participant's death, disability, upon reaching normal retirement age, or upon termination of the Plan. As of December 31, 2022, all participants became 100% vested in the Company's contributions due to the termination of the Plan.

### **Forfeitures**

Forfeitures of contributions made by the Company were determined at year end and could be used to pay Plan expenses or reduce amounts otherwise required to be contributed to the Plan. For the period from January 1, 2023 through October 31, 2023 and the year ended December 31, 2022 no forfeitures were used to pay Plan expenses or reduce employer contributions. As of October 31, 2023 and December 31, 2022, there were no unallocated forfeitures.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The statement of net assets available for benefits (in liquidation) as of October 31, 2023 and December 31, 2022 and the related statements of changes in net assets available for benefits (in liquidation) for the period from January 1, 2023 through October 31, 2023 and the year ended December 31, 2022 have been prepared using the liquidation basis of accounting. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

## **Investment Valuation and Income Recognition**

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

## **Payment of Benefits**

Benefits are recorded when paid.

## **Estimates**

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

## **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits are those future periodic payments, including lump sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' accumulated pension credits as determined under the Plan ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances, retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employees' service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts of interest) and the probability of payment (by means of decrements such as death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the accumulated benefit valuation on a liquidation basis as of December 31, 2022 were as follows:

<u>Actuarial Cost Method</u>	
Discount Rate	4.95%
Mortality for ASC 960	2022 Applicable Mortality Table for 417(e) (unisex) for employees after retirement age. No mortality table for employees before retirement age
Salary Increases	3.00%

The forgoing actuarial assumptions are based on the presumptions that the Plan has terminated.

As a result of Plan termination, there were no plan benefits as of October 31, 2023. The total actuarial present value of accumulated plan benefits as of December 31, 2022 was \$5,942,191 and was 100% vested.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022. Had the valuation been performed as of December 31, 2022, there would not be a material difference. An actuarial present value was not made as of January 1, 2023 due to the plan termination on December 31, 2022.

### **NOTE 3 - FAIR VALUE MEASUREMENTS**

The Plan accounted for fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820). ASC 820 defines fair values, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Under ASC 820, assets and liabilities are grouped in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value. These levels are:

- Level 1 – Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 – Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 – Valuation is generated from model-based techniques that use significant assumptions not observable in the market. These unobserved assumptions reflect the Plan's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models, and similar techniques.

Under ASC 820, the Plan based fair values on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements for assets and liabilities where there exists limited or no observable market data and; therefore, were based primarily upon the Plan's estimates, were often calculated based on current pricing policy, the economic and competitive environment, the characteristics of the asset or liability, and other such factors. Therefore, the results cannot be determined with precision and may not be realized in an actual sale or immediate settlement of the asset or liability. Additionally, there may be inherent weaknesses in any calculation technique, and changes in the underlying assumptions used, including discount rates and estimates of future cash flows, that could significantly affect the results of current or future values.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Money Market Funds:* Valued at the net asset value (NAV) of shares held by the Plan at year end.

*U.S. Treasury Securities:* Valued at quoted market prices in active markets based on the quantity of units held by the Plan at year end.

Participants’ purchases and redemptions of units from the funds were based on unit values as of the valuation date. Purchases and redemptions of units could occur on a daily basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no assets recorded at fair value at October 31, 2023.

Fair value measurements for assets recorded at fair value on a recurring basis at December 31, 2022 were as follows:

Description	Level 1	Level 2	Level 3	Total Fair Value
U.S. Treasury Securities	\$ 4,966,615	\$ -	\$ -	\$ 4,966,615
Money Market Funds	49,728			49,728
<i>Total Investments, at Fair Value</i>	<u>\$ 5,016,343</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,016,343</u>

**NOTE 4 - TAX STATUS**

The Plan obtained its latest determination letter on March 30, 2018, in which the Internal Revenue Service stated that the prototype plan adopted by the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The Plan has been amended since receiving the determination letter. Plan management and the Plan’s tax counsel believe that the Plan was designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements as of October 31, 2023 and December 31, 2022.

**NOTE 5 - RELATED-PARTY TRANSACTIONS**

The Plan paid for certain Plan expenses while the Company absorbed certain administrative expenses, such as accounting fees.

**NOTE 6 - SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through August 13, 2024, the date at which the financial statements were available to be issued and determined that no events have occurred that would require disclosure.
