**First Utah Bancorporation 401(k) Retirement Savings Plan
Financial Statements and Supplemental Schedule**

**As of December 31, 2023 and 2022
and for the Year Ended December 31, 2023**

Together with Independent Auditors' Report

**To the Plan Administrator of
First Utah Bancorporation 401(k) Retirement Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of First Utah Bancorporation 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of First Utah Bancorporation 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be

independent of First Utah Bancorporation 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the First Utah Bancorporation 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document, adoption agreement, and summary plan description for a complete description of the Plan's provisions.

General

The Plan was created on January 1, 1992 and is a defined contribution plan covering all eligible employees of the First Utah Bancorporation (the Company or Employer), who are not covered by another plan. To be eligible to participate in the Plan, employees must be at least 20 ½ years of age and have been employed by the Company for at least 6 months. Employees may enter the plan on the first day of each quarter following meeting all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) matching contributions made by the Company, and (iii) participant rollovers from other plans.

Participants may elect to contribute a percentage of their eligible compensation, as defined by the Plan document, to the Plan each year, subject to the limitations of the IRC. Regular 401(k) contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Roth 401(k) contributions are not excluded from the participant's taxable income for federal income tax purposes, but withdrawals of contributions and earnings thereon at retirement are tax free.

The Company makes a matching contribution to each participant's account equal to 100% of the first 5% of each participant's contribution.

Recent Pronouncements

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the "SECURE Act 2.0") was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions (RMDs). Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required.

Participant Accounts

Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balance into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions and employer matching contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of one-half of the vested account balance or \$50,000. The loans are secured by an assignment of a participant's vested interest in the Plan, and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from one to five years. As of December 31, 2023, participant loans had maturities through 2028 at interest rates ranging from 3.25% to 8.5%.

Payment of Benefits

Notes to Financial Statements

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

DRAFT

Administrative Expenses

Plan administrative expenses may be charged directly to the Plan (allocated to the participants) or paid by the Employer. During the year ended December 31, 2023, the Plan paid \$34,970 of administrative expenses. Certain administrative expenses are paid by the Company. Investment related expenses are included in net appreciation (depreciation) in the fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, participants will become 100% vested in all account balances, if at that time certain account balances are unvested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit, and the overall fluctuation in the market. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value). Investments in mutual funds are stated at fair value based upon quoted market prices. The fully benefit-responsive guaranteed investment contract is recorded at contract value, which is calculated as contributions plus earnings, less participant withdrawals and administrative expenses, minus early withdrawal charges, which charges are contractually defined.

Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments and is recognized in income currently. Amounts invested may earn interest and dividends, which in turn are reinvested. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Subsequent Events

Plan management has evaluated events occurring subsequent to year-end through **October 16**, 2024, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Financial Accounting Standards Board established a framework for measuring fair value in the form of a fair value hierarchy, which prioritizes inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy requires assets to be classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1, including quoted prices for similar assets or liabilities, quoted prices in less active markets, or other observable inputs that can be corroborated by observable market data.

Level 3 - Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31:

2023				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,830,902	\$ -	\$ -	\$ 8,830,902
Guaranteed investment contract measured at contract value*				426,976
Total investments				\$ 9,257,878

2022				
Description	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,040,545	\$ -	\$ -	\$ 8,040,545
Guaranteed investment contract measured at contract value*				132,097
Total investments				\$ 8,172,642

* The value of this investment is provided above to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

4. Fully Benefit-Responsive Guaranteed Investment Contracts

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Empower Annuity Insurance Company of America (the Issuer), one of the Trustees of the Plan. The Issuer maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Accordingly, the GIC is considered a traditional investment contract. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The contract does not permit the Issuer to terminate the agreement prior to the scheduled maturity date. Since the GIC is fully benefit-responsive, it is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan.

Certain events might limit the ability of the Plan to transact at contract value with the Issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. Management has concluded that no events are probable of occurring that would limit the ability of the Plan to transact at contract value with the Issuer.

In addition, certain events allow the Issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the Issuer.

5. Exempt Party-In-Interest Transactions

Certain Plan investments are managed by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, who are trustees of the Plan. These transactions qualify as exempt party-in-interest transactions. The notes receivable from participants are also exempt party-in-interest transactions.

6. Federal Income Tax Status

The Plan uses a prototype plan document sponsored by Empower Trust Company, LLC. Empower Trust Company, LLC received an opinion letter from the IRS, dated November 14, 2022, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan Administrator has analyzed the tax positions of the Plan and has concluded that as of December 31, 2023 and 2022, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits in tax jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress.

7. Information Certified by the Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the trustees of the Plan, except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule:

- All investment assets held by the Plan
- Notes receivable from participants
- The recording of transactions related to all investment assets and notes receivable from participants, including related gains, losses, interest and dividends.
