INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
FirstBanc of Alabama, Incorporated 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of FirstBanc of Alabama, Incorporated 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

1. DESCRIPTION OF PLAN

The following description of FirstBanc of Alabama, Incorporated 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1987, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established as an employee stock ownership plan with 401(k) provisions. As of July 1, 2018, the Plan was designated as a 401(k) Plan with the ESOP accounts under the Plan frozen at current levels with no further contributions or other credits made other than investment earnings. Individuals who were not a participant on June 30, 2018, are not entitled to share in the ESOP accounts.

Plan Administration

The Plan Administrator and two trustees are appointed by the Board of Directors of FirstBanc of Alabama, Incorporated. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the custodian) are responsible for receiving contributions and income, maintaining custody of Plan assets including the mutual funds and fixed annuity fund, and payment of loans and benefits to participants.

Eligibility

The Plan is a defined contribution plan covering all full-time employees of FirstBanc of Alabama and Subsidiary, (the Company or Plan Sponsor) under the provisions of Section 401(k) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The investments of the Plan are participant directed. Employees become eligible to participate in the Plan upon the attainment of age 18 and 1,000 hours of service during a Plan year.

Contributions

Each year, participants may contribute their total compensation up to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes a safe harbor matching contribution equal to 100% of the matched employee contributions that are not in excess of 3% of the participant's eligible compensation, plus 50% of the amount of the participant's eligible compensation that exceeds 3% but not in excess of 5%. The Plan Sponsor may make additional matching contributions that are not in excess of 10% of participant's compensation. Effective January 1, 2019, the matching contribution is calculated and deposited on a payroll-by-payroll basis, with a true up feature for an additional contribution calculated on an annual basis over the aggregate of the amounts contributed. Contributions are subject to certain IRS limitations. With respect to the employer's nonelective contribution, only participants who have completed a year of service during the Plan year and are actively employed on the last day of the Plan year are eligible to share in the discretionary contribution for the year.

**FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Forfeitures

All amounts forfeited by participants during any Plan period are used to pay safe harbor contributions and any Plan expenses for the period and are reallocated at the end of that period.

Funding Policy

The Plan is designed to invest primarily in Company stock. Other investments are permitted.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contributions, and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 and 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. Loan periods may not exceed five years unless proceeds are used to purchase a primary dwelling. No more than any one loan may be made to a participant in a 12-month period, and no more than two loans may be outstanding for a participant. Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

On termination of service for any reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period of time. A distribution of a participant's benefit may be made in cash or Company stock or both.

Voting Rights

The trustees shall vote for all Company stock held by it as part of the Plan assets.

FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Plan Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Plan Sponsor can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash. As noted in the Payment of Benefits section, the Plan Sponsor buys shares at their current value from terminated participants prior to distribution. Therefore, the put option provision is not currently being used.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Investment Valuation and Income Recognition

The investments are reported at fair value, except for the group annuity contract which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan's investment in mutual funds is valued at fair value. These accounts are valued based on published values in active markets.

The common shares of the Company were valued at fair value on December 31, 2023 and 2022. Fair value is determined by an annual independent appraisal. Investment income is allocated based on participant's compensation. Purchases and sales of securities have not occurred since the ESOP was frozen in 2018.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

Benefits are recorded when paid.

**FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Administrative Expenses

The Plan pays some or all expenses, which primarily include fees for the investment advisor, third-party administrator, and program and administrative fees for recordkeeping services.

Subsequent Events

Management has evaluated subsequent events and their potential effects on these financial statements through the report issuance date of July 31, 2024.

3. INFORMATION CERTIFIED BY CUSTODIAN – UNAUDITED

The investment information other than that related to interest bearing cash and Company stock and disclosed in the accompanying financial statements and supplemental schedule, including assets held at December 31, 2023 and 2022, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan trustees and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Observable inputs such as quoted prices in active markets;

Level 2 – Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and

Level 3 – Unobservable inputs, in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value and contract value. There have been no changes in the methodologies used at December 31, 2023.

Mutual funds: Values are reported at fair value of identical assets traded on an active market. Values are share prices of mutual funds that are received, reviewed, and recorded by the recordkeeper.

FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Common stock: The fair value of the Company stock is determined annually by an independent appraisal. The stated value meets the requirements as expressed in Section 3(18)(B) of ERISA for adequate consideration, which is the fair value of the asset as determined in good faith by the trustees or named fiduciary pursuant to the terms of the Plan and in accordance with regulations promulgated by the Secretary of Labor. The Plan requires the Company to have a valuation performed on a yearly basis and is subject to change from year to year.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Investment Assets at Fair Value as of December 31, 2023				
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)			Total
		Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments measured at FV:				
Interest-bearing cash	\$ 84,901	\$ -	\$ -	\$ 84,901
Mutual funds	4,501,973	-	-	4,501,973
Plan Sponsor common stock	-	-	4,628,960	4,628,960
	<u>\$ 4,586,874</u>	<u>\$ -</u>	<u>\$ 4,628,960</u>	<u>\$ 9,215,834</u>

Investment Assets at Fair Value as of December 31, 2022				
Description	Quoted Prices in Active Markets for Identical Assets (Level 1)			Total
		Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Investments measured at FV:				
Interest-bearing cash	\$ 225,676	\$ -	\$ -	\$ 225,676
Mutual funds	3,462,162	-	-	3,462,162

	<u>\$ 3,687,838</u>	<u>\$ -</u>	<u>\$ 4,484,305</u>	<u>\$ 8,172,143</u>

Total investment assets at fair value, classified within Level 3, were \$4,628,960 as of December 31, 2023, which consisted of FirstBanc of Alabama, Inc. common stock. Such amounts were 50% of total investment assets on the statement of net assets available for benefits at fair value as of December 31, 2023.

FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Total investment assets at fair value, classified within Level 3, were \$4,484,305 as of December 31, 2022, which consisted of FirstBanc of Alabama, Inc. common stock. Such amounts were 55% of total investment assets on the statement of net assets available for benefits at fair value as of December 31, 2022.

5. TAX STATUS

The Plan has received a determination letter from the IRS dated April 14, 2015, stating that the Plan is qualified under the IRS, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRS; therefore, the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Company has taken a significant uncertain position that more likely than not would not be substantiated upon examination by the IRS. The Plan has determined that it does not have any positions at December 31, 2023 and 2022, that it would be unable to substantiate.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed interest contract managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such employees receive compensation from the Plan. Administrative expenses are paid directly by the Plan unless paid by the Company.

7. INVESTMENTS IN COMMON STOCK

The Plan's investments in common stock of the Plan Sponsor, at December 31, consist of the following:

	2023		2022	
	Allocated	Unallocated	Allocated	Unallocated
Number of shares	28,931	-	28,931	-
Cost	**	\$ -	**	\$ -
Market	\$ 4,628,960	\$ -	4,484,305	\$ -

**FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

8. UNCERTAINTIES

The Plan invests in various investment securities and common stock of the Plan Sponsor. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive group annuity contract (FBRIC) with Empower Annuity Insurance Company (Empower Annuity) formerly, Great-West Life & Annuity Insurance Company. Empower Annuity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The credit rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed quarterly for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria, and is, therefore, reported at contract value. Contract value is the relevant measurement for FBRIC's because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

**FIRSTBANC OF ALABAMA, INCORPORATED 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.
