Independent Auditor's Report

Henderson Stamping and Production, Inc.

Henderson, TN 38340

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Henderson Stamping and Production, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

A handwritten signature in blue ink that reads "ATA, PLLC".

The following brief description of the Henderson Stamping and Production, Inc. 401K Profit Sharing Plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

A. General

The Plan is a defined contribution plan covering all full time (defined as 1,000 hours in the plan year) employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each participant may contribute up to the maximum percentage allowed by the IRS for the plan year (January 1 to December 31). The Company safe-harbor match is 100% of deferrals up to 4% of compensation. The Company is also permitted to make discretionary profit-sharing contributions to the Plan.

C. Participants' Accounts

Each participant account is credited with the participant's contribution and allocation of the Company's contribution and plan earnings. Allocations are based on participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are always 100% vested in safe harbor matching contributions. A participant is 100 percent vested after six years of credited service for non-safe harbor contributions.

E. Forfeitures

Forfeitures of non-vested employer match account funds are used to reduce future employer match contributions. The unallocated and unused forfeitures are invested in a non-interest-bearing cash account. Forfeitures used during 2023 and 2022 were \$0 and \$2,086 respectively.

F. Investment Options

Plan participants are permitted to direct their employee and employer match contributions into one of several mutual funds, common/collective trust accounts, and a fixed annuity maintained by Empower Trust Company.

G. Payments of Benefits

On termination of service, a participant will receive a lump-sum amount equal to the value of the vested balance in his or her account.

H. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, the interests of all participants and beneficiaries accrued to the date of the termination become non-forfeitable.

I. Payment of Plan Expenses

The employer pays certain Plan expenses including the audit fee.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

J. Participant Notes Receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes fund. Loan terms range from one to five years or up to twenty-five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate equal to "prime" plus one percent (1%). Principal and interest are paid ratably through monthly payroll deductions. On December 31, 2023 interest rates ranged from 1.02% to 9.5% on outstanding loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Method of Accounting

The financial statements are prepared on the accrual method of accounting in that revenues are recognized when earned and benefit payments are expensed when paid. Allocations of the Plan's assets to the participant accounts include accrued employer contributions in accordance with the provisions of the plan.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

All assets of the Plan are maintained in mutual funds, common/collective trust accounts, or a fixed annuity account at Empower Trust Company and reported at fair value. See Note 7 for additional information. Participant notes receivable are valued at remaining principal balance, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when earned.

D. Income Taxes

Effective January 1, 2021, the Employer adopted the FIS Business Systems LLC Prototype Non-Standardized 401(K) Profit Sharing Plan. That Plan received a favorable determination letter as of June 30, 2020. Management believes the amendments would not affect the qualified status of the Plan and therefore, the Plan qualifies under Internal Revenue Code Section 401(a) and the trust is exempt from federal income taxes. The Company is required to file and does file Form 5500 with the Internal Revenue Service.

E. Date of Management's Review

Subsequent events were evaluated through August 22, 2024, which is the date the financial statements were available to be issued.

NOTE 3 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are administered by Empower Trust Company and Voya Life Insurance Company. Empower Trust Company and Voya Life Insurance Company are the Plan asset custodians. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 4 - INVESTMENTS

The following is a summary of the information included in the accompanying Plan's financial statements and financial schedule, which were prepared by the custodian of the Plan assets and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

- A) Investments at the beginning and end of the year.
- B) Changes in net assets resulting from investment activities.
- C) Information included in the supplemental schedule of assets held at end of year.
- D) Contract value of the guaranteed investment contract for 2022.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 – TERMINATED PARTICIPANTS

As of December 31, 2023 and 2022, no amounts were allocated to persons who have elected to withdraw from the plan but have not been paid.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, inputs other than quoted prices that are observable for the asset or inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2023 and 2022.

The mutual funds and fixed annuities are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at year end.

Common/collective trusts are valued at the net asset value (NAV) of units held. The NAV, as provided by the trustee of the common/collective trust accounts, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the common/collective

NOTES TO FINANCIAL STATEMENTS

trust accounts less its liabilities. This practical expedient is not used when it is determined to be probable that the common/collective trust accounts will sell for an amount different than the reported NAV. The common/collective trust accounts provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

For 2022, the fair value of the pooled separate accounts for which quoted market prices are not available are valued based on the quoted net asset values of the underlying securities. The insurance contract is valued based on the approximate amount that would have been paid if the contract had been terminated as of the last day of the reporting period and potential surrender charges and market value adjustments were applied as of such date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<u>Fair Value Measurements:</u>
