Plan Administrator
GeoLogics Corporation 401(k) Profit Sharing Plan
Alexandria, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GeoLogics Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GeoLogics Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting described in Note 2.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GeoLogics Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances.

Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GeoLogics Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the GeoLogics Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GeoLogics Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of GeoLogics Corporation (Company) 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) retirement plan covering substantially all employees of the Company who are age 18 or older. Nonresident aliens are excluded from participation in the Plan. The Company's Board of Directors is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Board of Directors. Principal Trust Company serves as the trustee of the Plan ("Trustee"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants are eligible to enter into a salary deferral agreement with the Company as defined in the plan document. Participants are automatically enrolled to defer 6% of eligible compensation unless otherwise elected by the participant. Automatic deferral generally occurs on or about the 45th day following employment or re-employment. Participants may contribute compensation, as defined in the plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company, at its discretion, may make matching contributions on participants' contributions in an amount to be determined by the Board of Directors. The Plan also permits the Company to make discretionary non-elective contributions. For the year ended December 31, 2023, the Company matched 50% of the first 9% of compensation contributed, with a maximum Company contribution of \$3,000 for each participant who was employed with the Company on the last day of the plan year and who accumulated 1,000 hours of service in the plan year. Class P employees were excluded from this matching contribution. The Company's matching contribution net of forfeitures for the year ended December 31, 2022, totaled \$175,752 and was deposited into the Plan in March 2023. The Company's matching contribution net of forfeitures for the year ended December 31, 2023, totaled \$167,908, and was deposited into the Plan in March 2024. That contribution will be recognized by the Plan in 2024 in accordance with the modified cash basis of accounting. There were no discretionary non-elective contributions in 2023. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds, and a stable value common collective trust fund.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings (losses), and charged with benefit payments and transaction fees related to notes receivable from participants and distributions and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

GeoLogics Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is based on years of service. A participant is 33% vested after one year of service, 66% vested after two years of service, and 100% vested after three years of service. If a participant dies, becomes disabled, or reaches early retirement age (as defined by the Plan), the participant becomes 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate as listed in *The Wall Street Journal* on the date the loan is taken. At December 31, 2023, outstanding loans bore interest ranging from 3.25% to 8.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, retirement, disability or death, a participant may elect to receive a lump sum amount equal to the vested value of their account. Hardship distributions are available upon demonstration of financial hardship with limitations as defined in the Plan. In-service distributions are available from fully vested sources after the participant reaches the age of 59½.

Forfeited Accounts

Forfeitures are used to reduce Company contributions and pay administrative fees. At December 31, 2023 and 2022, forfeited nonvested accounts were \$21,307 and \$15,484, respectively. During 2023, \$15,389 of forfeited accounts were used to reduce Company contributions and \$578 was used to pay administrative fees.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared on the modified cash basis; investment income (loss) and contributions are recognized when received and disbursements are recognized when made. Additionally, investment securities are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting may require management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

GeoLogics Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through August 16, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. There is a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore, requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

GeoLogics Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Common Collective Trust Funds

These funds are valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Stable Value Collective Trust Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2023 and 2022:

December 31, 2023				
Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Fair Value				
Mutual funds	\$ 12,713,850	\$ 12,713,850	\$	\$
Total assets in the fair value hierarchy	12,713,850	\$ 12,713,850	\$ -	\$ -
Investment measured at NAV ^(A)	10,433,202			
Investments at fair value	\$ 23,147,052			
December 31, 2022				
Fair Value Measurements Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
Fair Value				
Mutual funds	\$ 11,181,884	\$ 11,181,884	\$	\$
Total assets in the fair value hierarchy	11,181,884	\$ 11,181,884	\$ -	\$ -
Investment measured at NAV ^(A)	9,970,803			
Investments at fair value	\$ 21,152,687			

(A) In accordance with the modified cash basis, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

GeoLogics Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	<u>Fair Value at December 31, 2023</u>	<u>Fair Value at December 31, 2022</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust funds	\$ 8,765,284	\$ 8,128,618	None	Immediate	None
Stable value collective trust fund	\$ 1,667,918	\$ 1,842,185	None	Immediate	None

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Unaudited Information Certified by the Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2023 and 2022 and for the year ended December 31, 2023 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 23,147,052	\$ 21,152,687
Notes receivable from participants	\$ 70,248	\$ 158,779
Net appreciation in fair value of investments	\$ 3,400,418	
Interest and dividends	\$ 194,992	
Interest income on notes receivable from participants	\$ 6,171	

Note 5. Exempt Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Principal Life Insurance Company (Principal) and a stable value collective trust managed by Principal Trust Company. Principal is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee or its affiliates by the Plan for administrative services and participant initiated transactions were \$54,941 for the year ended December 31, 2023.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

GeoLogics Corporation 401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirement of the Internal Revenue Code (IRC). The Plan is relying on the IRS approval of the non-standardized pre-approved plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated June 30, 2020 that the non-standardized pre-approved plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

The modified cash basis requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 23,217,300	\$ 21,311,466

Net assets available for benefits per the Form 5500	<u>\$ 23,217,321</u>	<u>\$ 21,487,218</u>

The following is a reconciliation of the net change in net assets per the financial statements to the Form 5500 for the year ended December 31, 2023:

Change in net assets available for benefits per the financial statements	\$ 1,905,834
Change in accrued interest on notes receivable from participants	21
