Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MURPHY MILLER & BAGLIERI LLP**

(2) EIN: **20-1689274**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

Independent Auditor's Report

To the Trustees and Participants
McCann Systems 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the McCann Systems 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the McCann Systems 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the McCann Systems 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the McCann Systems 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the McCann Systems 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the McCann Systems 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description:

The following description of McCann Systems 401k Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all eligible employees of McCann Systems, LLC (the "Company") who are at least age 21 and have completed 60 days of employment at the Company. Part-time, temporary and seasonal employees must complete one year of eligible service. A year of eligibility service is accomplished after completing 1,000 hours of service during the first twelve months of employment or in any following calendar year. Effective January 1, 2021, the Plan allows long-term, part-time employees who work at least 500 hours in three consecutive years, and have attained age 21, to participate in the Plan starting in 2024. Under the SECURE Act 2.0, this provision was revised to shorten the eligibility period from three years to two years. Effective January 1, 2023, the Plan must allow long-term, part-time employees who work at least 500 hours in two consecutive years, and have attained age 21, to participate in the Plan starting in 2025. The initial three year rule still applies to those employees who meet the requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE Act 2.0:

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. The provisions affect 2023 plan years as well as future years. Since the provisions include both required and optional elements, the Plan administrator will review and determine the provisions to elect. The provisions adopted by this Plan have been reflected in the appropriate accounting policy disclosure.

Participant accounts:

Each participant's account is credited or charged with the participant's contributions, the Company's contributions and allocations of the Plan's earnings or losses. Allocations are based on participant earnings or account balances, as defined. All accounts are participant-directed. The benefit to which a participant is entitled upon termination of employment is equal to the vested benefit in the participant's account.

Notes receivable to participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by their vested account balances and bear interest at prime plus 1%. The term of the loan may not exceed five years, except for loans made for the purchase of a primary residence. Loans are repaid by salary deductions. An allowance for credit losses at December 31, 2023 and an allowance for doubtful accounts at December 31, 2022 was not deemed necessary.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description (continued):

Employee contributions:

Participants may make voluntary pre-tax contributions and after-tax Roth contributions up to the lesser of 100% of eligible compensation or the dollar limits permitted by the Internal Revenue Code. Participants may stop making contributions at any time and may increase or decrease the percentage of compensation as of each payroll. Compensation for Plan purposes is defined as all amounts paid to the employee and subject to income tax excluding certain compensation paid after employment termination with exceptions, unused accrued bona fide vacation, sick time or other leave and is limited to the maximum compensation dollar limit set by the Internal Revenue Service. The Plan also allows for participant catch-up contributions as applicable.

A participant may make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred from other qualified savings plans in which employees participated prior to their employment with the Company.

Employer contributions:

The Company may make a flexible discretionary matching contribution to eligible participants as determined by the Company. The Company may also make non-elective profit sharing contributions which are at the discretion of the Company. Profit sharing contributions are allocated based on the relationship of each participant's compensation to the total compensation of all participants. To participate in the profit-sharing contribution, the participant must be employed on the last day of the year or have completed at least 500 hours of service during the Plan year. No profit sharing contributions were made for the years ended December 31, 2023 and 2022.

Payment of benefits:

Participants are entitled to distributions of their vested benefits upon retirement, death, disability, termination of employment or termination of the Plan. Upon retirement, distributions are made in a single lump-sum payment unless the participant delays the distribution and are subject to minimum distributions. Upon separation from service other than for retirement, the entire vested account balance is distributed to the participant when requested by the participant. If the participant is under age 59 ½ at the time of distribution, the participant may be liable for an additional 10% tax on the distribution. SECURE 2.0 increased the age to start taking required minimum distributions from age 72 to 73 beginning in 2023. Previously, the original SECURE Act increased the age from 70½ to 72. Effective January 1, 2022, a participant may request a distribution of up to \$5,000 per child as a Qualified Birth or Adoption Distribution (QBAD), provided certain conditions are met. In the event of death, participants become 100% vested.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description (concluded):

Vesting:

Participants are 100% vested in their voluntary contributions plus actual earnings and losses thereon at all times. Vesting in the Company's contributions plus actual earnings and losses vest proportionally over a period of six years. The vesting percentage increases 20% per year after the first two years of service. Normal retirement is at age 65 with 100% vesting.

Forfeitures:

If a participant terminates employment before being fully vested, a portion of the employer contribution will be forfeited. Forfeitures are used to reduce future employer matching contributions and can be used to pay administrative fees. There were \$1,021 and \$3,027 of forfeitures available to be used at December 31, 2023 and 2022, respectively. During 2023 and 2022, \$10,405 and \$10,761 of forfeitures were used to reduce employer matching contributions, respectively.

Hardship distributions:

Participants may request a distribution based on financial hardship.

Excess contributions:

The Plan issued refunds of excess contributions in the amount of \$10,113 and \$18,501 for the years ended December 31, 2023 and 2022, respectively. The excess contributions were a result of the discrimination testing performed on the Plan.

Note 2 - Summary of significant accounting policies:

Basis of presentation:

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies (concluded):

Investment valuation and income recognition:

The participants direct how their account balance will be invested. The participants select from Company chosen investments including a menu of pooled separate accounts or a benefit responsive investment contract. Individual accounts are maintained for each participant. The accounts are valued on a daily basis at quoted market prices. Investments are stated at fair value except for its benefit responsive investment contracts, which is stated at contract value (see Note 6). Fair value is the unit valuation of each fund at year-end as determined on the open market and includes interest and dividend income and appreciation (depreciation) in the Plan's assets.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded when earned. The cost of investments sold is determined on the basis of identified cost. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of benefits:

Benefits are recorded when paid. As of December 31, 2023 and 2022, there were no amounts due to participants who elected to withdraw from the Plan.

Note 3 - Risk concentrations:

The Plan permits loans to participants. These loans are classified on the statements of net assets available for benefits as notes receivable from participants. Concentrations of credit risk with respect to notes receivable from participants are limited due to the fact that participant loans are secured by their vested account balances and that loans are repaid from salary deductions. No allowance for credit losses was recorded as of December 31, 2023 and no allowance for doubtful account was recorded as of December 31, 2022.

Note 4 - Tax status:

The Plan is a prototype defined contribution plan, sponsored by Voya Retirement Insurance and Annuity Company ("Voya"), the third party administrator. Voya received a favorable IRS opinion letter, dated June 30, 2020, which stated that the Plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Tax status (concluded):

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 5 - Fair value measurements:

The Plan adopted the guidance in FASB ASC Topic 820 on fair value measurements. This guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820-10 are as follows:

Basis of Fair Value Measurement:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The valuation methodology used for the investments is as follows: pooled separate accounts are valued using the net unit value, which is based on the fair value of the underlying assets of the account (the fair value is generally determined by the quoted market price of the underlying investments). There have been no changes in the methodology used at December 31, 2023 and 2022.

Note 5 - Fair value measurements (concluded):

The following table presents the Plan's investment assets at fair value, by level within the fair value hierarchy, as of December 31, 2023:

<u>Description</u>	<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>	<u>Total 12/31/23</u>

The following table presents the Plan's investment assets at fair value, by level within the fair value hierarchy, as of December 31, 2022:

Total investments at fair value	<u>\$7,055,715</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$7,055,715</u>

Note 6 - Investment contracts with insurance companies:

The Plan entered into a benefit-responsive investment contract (Voya Fixed Account) with Voya Retirement Insurance and Annuity Company ("VRIAC"). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. VRIAC maintains the contributions in general accounts which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. VRIAC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The Voya Fixed Account is an obligation of VRIAC's general account which supports all of their insurance and annuity commitments and is valued at \$955,304 and \$909,942 at December 31, 2023 and 2022, respectively.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 - Investment contracts with insurance companies (concluded):

Certain events limit the ability of the issuer to transact at contract value. VRIAC may terminate the Contract after completion of a certain number of years, without application of any otherwise required market value adjustment or contract surrender charge. Contracts can limit the amount available for benefits from the Voya Fixed Account to a percentage of the account value. Transfers from the Voya Fixed Account are subject to certain restrictions specifically an "equity wash" provision, but the contract permits plans with no competing investment options to allow transfers from the Voya Fixed Account at any time without limitations or restrictions. Additional limitations on the movement of amounts from the Voya Fixed Account may apply prior to any contract withdrawal or surrender. After the completion of five contract years, the contract may be terminated with 90 days' written notice and pay out the full value without assessing contract termination fees or charges. No event would result in the Plan not being able to receive contract value over a five-year installment period. The issuer reserves the right to limit the aggregate transfers to the Voya Fixed Account in any calendar year to 20% of the value of all other plan investment options as of January 1 of such calendar year.

Market value adjustments and surrender charges could limit the ability of the Plan to initiate/complete a transaction at contract value and result in an adjustment to the net asset value. Surrenders from the Voya Fixed Account would either be subject to a market value adjustment or paid in installments as elected by the contract holder. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 7 - Related party transactions:

Certain Plan investments are in shares of pooled separate accounts and an insurance company general account managed by the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 8 - Plan termination:

Although management has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

McCANN SYSTEMS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9 - Plan and administrative expenses:

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Expenses that are paid by the Company are excluded from these financial statements.

Investment related expenses are included in realized and unrealized net appreciation (depreciation) in fair value of investments. Fees related to the administration of notes receivable from participants and benefit payments to participants are charged directly to the participant's account and are included in administrative expenses.

Note 10 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Note 11 - Certified investments:

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA- required supplemental schedule, including investments at fair value and contract value and notes receivable from participants held at December 31, 2023 and 2022, and net realized and unrealized appreciation in fair value of investments, interest and dividend income, and interest income – notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company (the trustee of the Plan).

Note 12 - Subsequent events:

Date of management evaluation:

Management has evaluated subsequent events through August 20, 2024, the date on which the financial statements were available to be issued.
