INDEPENDENT AUDITOR'S REPORT

To the Management Committee
Hi-Lo Industries, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hi-Lo Industries, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

HI-LO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the Hi-Lo Industries, Inc. 401(k) Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions. The Investment Committee is responsible for oversight of the Plan, determination of the appropriateness of the Plan's investments offerings and monitors investment performance.

Eligibility - The Plan is a defined contribution plan, subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA), covering all employees other than reclassified employees, of Hi-Lo Industries, Inc. (Company). Employees become eligible to participate in the Plan when they have completed 60 days of service and are age 21 or older. Employees are treated as participants on the first day of the month following the date on which eligibility requirements are met.

Contributions - Each year, participants may make salary deferral contributions on a pre-tax, after-tax or a combination thereof to the Plan, up to 75% of annual compensation, as defined in the Plan, up to the maximum allowed by law (\$22,500 for 2023). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$7,500 for 2023). Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants may direct the investment of their contributions into various investment options offered by the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. The discretionary Company match is 50% of the first 4% of an employees' contributions.

The Plan utilizes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contribution invested in a designated balanced fund until changed by the participant.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's contribution, (b) Plan earnings and (c) administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. A participant is fully vested in the Company's contributions after six years of credited service or upon normal retirement age, disability, or death.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments for required minimum distributions only. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the participant's account balance is less than \$5,000, there will be a mandatory lump-sum distribution.

HI-LO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN (CONTINUED)

Forfeitures - Forfeitures are used to reduce first the Plan's ordinary and necessary administrative expenses then to reduce the Company's matching contribution. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$3,812 and \$5,222, respectively. In 2023, forfeitures of \$8,045 were used to reduce the Plan's matching contribution.

Normal Retirement - Normal retirement age is 65.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and the Use of Estimates - The financial statements of the Plan are prepared under the accrual method of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net change includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Benefit Payments - Benefits are recorded when paid.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction in contributions. The Plan distributed the 2023 excess contribution to the applicable participants prior to March 15, 2024.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Some investment related expenses may be included in net change in fair value of investments.

Subsequent Events - These financial statements considered subsequent events through July 30, 2024, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY CAPITAL BANK AND TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that was prepared by or derived from information provided by Capital Bank and Trust Company (CBT), a qualified institution, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from CBT that information provided to the Plan Administrator by CBT related to the following is complete and accurate.

HI-LO INDUSTRIES, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

3. INFORMATION CERTIFIED BY CAPITAL BANK AND TRUST COMPANY (UNAUDITED) (CONTINUED)

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the fair values in Note 4, and the fair values in the supplemental schedule related to the following:

	<u>2023</u>	<u>2022</u>
Investments at fair value:		
Mutual funds	<u>\$ 5,656,406</u>	<u>\$ 4,277,130</u>

CBT also certified to the completeness and accuracy of \$709,948 of net change in fair value of investments and dividends and interest income of \$169,515 related to the aforementioned Plan assets for the year ended December 31, 2023.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The guidance describes three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds - These investments are valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the pooled separate accounts and, consequently, the fair value of the Plan's investments.

The fair value at December 31, 2023 and 2022, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by CBT, are as follows:

	Fair Value as of December 31, 2023			Fair Value (Unaudited)
	Level 1	Level 2	Level 3	
Investments: Mutual funds	<u>\$ 5,656,406</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 5,656,406</u>
	Fair Value as of December 31, 2022			Fair Value (Unaudited)
	Level 1	Level 2	Level 3	
Investments: Mutual funds	<u>\$ 4,277,130</u>	<u>\$ --</u>	<u>\$ --</u>	<u>\$ 4,277,130</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by CBT (party-in-interest) and therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from 0.04% to 0.83% percent, as of December 31, 2023. The Plan paid \$11,728 for administrative expenses for the year ended December 31, 2023.

6. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the interests of the participants in the Plan shall be fully vested at the time of termination, and CBT shall liquidate all assets of the Plan and continue to administer the Plan in accordance with its provisions until all obligations have been satisfied.

7. TAX STATUS

The Plan adopted a non-standardized defined contribution plan designed to qualify under Section 401 of the Internal Revenue Code (IRC). The Plan has received a favorable determination letter for the prototype non-standard plan dated June 30, 2020, of which the Plan is relying upon, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

7. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	2023	2022
