Independent Auditor's Report

To the Plan Administrator
Nakupuna Foundation Family of Companies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Nakupuna Foundation Family of Companies Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Nakupuna Foundation Family of Companies Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nakupuna Foundation Family of Companies Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nakupuna Foundation Family of Companies Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nakupuna Foundation Family of Companies Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nakupuna Foundation Family of Companies Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (Continued)

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Nakupuna Foundation Family of Companies Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1: Description of Plan

The following description of Nakupuna Foundation Family of Companies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution retirement plan established by Na Alii Consulting and Sales, LLC (the Company) under a prototype plan sponsored by Ascensus Trust Company. The Plan generally covers substantially all employees of the Company and its related entities: Na Alii Consulting and Sales LLC, Nakupuna Solutions, LLC, Nakupuna Consulting LLC, Nakupuna Services, LLC and Nakupuna Foundation. Eligible employees may participate in elective deferrals with immediate entry dates and will qualify for the employer matching contribution provisions of the Plan. Eligible employees will also participate in the employer discretionary profit sharing contributions if they are employed on the last day of the Plan year. The Plan qualifies under Section 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions: The Plan generally allows eligible employees to contribute an amount not to exceed the lesser of 100% of their compensation or an amount which, when added to other additions (exclusive of earnings) to the participant's account in any plan year, does not exceed the maximum limitation on annual additions to a participant's account under applicable provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participant contributions are made through payroll deductions. Participants have the opportunity to change their investment combinations daily. The Plan has an automatic enrollment feature whereby a participant who meets the eligibility requirements of the Plan will have an initial percentage of their pay withheld, unless the participant elects to decline enrollment. Under the provisions of automatic enrollment, a participant's initial contribution level is 6% and will increase by 1% for each subsequent year of participation up to a maximum of 10% of salary. In addition to the pre-tax contributions that an eligible employee can make, the Plan also provides an option for after-tax contributions to a Roth account. Participants may also contribute amounts representing distributions from other qualified retirement plans. Each participant designates the percentage of their contribution which is to be invested in one or more of the available investment fund options.

Employer Contributions: The Company, under the safe harbor matching provisions of the Plan, is required to make a matching contribution equal to 100% of the first 3% of a participant's annual compensation. The Company may also make discretionary profit sharing contributions to the Plan, as determined annually by the Company, to eligible participants if they are employed at the end of the Plan year or have terminated employment during the Plan year as a result of retirement, death or disability. For the years ended December 31, 2023 and 2022, there were discretionary profit sharing contributions of \$3,667,863 and \$2,557,607, respectively.

Participant Accounts: Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and Plan earnings and losses and administrative expenses. Plan earnings and losses are allocated based on the account balances of the participants. The benefit to which a participant is entitled is that which can be provided from the participant's vested account balance. All Plan assets as of December 31, 2023 and 2022, with the exception of the forfeiture account and employer contributions receivable have been allocated to participant accounts.

Note 1: Description of Plan (Continued)

Vesting: Participants are immediately vested in all their contributions and investment earnings thereon. Employer safe harbor contributions are fully vested and non-forfeitable when such contributions are made to a Participant's account. Discretionary employer profit sharing contributions are vested after five years of service, with vesting at 20% per year after one year of service. In the event of death, disability, or retirement, a participant's interest is immediately fully vested in the employer discretionary contributions and related earnings under terms set forth in the Plan agreement.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 and up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balances in the participant's account and bear interest at prevailing rates for similar loans as determined by the Plan administrator and are carried at their outstanding principal balance. Repayments are generally made through payroll deductions. A participant may have only one loan outstanding at any one time.

Payment of Benefits: Upon termination of employment, a participant may elect to have vested Plan benefits distributed as a lump-sum payment or in installment payments. Distribution of a deceased participant's account will be made to the designated beneficiary. Account balances that are equal to or less than \$1,000 will be distributed in a lump sum amount and account balances equal to or less than \$5,000 will be rolled into an IRA account, excluding rollover account balances. Participants are generally required to take minimum distributions upon reaching the age of 72. In-service withdrawals are permitted after a participant has attained 59½ years of age. Hardship withdrawals by a participant are permitted if specified criteria are met.

Forfeitures: The non-vested portion of a participant's account balance is generally forfeited upon termination of employment. Forfeitures can be used to pay administrative expenses or reduce future employer contributions. During the years ended December 31, 2023 and 2022, \$102,337 and \$92,393, respectively, from forfeited non-vested accounts were used to reduce administrative expenses. During the years ended December 31, 2023 and 2022, \$180,904 and \$190,282, respectively, were used to reduce employer contributions. As of December 31, 2023 and 2022, forfeited non-vested participant accounts totaled approximately \$135,614 and \$207,385, respectively.

Note 2: Summary of Significant Accounting Policies

Following is a description of the significant accounting and reporting policies of the Plan:

Basis of Presentation: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition: The Plan trustees are responsible for oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance. Investments are reported at fair value except for fully-benefit responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully-benefit responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Contributions: Contributions from participants, including any related employer matching contributions, are recorded in the period the employer withholds payroll deductions from Plan participants. Employer profit-sharing contributions are recorded in the period when the contribution is approved by the Company's management and collectability is reasonably assured.

Payment of Benefits: Benefit payments are recorded when paid to participants.

Subsequent Events: In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 15, 2024, the date the financial statements were available to be issued. During the period January 1, 2024 through August 15, 2024, the Plan did not have any material recognizable subsequent events.

Note 3: Fair Value Measurements

Generally Accepted Accounting Principles (GAAP) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements
December 31, 2023 and 2022

Note 3: Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for Plan investments measured at fair value. There has been no change in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds are required to publish their daily net asset values (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets that are to be reported at fair value. The table below presents the assets measured at fair value on a recurring basis by level within the hierarchy as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 54,215,382	\$ -0-	\$ -0-	\$ 54,215,382
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,832,902	\$ -0-	\$ -0-	\$ 32,832,902

Note 4: Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan, except to compare such information to information included in the Plan's financial statements and supplemental schedule.

**Nakupuna Foundation Family of Companies Retirement Plan

Note 4: Information Certified by the Plan Trustee (Continued)

Certain information reported in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was derived from information certified as complete and accurate by Ascensus Trust Company.

Note 5: Collective Investment Trust

The MetLife GAC-25157 Class 0 fund (the Stable Value Fund), invests in a fully benefit responsive collective investment trust and is managed by Reliance Trust Company. The collective investment trust holds assets that are invested with insurance companies and other financial institutions.

The crediting rate is the periodic rate of return accrued to participants and is either set at the beginning of the contract and held constant or reset periodically to reflect the performance of the underlying securities. Variables impacting the future crediting rates include current yield and duration of the assets backing the contracts, existing differences between the market values of assets backing the contracts and the contract values of the contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Stable Value Fund at contract value. Certain events limit the Plan's ability to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such event is probable.

Note 6: Notes Receivable from Participants

As of December 31, 2023 and 2022, 87 and 53 participants, respectively, were indebted to the Plan in the total amount of \$704,091 and \$486,125, as the result of loans made to them by the Plan. The loans are evidenced by promissory notes bearing interest at various rates ranging from 4.25%-9.50% per annum, and are payable in installments, the latest of which is due in March 2031. The notes are fully secured by the participants' vested account balances.

Note 7: Plan Termination

The Company has the right under the Plan agreement to discontinue their contributions at any time and to terminate the Plan, subject to applicable statutory provisions. In the event of termination, all participants will become fully vested. The Company has not indicated any intention to terminate the Plan.

Note 8: Income Tax Status

The Internal Revenue Service has ruled, in a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan, as amended, established by Ascensus Trust Company, qualifies under applicable sections of the Internal Revenue Code. An employer who adopts this plan is generally considered to have a plan that is also qualified. The Plan's administrator and the Plan's sponsor believe that the Plan is designed and currently operating in compliance with the applicable requirements of the Internal Revenue Code. The Plan's federal tax returns are subject to examination by the Internal Revenue Service (IRS) generally for a period of three years after the returns are filed.

December 31, 2023 and 2022

Note 8: Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator does not believe that the Plan has any uncertain tax positions. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 9: Parties-in-Interest

The Plan offers various investment options to participants which are managed by The Vanguard Group, Inc., on behalf of Ascensus Trust Company (Ascensus), the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. In addition, Virginia Asset Management, investment advisor, provides various services which qualify as party-in-interest transactions. During the years ended December 31, 2023 and 2022, the Plan paid administrative fees in the amount of \$153,679 and \$131,529, respectively, to The Vanguard Group. Certain officers and employees of the Plan sponsor are administrators of the Plan acting as fiduciaries and are participants in the Plan.

Note 10: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11: Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 12: Reconciliation of Financial Statements to Form 5500

The financial statements of the Plan for the years ended December 31, 2023 and 2022 did not differ from the amounts reported on Schedule H (Financial Information) of Form 5500 (Annual Return/Report of Employee Benefit Plan) filed with the Internal Revenue Service.

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
