INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Heywood Hospital Employee Retirement Savings Plan
Gardner, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Heywood Hospital Employee Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer Opinion

Prior to January 1, 2009, records were maintained at a contract, not a plan level, therefore, management has not maintained, and State Street Bank and Trust and Voya Retirement Insurance and Annuity Company did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the

financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America ("GAAS") and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at Year End) as of December 31, 2022, and schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

HEYWOOD HOSPITAL EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022

1. Description of Plan

The following description of Heywood Hospital Employee Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established on October 1, 1992 and most recently restated April 1, 2020, is a defined contribution plan covering all eligible employees of Heywood Hospital, Heywood Medical Group, Inc., and Athol Hospital (collectively referred to as the “Sponsor” or “Employer”). Employees who are at least 18 years of age and have completed one year and 1,000 hours of service, except for those employees with the Services Employees International Union who elect to receive an annual bonus and HM Physicians, are eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Sponsor’s Board of Trustees.

Contributions

Each year, participants may contribute up to 100% of pre-tax eligible compensation, as defined in the Plan, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans (“rollovers”), as defined by the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

- Effective January 1, 2021, the Sponsor makes a matching contribution of 50% of the first 8% of each eligible non-union participant’s employee contributions made to the Plan.
- Effective January 1, 2022, the Sponsor makes a matching contribution of 50% of the first 8% of each eligible MNA (Massachusetts Nurse Association) union participant’s employee contributions made to the Plan.
- In 2022 the Sponsor made a matching contribution of 50% of the first 4% of each eligible SEIU-UHW (Service Employees International Union-United Healthcare Workers) union participant’s employee contributions made to the Plan.
- Effective January 1, 2023, the Sponsor makes a matching contribution of 50% of the first 8% of each eligible SEIU-UHW union participant’s employee contributions made to the Plan.

Participant accounts

Each participant’s account is credited with the participant’s contributions and the Sponsor’s matching contributions, as well as allocations of plan earnings and expenses. Allocations are based on participant earnings, deferrals, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offers a variety of mutual funds, annuities etc. Participants can change their investment allocations at any time.

Vesting

Participants are vested immediately in their contributions and the Employer's contributions plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance, as defined by the Plan. The number of outstanding loans that a participant can have at one time is two. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.50%, which are at an interest rate of 1% above the Prime Rate, as published by the Wall Street Journal. Principal and interest are paid ratably through periodic payroll deductions over the term of the loan, not to exceed five years (or 10 years if used to purchase a primary residence). Participants are charged a fee when taking out a loan.

Payment of benefits

On termination of service due to death, disability, or retirement or, if actively employed upon reaching age 55 (this was amended as part of the plan restatement on April 1, 2020 and the early retirement age has been subsequently disallowed), a participant may elect several options. An account balance of \$5,000 or less shall be distributed in a lump-sum payment. For account balances greater than \$5,000, the participant may elect to continue to maintain an account balance in the Plan until age 72; elect to receive income from the account through the purchase of an annuity, scheduled cash payments, or periodic cash withdrawals; or receive a lump-sum distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

(note 2, continued)

The investments of the Plan, with the exception of the fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

The Plan's fully benefit-responsive guaranteed investment contracts with New York Life Insurance Company and Voya Retirement Insurance and Annuity Company (Note 5) are valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less withdrawals and expenses.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded upon distribution.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments on the statement of changes in net assets available for benefits. Management and advisory service expenses are included in administrative expenses.

Subsequent event

In preparing these financial statements, the Plan administrator has evaluated events and transactions for potential recognition or disclosure through May 28, 2024, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust ("State Street"), Transamerica Financial Life Insurance Company ("Transamerica"), Voya Retirement Insurance and Annuity Company ("Voya"), and New

York Life Insurance Company (“New York Life”), the custodians of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment income and interest income on notes receivable from participants reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2022. The following is the unaudited information as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that was obtained from data prepared and certified to be complete and accurate by the Plan’s custodians:

	<u>2022</u>	<u>2021</u>
Investments, at fair value	<u>\$ 62,345,665</u>	<u>\$ 74,097,594</u>
Investments, at contract value:	<u>\$ 8,658,747</u>	<u>\$ 8,714,284</u>
Notes receivable from participants	<u>\$ 1,154,370</u>	<u>\$ 1,156,213</u>
Net appreciation in fair value of investments	<u>\$ (14,371,858)</u>	
Interest and dividends	<u>\$ 1,336,135</u>	
Interest income on notes receivable from participants	<u>\$ 52,298</u>	

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, Fair Value Measurement provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1:** Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2:** Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets.
 - quoted prices for identical or similar assets or liabilities in inactive markets.
 - inputs other than quoted prices that are observable for the asset or liability.
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

(note 4, continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Registered Investment Company Funds

Separate accounts that are valued at the unit value, which is determined by the fair value of the underlying mutual funds.

Annuity Contract

Fair value is determined using the discounted cash flow method, which is approximated by contract value.

In 2022 and 2021, the Plan invested in a non-fully benefit-responsive investment contract with Transamerica. The investment contract is considered non-fully benefit-responsive because it restricts the amount and timing of withdrawals at contract value. The contract value of the investment contract with Transamerica at December 31, 2022 and 2021, was \$97,870 and \$140,647, respectively, which approximates fair value.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021.

(note 4, continued)

Assets at Fair Value as of December 31, 2022

5. Insurance Contracts with Insurance Companies

In 2022 and 2021, the Plan invested in fully benefit-responsive investment contracts with New York Life and Voya. New York Life and Voya maintain the contributions in a general account. The accounts are credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contracts at December 31, 2022 and 2021, was \$8,658,747 and \$8,714,284, respectively. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rates are based on a formula agreed upon with the issuers. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by State Street, Transamerica, Voya, and New York Life. State Street, Transamerica, Voya, and New York Life, are the custodians, as defined by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. As disclosed in Note 2, the Plan made direct payments to the third-party administrators of \$150,582 for investment management services and payments of \$35,145 for other unrelated third-party investment advisory services during 2022. These transactions qualify as exempt party-in-interest transactions. The Sponsor pays directly any other fees related to the Plan's operations. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would remain 100% vested in their employer contributions.

8. Tax Status

Currently there is no tax determination letter program for a 403(b) plan. The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan continues to be tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

10. Non-Exempt Party-In-Interest Transactions

During the 2022 Plan year, there were unintentional delays by the Plan in submitting participant contributions and loan repayments in the amount of \$30,985 to the custodian. These delinquent payments constitute prohibited transactions pursuant to DOL regulations.

As of the date the financial statements were available to be issued, late contributions and loan repayments

in the total amount of \$30,985 for the 2022 Plan year were not corrected.

11. Subsequent Events

The management of the Company has evaluated subsequent events for the period of time from their year end of December 31, 2022 through May 28, 2024, the date that the financial statements were available to be issued, for potential recognition and disclosure. There were no material subsequent events that required recognition or additional disclosure in the financial statements other than the events described below. Details regarding material subsequent events are provided below.

In August 2023 the Company finalized the Actual Deferral and Actual Contribution Percentage Tests (“ADP/ACP”) and did not pass the nondiscrimination requirements for 2022. The Company accrued corrective distributions payable of \$86,878 as a reduction of employer contributions and accrued employer contributions receivable of \$309,418 as an increase of employer contributions in the accompanying Statement of changes in net assets available for benefits for the year ended December 31, 2022.

In August 2023, the Company paid employer contributions receivable of \$309,418 and, during 2023, distributed corrective distributions payable of \$86,878 accrued in the accompanying Statements of net assets available for benefits as of December 31, 2022.
