INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Armanino LLP 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Armanino LLP 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Armanino LLP 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Armanino LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Armanino LLP 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Armanino LLP 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedules: (1) Schedule H, line 4i-Schedule of Assets (Held at End of Year) and (2) Schedule H, line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Armanino LLP 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1984, the Plan was established for eligible employees of Armanino LLP and certain related employers (collectively, the "Employer" or the "Firm") and is a defined contribution profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

2. Eligibility

Employees who are at least 18 years of age are eligible to make deferral contributions and receive Employer discretionary matching contributions immediately upon hire. Employees are eligible to receive Employer discretionary non-elective contributions upon the completion of 3 months of service and attainment of age 18, subject to quarterly entry dates. A participant must be employed on the last day of the Plan year, as defined, and have completed 1,000 hours of service to be eligible for an Employer non-elective contribution. Commission based CFO/controller consultants are excluded from receiving employer contributions. Leased employees and interns are excluded from all contributions under the provisions of the Plan.

3. Contributions

Participants may elect to contribute on a tax deferred basis and/or make Roth contributions, up to the maximum deferral limit per Section 402(g)(1) of the IRC. The Plan allows for auto-enrollment, which automatically enrolls new participants into the Plan at a 6% deferral rate, unless a different amount is elected by the participant. Part-time and seasonal employees who work less than 1,000 hours each Plan year are excluded from the automatic deferral feature. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows rollover contributions from other qualified plans and in-plan Roth rollover contributions, as defined in the plan document.

Employer matching or non-elective contributions may be contributed at the discretion of the Firm's partners, subject to certain Internal Revenue Service (IRS) limitations. During the year ended December 31, 2023, the Employer elected to make discretionary non-elective contributions equal to 3% of eligible compensation for all eligible employees, excluding partners whose contributions were based on each of their individual elections. No Employer matching contributions were made during the year ended December 31, 2023.

ARMANINO LLP 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Investment Options

Upon enrollment in the Plan, a participant may direct employee and Employer contributions as desired, in any of a variety of investment options held by Charles Schwab Trust Bank ("Charles Schwab" or the "trustee"), as chosen by the Employer. Participants may also separately manage their investment portfolio through the Charles Schwab Personal Choice Retirement Accounts, which are self-directed brokerage accounts. Participants may change their investment options daily.

5. Participant Accounts

Each participant's account is credited with the participant's contributions, Employer discretionary matching contributions, and allocations of Employer discretionary non-elective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or participant specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

6. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer discretionary contribution portions of participant accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after 6 years of credited service.

7. Benefit Payments

Upon termination of service, participants are entitled to receive their vested account balances in the form of a lump-sum amount. Upon normal retirement age, in the event of death or disability while employed by the Employer, a participant or a participant's beneficiary is entitled to the total value of the participant's account balance. In-service withdrawals are permitted if certain criteria are met. Ad-hoc distributions and installments as optional forms of participant distributions are also allowed.

8. Notes Receivable From Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the excess of the participant's highest outstanding loan balance during the preceding 12 months. Loans must be repaid within 5 years or up to 15 years for the purchase of a primary residence. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Only one loan may be outstanding at any time and loan refinancing is not permitted.

ARMANINO LLP 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A - DESCRIPTION OF THE PLAN (Continued)

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay reasonable Plan expenses or reduce future Employer contributions. Forfeitures at December 31, 2023 and 2022 were \$447,243 and \$344,419, respectively. For the year ended December 31, 2023, forfeited non-vested accounts were used to reduce the 2023 Employer non-elective contributions by \$447,243.

10. Plan Termination

While the Firm has not expressed any intent to terminate the Plan, the Firm reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination, all Employer contribution portions of the participants' accounts become fully vested, and the assets are distributed among the participants of the Plan in accordance with the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and plan administrator. The plan administrator is responsible for carrying out the duties imposed under ERISA.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes gains and losses on investments bought and sold as well as held during the year.

ARMANINO LLP 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

5. **Payment of Benefits**

Benefits are recorded when paid.

6. **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

7. **Recently Adopted Accounting Guidance**

In June 2016, the FASB issued guidance (FASB ASC 326) which significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the company that are subject to the guidance in FASB ASC 326 were employer contributions receivable. Management adopted the standard effective January 1, 2023. The impact of the adoption was not considered material to the financial statements and primarily resulted in new/enhanced disclosures only.

NOTE C - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the trustee, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule:

- Net investment income reflected in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023
- Investments reflected on the Schedule of Assets (Held at End of Year)

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their NAV and to transact at that price. The NAV for mutual funds is a publicly available quoted price in an active market.

ARMANINO LLP 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Self-directed brokerage accounts: Accounts consist primarily of cash, mutual funds, unit investment trusts and common stocks that are valued on the basis of readily determinable market prices.

Collective trust funds: NAV for the common/collective trusts (CCT) are determined by the trustee of the CCT. The fair value of the Plan's interest in the CCTs is based on the underlying unit value reported by the CCT as of the close of business on each valuation date. The NAV per unit is computed by dividing the total assets of the fund, less its liabilities, by the total number of units outstanding. Investment income earned is reinvested in the fund and included in the determination of unit values. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments.

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>

NOTE E - TAX STATUS

The Firm adopted a non-standardized pre-approved profit sharing plan with a money purchase and a cash or deferred arrangement (non-standardized plan) which received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the non-standardized plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature, are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE E - TAX STATUS (Continued)

In 2021, the Employer identified that Intersect Capital, LLC, a participating employer in the Plan, was not a related employer as defined under the control group or affiliated service group rules of ERISA, whereas the Plan should have been considered a multiple employer plan. Additionally, Intersect Capital, LLC should have been tested separately for all compliance and nondiscrimination testing for the period from 2005 to 2020. As a result, in April 2022, a Voluntary Correction Program ("VCP") submission was filed with the IRS that further detailed this matter and the Employer's proposal for correction.

In connection with this submission, two retroactive plan amendments were completed. One amendment, effective December 1, 2004, changes the Plan from a single employer plan to a multiple employer plan. Another amendment removes Intersect Capital, LLC as a participating employer effective December 1, 2021. Furthermore, in 2022 nondiscrimination tests for Intersect Capital, LLC were completed separately for the 2005 to 2020 plan years resulting in testing failures for certain plan years, which required an operational QNEC in the amount of approximately \$65,000. The IRS approved the VCP submission on October 31, 2023.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab Trust Bank, as the trustee of the Plan, processes investment transactions, and holds the Plan's investments. Recordkeeping services are provided by Milliman, Inc. Notes receivable from participants of the Plan and the related interest income are also considered party-in-interest transactions. These transactions qualify as exempt party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE H - ALLOWANCE FOR CREDIT LOSSES

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments – Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions, and reasonable and supportable forecasts. The standard applies to the Plan's Employer contributions receivable.

DECEMBER 31, 2023 AND 2022

NOTE H - ALLOWANCE FOR CREDIT LOSSES (Continued)

Employer contributions are determined discretionarily and by the design of the plan document. Employer contributions are funded to the plan annually. Historically, there has not been any situation where the Plan experienced a loss on any of the receivables associated with employer contributions. Employer contributions receivable at year-end were deposited to the Plan subsequent to year-end. As a result of the aforementioned, management does not believe that there is any risk of credit loss to the employer contributions.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 16, 2024, the date the financial statements were available to be issued.
