INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust

Opinion

We have audited the accompanying financial statements of Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the Delaney Radiologists, P.A. 401(k) Profit-Sharing Plan and Trust (the "Plan") provides only general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Delaney Radiologists, P.A. ("Delaney") and Delaney Radiologists Group, P.L.L.C., which are related through common ownership. Such employees must have one year of service (at least 1,000 hours) and be age 21 or older. Employees who have met these requirements may enter the Plan on the first day of the Plan year or the first day of the fourth, seventh, or tenth months of the Plan year as appropriate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The President of Delaney's Executive Committee, as Plan Administrator, is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Executive Committee.

Contributions

Each year, participants may contribute up to 80% of pretax annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct their contributions into various investment options offered by the Plan. In addition, Delaney has elected to make safe harbor nonelective employer contributions to all eligible participants in an amount equal to 3% of eligible compensation. Additional profit-sharing amounts may be contributed at the option of Delaney's Executive Committee and are invested as directed by the participants. During the year ended December 31, 2023, Delaney made a \$1,293,189 profit-sharing contribution and a \$447,593 safe harbor contribution to the Plan. During the year ended December 31, 2022, Delaney made a \$1,110,901 profit-sharing contribution and a \$390,953 safe harbor contribution to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Delaney's matching contributions, as well as allocations of Delaney's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Delaney's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable From Participants

Participants may borrow a maximum of \$50,000 or 50% of their account balance from their vested fund accounts, whichever is less. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeited Accounts

The following is a summary of the activity in the forfeited non-vested accounts during the years ended December 31:

	<u>2023</u>	<u>2022</u>
Balance, beginning of year	\$ 7,919	\$ 6,348
Used to reduce employer contributions	(7,859)	(6,307)

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make the required repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2023 or 2022 since there were no delinquent accounts.

Payment of Benefits

Benefits are recorded when paid.

December 31, 2023 and 2022

Expenses

Certain expenses of maintaining the Plan, such as audit fees and other participant administrative fees, are paid directly by Delaney and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Administrative expenses of the Plan, as reported in the statements of changes in net assets available for benefits, are primarily discretionary advisory fees charged to the respective participant account.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

Subsequent Events

Subsequent events have been evaluated through August 22, 2024, which is the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

3. INVESTMENTS

The following presents investments as of December 31:

	2023	2022
Cash & cash equivalents	\$ 285,480	\$ 1,230,319
Mutual funds	15,192,039	12,484,700
Self-directed	<u>23,266,778</u>	<u>22,214,355</u>
Total Investments at Fair Value	<u>\$ 38,744,297</u>	<u>\$ 35,929,374</u>

Detailed information is included in the supplemental schedule of assets (held at end of year) on page 15.

The Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated (depreciated) in value as follows for the years ended December 31:

	2023	2022
Mutual funds	\$ 1,710,670	\$ (2,708,260)
Self-directed	<u>2,894,564</u>	<u>(3,772,858)</u>
Net Appreciation (Depreciation) in Fair Value of Investments	<u>\$ 4,605,234</u>	<u>\$ (6,481,118)</u>

4. NON-PARTICIPANT-DIRECTED INVESTMENTS

The Plan has no non-participant-directed investments.

5. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has no investment contracts with insurance companies.

6. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the asset or liability, and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Cash and cash equivalents: Valued at the daily closing price as reported by the fund from an actively traded exchange.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements
December 31, 2023 and 2022

Self-directed brokerage accounts: Accounts consist of cash and cash equivalents, mutual funds, stocks and ETFs, and fixed income investments, such as corporate bonds, municipal bonds, foreign bonds, and fixed rate capital securities. The fixed income investments are valued using inputs other than quoted prices that are observable.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Cash & cash equivalents	\$ 285,480	\$ -	\$ -	\$ 285,480
Mutual funds	15,192,039	-	-	15,192,039
Self-directed	-	23,266,778	-	23,266,778
Total Assets at Fair Value	<u>\$ 15,477,519</u>	<u>\$ 23,266,778</u>	<u>\$ -</u>	<u>\$ 38,744,297</u>

	2022			
	Level 1	Level 2	Level 3	Total
Cash & cash equivalents	\$ 1,230,319	\$ -	\$ -	\$ 1,230,319
Mutual funds	12,484,700	-	-	12,484,700
Self-directed	-	22,214,355	-	22,214,355
Total Assets at Fair Value	<u>\$ 13,715,019</u>	<u>\$ 22,214,355</u>	<u>\$ -</u>	<u>\$ 35,929,374</u>

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company, who is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Certain other Plan investments are shares of mutual funds managed by brokerage services that are custodians of the self-directed participants' investments. These transactions qualify as exempt party-in-interest transactions.

Delaney provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, Delaney has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

9. TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed Delaney by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's Tax Counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. REQUIRED ERISA SCHEDULES

The Plan Trustee has prepared the Form 5500 for the Plan year. The following is a reconciliation of net assets available for benefits per the accompanying financial statements as of December 31 to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the accompanying financial statements	\$ 40,193,545	\$ 37,128,360
Classification differences in:		
Investments - participant loans	152,668	53,384
Receivables - notes receivable from participants	(152,668)	(53,384)
Other receivables	32,685	-
Investments	<u>(32,685)</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u>\$ 40,193,545</u>	<u>\$ 37,128,360</u>

Deemed distributions result when an employee terminates from service, but the participant balance has not been processed and paid out.

The following is a reconciliation of changes in net assets available for benefits per the accompanying financial statements for the years ended December 31 to Form 5500:

	<u>2023</u>	<u>2022</u>
Changes in net assets available for benefits per the accompanying financial statements	\$ 3,065,185	\$ (4,359,665)
Participant rollover contributions	<u>-</u>	<u>45,177</u>
Changes in net assets available for benefits per Form 5500	<u>\$ 3,065,185</u>	<u>\$ (4,314,488)</u>
