INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
of the Opportune LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Opportune LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets Held at End of Year, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Opportune LLP 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan

The following description of the Opportune LLP 401(k) Plan (the "Plan") provides only general information. Users of these financial statements should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan covering all employees of Opportune LLP and related employers (the "Company"). The Plan was adopted and became effective on July 1, 2008 and was most recently amended and restated on November 15, 2023. The *Plan Document* was amended on July 14, 2022 to comply with the provisions of the Setting Every Community Up for Retirement Enhancement Act, the Bipartisan American Miners Act and the Coronavirus Aid, Relief, and Economic Security Act. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan recordkeeper and custodian

Ascensus Inc. (the "Recordkeeper") is the recordkeeper for the Plan, as agent for Ascensus Trust Company, the custodian for the Plan.

Eligibility

Employees are immediately eligible to participate in the Plan on the date of hire as long as they have attained 21 years of age.

Contributions

The Plan provides for voluntary employee contributions expressed as a percentage of the participant's eligible pre-tax compensation or a certain dollar amount, as defined. This contribution is not to exceed the limits set by the Internal Revenue Code ("IRC") which limits the annual amount of salary deferrals that may be made by any participant. Employees who are at least age 50 or will attain age 50 before the end of a calendar year, may elect to defer additional amounts to the Plan as of January 1st of that year.

Effective November 15, 2023, the Plan implemented an automatic deferral feature for newly eligible participants. The Company will automatically withhold 3% of a participant's compensation each payroll period and contribute that amount to the Plan unless the participant makes a contrary election.

The Company has the option to make annual discretionary matching and non-elective contributions in an amount to be determined at the Plan year end as determined by the Company. For 2023, the Company matched 50% of the participant's elective deferrals, up to a maximum of \$10,000 of the participant's deferrals for the Plan year.

Participant accounts

Each participant's account is credited with the participant's contribution, rollover contributions, if any, the Company's matching contribution, and Plan earnings/losses. Each participant's account is charged with an allocation of administrative expenses, if any.

Opportune LLP 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan (Continued)Participant accounts (continued)

Participants direct the investment of their account balances in any of several investment funds. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are 100% vested in their pre-tax contributions and earnings thereon. The Company contributions and earnings thereon vest in accordance with the following:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures of unvested Company matching contributions from terminated participant accounts are used to offset future employer contributions, or to pay expenses of Plan administration, as determined by the Company. For the year ended December 31, 2023, forfeitures totaling \$35,982 were applied to reduce 2023 Company contributions funded during 2024 and forfeitures of \$19,489 were utilized to pay Plan expenses. As of December 31, 2023 and 2022, forfeitures of \$18,559 and \$0, respectively, were available for use.

Notes receivable from participants

Participants are permitted to borrow funds from the balance in their respective accounts subject to a minimum note of \$1,000 and limited to the lesser of 50% of the participant's vested balance or \$50,000. Participant notes bear terms as deemed appropriate by the Plan administrator subject to certain provisions of the Plan and are secured by the participants' account. All notes are amortized over a period not to exceed five years, except for notes used to purchase a primary residence which may be repaid over a longer period.

Benefit payments

Upon termination of employment or retirement, a participant may elect to receive a lump-sum distribution or payments in equal periodic installments based on the valuation of the participant's account as of the date of termination, death or retirement or defer such benefits until a later date.

Opportune LLP 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 1 - Description of Plan (Continued)Benefit payments (continued)

If the value of the participant's account balance is less than \$5,000, the payment will be made in cash in a single lump sum. If the participant's account balance is greater than \$1,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant.

Plan expenses

All reasonable expenses related to plan administration will be paid from Plan assets, except to the extent the expenses are paid by the Company at its discretion. Expenses that are paid by the Company are excluded from these financial statements.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan and participants would be 100% vested.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accounts of the Plan are maintained and the accompanying financial statements are prepared on the accrual basis of accounting. Benefit payments to participants are recorded upon distribution.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the *Plan Document*, upon liquidation of their account balance.

Opportune LLP 401(k) Plan

Notes to Financial Statements

December 31, 2023

Note 2 - Summary of Significant Accounting Policies (Continued)Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Subsequent events

Management has evaluated subsequent events through August 28, 2024, which was the date that the financial statements were available to be issued. See subsequent events disclosed in Note 7.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 – quoted prices in active markets for identical assets or liabilities;
- Level 2 – inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 – unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 - Fair Value Measurements (Continued)

The Plan's investments in a money market fund and mutual funds are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets. This valuation may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation method is considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,728,719	\$ -	\$ -	\$ 2,728,719
Mutual funds	<u>17,844,586</u>	<u>-</u>	<u>-</u>	<u>17,844,586</u>
Total investments	<u>\$20,573,305</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$20,573,305</u>

The following table summarizes the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 2,803,186	\$ -	\$ -	\$ 2,803,186
Mutual funds	<u>13,034,324</u>	<u>-</u>	<u>-</u>	<u>\$13,034,324</u>
Total investments	<u>\$15,837,510</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$15,837,510</u>

Note 4 - Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company.

Note 5 - Income Tax Status

The prototype plan, adopted by the Plan, received its latest favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended since receiving its advisory opinion, the plan administrator believes that the Plan is currently designed and is being operated within the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Notes to Financial Statements

December 31, 2023

Note 5 - Income Tax Status (Continued)

The Plan recognizes in the financial statements the impact of uncertain tax positions taken only if it is more likely than not of being sustained upon examination by the taxing authority based on the technical merits of the position. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-In-Interest Transactions

Notes receivable from participants are managed by Ascensus Trust Company and, therefore, qualify as party-in-interest transactions, as defined by ERISA.

Note 7 - Subsequent Events

For the 2024 Plan year, the Company will match 25% of the participant's elective deferrals, up to a maximum of \$10,000 of the participant's deferrals.
