INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Participants of the
Tidewater Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tidewater Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tidewater Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of Plan

The following description of the Tidewater Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for more complete description of the Plan's provisions.

General

This Plan is a defined contribution plan sponsored by Tidewater Inc. and certain of its subsidiaries (collectively, the Company). All employees except those who are members of a collective bargaining agreement, leased employees, nonresident aliens, or cadet employees are eligible to participate in the Plan. Employees become eligible to participate in the Plan on the first day of the month after attaining age 18 and completing one month of service. Interns and seasonal employees are eligible to participate in the Plan after attaining age 21 and completing 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees are automatically enrolled into the Plan, and pre-tax contributions are withheld at 6% of eligible compensation unless the employee elects differently. The Plan allows for an annual 1% automatic increases of participant pre-tax contributions, on April 1st of each year, up to a maximum of 10%, unless the employee elects differently. For employees who were automatically enrolled into the Plan prior to January 1, 2020, pre-tax contributions are withheld at 8% with annual 1% automatic increases of the participant pre-tax contributions up to a maximum of 15%, unless the employee elects differently. Each participant may elect to make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$22,500 in 2023, plus catch-up contributions of \$7,500 for those participants who are at least 50 years of age.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan allows for in-plan Roth conversions for participants that are currently employed with the Company. In-plan Roth conversions allow participants to transfer amounts from their pre-tax accounts into a Roth account and pay all applicable taxes in the year of the transfer.

The Company may make a discretionary matching contribution on behalf of all eligible employees. The Company elected to contribute discretionary matching contributions of 50% of participants' contributions up to 6% of eligible compensation for the year ended December 31, 2023. For the year ended December 31, 2023, discretionary matching contributions totaled \$982,143. Additionally, the Company may make a discretionary profit-sharing contribution based on a participant's eligible compensation, for eligible participants who have completed at least 501 hours of service and are employed on the last day of the Plan year. There were no discretionary profit-sharing contributions for the year ended December 31, 2023.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers, Company contributions, and earnings or losses on the investments in their account and is charged with administrative expenses and certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings and losses thereon. Vesting for the Company's discretionary matching and profit-sharing contributions vest according to the following table:

Number of Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	64%
3 years or more	100%

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount, equal to the value of the participant's vested interest in their account. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations. If a participant terminates employment and has an account balance less than \$1,000, the participant will automatically receive a lump-sum payment equal to the value of their account. If a participant terminates employment and has an account balance greater than \$1,000 but less than \$5,000, the participant's balance will be rolled over to an individual retirement plan or annuity account.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,610 and \$16,646, respectively. Forfeitures may first be used to pay the administrative expenses of the Plan or used to reduce future Company discretionary contributions. In 2023, \$0 of forfeitures were used to pay administrative expenses and \$18,248 of forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance of their account. A participant may have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a fixed rate of interest. During 2023, notes had fixed rates of interest ranging from 3.25% to 9.50% for the term of the note, not to exceed 5 years unless used to for the purchase of a participant's principal residence. Principal and interest are paid through payroll deductions. Notes become due and payable immediately when a participant terminates employment with the Company.

Administrative Expenses

Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions and are allocated proportionately based on the value of the participant account balances. Note receivable origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. Certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates, and such differences may be material to the financial statements.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. The Company discretionary profit-sharing contributions are considered payable to the Plan when approved by the Company.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 28, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, net increase in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments

Certain Plan investments include shares of mutual funds and the money market fund which is managed by Fidelity. Fidelity is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net increase in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attack, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

Fair value of the common/collective trust fund is determined by prices provided by the trust manager, which is the net asset value (NAV) of the trust (Level 1). NAV is determined by the fair value of the securities in the trust. Participants can trade the common/collective trust fund daily at the published NAV.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 60,636,420	\$ 50,821,529
Common/collective trust fund	8,454,528	9,332,260
Money market fund	1,112,361	900,973
Total investments at fair value	\$ 70,203,309	\$ 61,054,762

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all Company contributions.

6. Income Tax Status

In June 2021, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and Participants of the
Tidewater Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Tidewater Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

1. Description of Plan

The following description of the Tidewater Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, copies of which are available from the plan administrator, for more complete description of the Plan's provisions.

General

This Plan is a defined contribution plan sponsored by Tidewater Inc. and certain of its subsidiaries (collectively, the Company). All employees except those who are members of a collective bargaining agreement, leased employees, nonresident aliens, or cadet employees are eligible to participate in the Plan. Employees become eligible to participate in the Plan on the first day of the month after attaining age 18 and completing one month of service. Interns and seasonal employees are eligible to participate in the Plan after attaining age 21 and completing 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible employees are automatically enrolled into the Plan, and pre-tax contributions are withheld at 6% of eligible compensation unless the employee elects differently. The Plan allows for an annual 1% automatic increases of participant pre-tax contributions, on April 1st of each year, up to a maximum of 10%, unless the employee elects differently. For employees who were automatically enrolled into the Plan prior to January 1, 2020, pre-tax contributions are withheld at 8% with annual 1% automatic increases of the participant pre-tax contributions up to a maximum of 15%, unless the employee elects differently. Each participant may elect to make pre-tax and/or Roth contributions of up to 75% of eligible compensation as defined by the Plan document, not to exceed a maximum of \$22,500 in 2023, plus catch-up contributions of \$7,500 for those participants who are at least 50 years of age.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan allows for in-plan Roth conversions for participants that are currently employed with the Company. In-plan Roth conversions allow participants to transfer amounts from their pre-tax accounts into a Roth account and pay all applicable taxes in the year of the transfer.

The Company may make a discretionary matching contribution on behalf of all eligible employees. The Company elected to contribute discretionary matching contributions of 50% of participants' contributions up to 6% of eligible compensation for the year ended December 31, 2023. For the year ended December 31, 2023, discretionary matching contributions totaled \$982,143. Additionally, the Company may make a discretionary profit-sharing contribution based on a participant's eligible compensation, for eligible participants who have completed at least 501 hours of service and are employed on the last day of the Plan year. There were no discretionary profit-sharing contributions for the year ended December 31, 2023.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Participant Accounts

Each participant account is credited with the participant's contributions, rollovers, Company contributions, and earnings or losses on the investments in their account and is charged with administrative expenses and certain fees related to specific transactions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings and losses thereon. Vesting for the Company's discretionary matching and profit-sharing contributions vest according to the following table:

Number of Years of Service	Vested Percentage
Less than 1 year	0%
1 year but less than 2 years	33%
2 years but less than 3 years	64%
3 years or more	100%

All amounts become fully vested upon the participant's attainment of normal retirement age, disability, or death. Participants who previously participated in predecessor plans may be subject to different vesting schedules.

Payment of Benefits

At the time of death, disability, termination of service, or retirement, the participant or their beneficiary may receive payment of the vested interest in their account in a lump-sum amount, equal to the value of the participant's vested interest in their account. In-service withdrawals of all or part of the participant's vested account, are also permitted for participants who have attained age 59½. The participant's contributions may also be withdrawn for certain hardship situations. If a participant terminates employment and has an account balance less than \$1,000, the participant will automatically receive a lump-sum payment equal to the value of their account. If a participant terminates employment and has an account balance greater than \$1,000 but less than \$5,000, the participant's balance will be rolled over to an individual retirement plan or annuity account.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,610 and \$16,646, respectively. Forfeitures may first be used to pay the administrative expenses of the Plan or used to reduce future Company discretionary contributions. In 2023, \$0 of forfeitures were used to pay administrative expenses and \$18,248 of forfeitures were used to reduce Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance of their account. A participant may have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a fixed rate of interest. During 2023, notes had fixed rates of interest ranging from 3.25% to 9.50% for the term of the note, not to exceed 5 years unless used to for the purchase of a participant's principal residence. Principal and interest are paid through payroll deductions. Notes become due and payable immediately when a participant terminates employment with the Company.

Administrative Expenses

Certain administrative expenses are permitted to be paid by the Plan in accordance with the Plan's provisions and are allocated proportionately based on the value of the participant account balances. Note receivable origination fees and certain transaction fees for withdrawals are charged directly to the respective participants' accounts. These expenses are paid to service providers of the Plan and therefore qualify as party-in-interest transactions. Certain expenses incidental to the administration of the Plan are paid by the Company. The Company does not expect reimbursement from the Plan for any expenses paid on behalf of the Plan.

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates, and such differences may be material to the financial statements.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The Company discretionary matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan and approved by the Company. The Company discretionary profit-sharing contributions are considered payable to the Plan when approved by the Company.

Valuation of Investments and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net increase in fair value of investments includes interest, dividends, and realized and unrealized gains and losses on investments. Interest income is recorded when received.

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded. Notes receivable from participants qualify as party-in-interest transactions.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 28, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2023 and 2022, net increase in fair value of investments and interest income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

complete and accurate by Fidelity Management Trust Company (Fidelity), the Plan's qualified institution.

4. Investments

Certain Plan investments include shares of mutual funds and the money market fund which is managed by Fidelity. Fidelity is a service provider of the Plan; therefore, transactions in these investments qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net increase in fair value of investments, as they are paid through revenue sharing rather than a direct payment.

Investments are exposed to various risks, such as market, currency, interest rate and credit risks. Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include a healthcare crisis, such as a pandemic, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant cyber security attack, or other similar events. It is at least reasonably possible that changes in their fair value will occur in the near term and that such changes could materially affect participants' account balances.

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Tidewater Inc. 401(k) Plan

Notes to Financial Statements December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

Fair value of the common/collective trust fund is determined by prices provided by the trust manager, which is the net asset value (NAV) of the trust (Level 1). NAV is determined by the fair value of the securities in the trust. Participants can trade the common/collective trust fund daily at the published NAV.

The following table summarizes the Plan's investments at fair value based on the inputs used to determine their values as of December 31, 2023 and 2022:

	Level 1	
	2023	2022
Mutual funds	\$ 60,636,420	\$ 50,821,529
Common/collective trust fund	8,454,528	9,332,260
Money market fund	1,112,361	900,973
Total investments at fair value	\$ 70,203,309	\$ 61,054,762

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all Company contributions.

6. Income Tax Status

In June 2021, the Plan that was based on a Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) sponsored by Fidelity Management & Research Co. (FMRC) moved to a Non-Standardized PreApproved Profit Sharing Plan with CODA (pre-approved plan) sponsored by FMR LLC (doing business as Fidelity Institutional Asset Management). The Internal Revenue Service has opined and informed FMR LLC by letter dated June 30, 2020, that the pre-approved plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt and has no income subject to unrelated business income tax. The Plan's returns for the past three years are subject to examination by taxing authorities and may change upon examination.
