INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of Logical Innovations, Inc. Retirement Savings Plan

Opinion

We have audited the financial statements of Logical Innovations, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Logical Innovations, Inc. Retirement Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Logical Innovations, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Logical Innovations, Inc. Retirement Savings Plan's ability to continue as a going concern for the year ended December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Logical Innovations, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Logical Innovations, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) – modified cash basis are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOGICAL INNOVATIONS, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Logical Innovations, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Logical Innovations, Inc. who are of the age of 21 or older and has a minimum service time frame of zero months and zero hours during the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investments and monitors investment performance.

Contributions

For 2022, participants may contribute a percentage of their annual compensation up to $305,000, as defined by the Plan. Participants may defer up to the maximum deferral limit allowed by law ($20,500 in 2022). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, totaling up to $6,500 in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. All eligible employees will receive a discretionary employer-provided matching contribution equal to 50% on the first 6% of pay that the participant elects to contribute to the plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor matching contributions, as well as allocations of the Sponsor's discretionary employer-provided matching contributions. Allocations of Plan earnings are based upon participant earnings, account balances, or other participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested in their contributions plus actual earnings immediately.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive payment of his or her vested account balance in a lump-sum payment, substantially equal installments, or partial withdrawals. Upon a participant leaving the Company for any reason during a Plan Year, the participant remains active in the Plan as long as there is an account balance. Participants may transfer out of the plan at any time, but bear a $75 fee to process the deduction from the participant's account.

Forfeited Accounts

During 2022 and 2021, forfeited nonvested accounts totaled zero dollars, as all participants over the age of 21 years old are immediately 100% vested in the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") and that is permitted by the Department of Labor. The modified cash basis of accounting differs from GAAP in that interest and dividend income is recorded when received, rather than when earned, and employer contributions are recognized when cash is paid to the Plan.

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of any contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in amounts reported on the statement of changes in net assets available for benefits as a deduction for fees.

Excess Contributions

When applicable, amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions recorded during the plan year 2022.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are recorded at fair value in the accompanying statement of net assets, except for the fully benefit-responsive investment contract, which is reported at contract value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

3. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

December 31, 2022 Market Value Measurements Using

	Quoted Prices in Active markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 6,341,805	$ -	$ -

December 31, 2021 Market Value Measurements Using

	Quoted Prices in Active markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 5,793,542	$ -	$ -

There are no plan assets requiring the use of Level 3 inputs for the periods presented.

4. INFORMATION PREPARED BY PLAN TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and tested during our audit procedures. No information provided by Fidelity (plan trustee), was certified as of December 31, 2022 and 2021.

4. INFORMATION PREPARED BY PLAN TRUSTEE (CONTINUED)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by the Trustee and tested through our audit procedures:

	2022	2021
Investments, at fair market value	$ 6,341,805	$ 5,793,542
Net appreciation (depreciation) in fair value	$ (1,014,895)	$ 299,559

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included on the statement of changes in net assets available for benefits – modified cash basis.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits - modified cash basis.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be entitled to their 100% vested account balances and employer contributions.

8. TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

The Plan has not recognized a tax liability for any uncertain position that would be categorized as more likely than not to be disallowed upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE HOF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	6,420,240	$ 5,884,019
Adjustment for employer receivables	-	-
Adjustment for employee receivables	-	-
Net assets available for benefits per schedule H of Form 5500	$ 6,420,240	$ 5,884,019

As the financial statements of the Plan are prepared in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") and is permitted by the Department of Labor we have exclude receivable balances as of year-end, thus requiring a reconciliation for differences. Note, there is no difference as of the current or prior year.

10. SUBSEQUENT EVENTS

The Plan Sponsor has evaluated subsequent events through August 26, 2024, the date the financial statements were available to be issued.
