Report of Independent Auditors

The Plan Administrator

AEA Investors LP 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AEA Investors LP 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AEA Investors LP 401(k) Savings Plan

Notes to Financial Statements

December 31, 2023

1. Description of Plan

The following description of the AEA Investors LP 401(k) Savings Plan (the “Plan”) provides general information about the Plan’s provisions. Participants should refer to the plan document and summary plan description (the “Plan Documents”) for a more complete description of the Plan’s provisions, copies of which may be obtained from management of AEA Investors LP (the “Plan Sponsor”).

General

The Plan is a defined contribution plan covering all employees of the Plan Sponsor and other affiliates that adopt the Plan. Participants are automatically enrolled in the Plan upon date of hire unless they notify the Plan Sponsor of their request to decline participation.

Management of the Plan Sponsor’s human resources group (the “Committee”) is responsible for the general administration of the Plan. The Committee has assigned the operating and recordkeeping responsibilities to Empower Retirement (the “Plan Administrator”). Empower Trust Company, LLC, an affiliate of the Plan Administrator, provides trustee services to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may contribute up to \$22,500 of their eligible Compensation (as defined in the Plan) for the year ended December 31, 2023. Participants may also contribute amounts representing distributions from other qualified plans. If automatically enrolled, a Participant’s deferral is set at 3% of eligible compensation then 1% increase per year, beginning after the second year of a Participant’s participation in the Plan, to a maximum of 10% until changed by the Participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions of \$7,500 for the year ended December 31, 2023. The Plan Sponsor contributes 100% of the first 6% of compensation, up to a maximum annual compensation limit of \$330,000, that a participant contributes to the Plan. The Plan Sponsor contributes a fixed amount of contributions to those employees hired before April 1, 2008 (as defined in the Plan Documents). In 2023, such contributions amounted to \$263,404. All contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct their elective contributions into various investment options offered by the Plan and may change their investment elections at any time. For Participants who do not direct the investment of their Plan accounts, their accounts are invested in accordance with the default investment alternatives established under the Plan into an appropriate target-date retirement mutual fund. The Company’s contributions are invested in the same manner as that of the participant’s elective contributions.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Participant Accounts

Each Participant's account is credited and charged with the Participant's contributions, benefit payments, and allocations of (a) the Plan Sponsor's contributions, (ii) Plan earnings and losses, and (iii) expenses. Plan earnings and losses are allocated based on the Participant's share of net earnings or losses of their respective elected investment options. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching contributions is based on years of continuous service. A participant is fully vested after four years of credited service in accordance with the below vesting schedule:

Years of Service	Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances and the amount remains in the Plan. If a participant is rehired within a five year period, the forfeited contributions are reinstated. Forfeited balances of terminated Participant's nonvested accounts are used to reduce future Plan Sponsor's contributions and pay certain administrative expenses. For the year ended December 31, 2023, \$76,349 of forfeitures from terminated Participants were used to reduce Plan Sponsor's contributions. Unallocated forfeited balances as of December 31, 2023 and 2022 were approximately \$21,430 and \$620, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance; the minimum loan amount Participants may borrow is \$1,000. The \$50,000 limit is reduced by the Participant's highest outstanding loan balance during the preceding 12-month period. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. A Participant may not have more than two loans outstanding at any point in time. The loans bear interest at a rate of 1% over the Prime Rate published in the Wall Street Journal (i) on the first business day of the month the loan is originated for General Purpose Loans (as defined in the Plan Loan Policy) and (ii) on the first business day of the month before the loan is originated for Principal Residence Loans (as defined in the Plan Loan Policy).

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Notes Receivable from Participants (continued)

Principal and interest are paid ratably through monthly payroll deductions. If a Participant terminates employment with the Plan, they may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the Participant after three months.

Payment of Benefits

Upon separation from service with the Plan Sponsor due to death, disability, retirement or termination, a Participant whose vested account balance exceeds \$1,000 may elect to receive either a lump-sum or may elect installment payments on a monthly, quarterly, semi-annually or annual basis. An alternative distribution option is an annuity issued by an insurance company purchased with the Participant's account balance. A Participant whose vested account balance is \$1,000 or less and has not commenced receiving installment payments will automatically receive an immediate lump-sum distribution equal to their vested account balance.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan Documents. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan Documents. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Administrative Expenses

The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Certain administrative expenses of the Plan, however, are paid by the Plan Sponsor. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, Participants will become fully vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Shares/Units of mutual funds held by the Plan at year end are valued at quoted market prices, which represent the net asset or unit value reported by such mutual funds. Shares/Units of common trust funds held by the Plan at year end, including stable value funds, are valued at the net asset or unit value reported by such common trust funds, which approximates fair value. See Note 4 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year, as well as held at year end.

Notes Receivable from Participants Measurement and Income Recognition

Participant loans are measured at their unpaid principal balance plus any accrued and unpaid interest and classified as notes receivable from Participants on the statements of net assets available for benefits. Interest income is recorded as earned. The total amount of interest earned for the year ended December 31, 2023 was \$6,904 and is included in interest and dividend income in the accompanying statement of changes in net assets available for benefits.

Benefits Recognition

Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Notes to Financial Statements (continued)

4. Fair Value Measurements

In accordance with Accounting Standard Codification 820, *Fair Value Measurements and Disclosures*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

AEA Investors LP 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 64,023,915	\$ —	\$ —	\$ 64,023,915
Total	<u>\$ 64,023,915</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 64,023,915</u>

Investments measured at net asset value

Collective Trust Funds (a) 16,585,173

Total investments at fair value \$ 80,609,088

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 51,976,172	\$ —	\$ —	\$ 51,976,172
Total	<u>\$ 51,976,172</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 51,976,172</u>

Investments measured at net asset value

Collective Trust Funds (a) 12,906,019

Stable Value Fund (b) 2,174,845

Total investments at fair value \$ 67,057,036

(a) The Collective Trust Funds invests in large-capitalization U.S. companies that are trading at a discount to the market on traditional value metrics such as price/earnings and price/book value. There are currently no redemption restrictions on these investments.

(b) Participants could not transfer their Stable Value Fund balances to competing fixed income funds. Balances transferred to non-competing funds could not be transferred to competing fixed income funds for 90 days but could be transferred back to the Stable Value Fund at any time. The Plan was required to provide 12-month notice to redeem its entire share in the fund. This notice was provided and the fund was fully liquidated during 2023 with no additional charges to participants.

For the years ended December 31, 2023 and 2022, there were no transfers between Levels.

AEA Investors LP 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the contract value of investment contracts held by the Plan.

	December 31,	
	2023	2022
Traditional investment contract	\$ 2,974,534	\$ 986,062

The traditional investment contract held by the Plan is a general account product. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting rate is reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

AEA Investors LP 401(k) Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts (continued)

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants. In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party and Party-in-Interest Transactions

In the normal course of business certain officers and employees of the Plan Sponsor (who may also be Participants in the Plan) perform administrative services related to the Plan's operation, recordkeeping and financial reporting. The Plan Sponsor pays these individuals' salaries and also pays for a portion of other administrative expenses on the Plan's behalf. The foregoing transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

8. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated November 14, 2022, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Internal Revenue Code (the "Code"). Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

AEA Investors LP 401(k) Savings Plan

Notes to Financial Statements (continued)

8. Tax Status (continued)

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Management evaluated subsequent events for the Plan through July 31, 2024, the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined no events were required to be recognized or disclosed in the financial statements.
