Independent Auditors' Report

To the Plan Administrator
Vaagen Bros. Lumber Inc. 401(k) Savings Plan and Trust
Colville, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Vaagen Bros. Lumber Inc. 401(k) Savings Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vaagen Bros Lumber, Inc 401(k) Savings Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vaagen Bros Lumber, Inc 401(k) Savings Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vaagen Bros Lumber, Inc 401(k) Savings Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the Vaagen Bros. Lumber Inc. 401(k) Savings Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for more complete information of the Plan's provisions.

General

The Plan, which became effective January 1, 1985, is a defined contribution plan qualifying under the Internal Revenue Code (IRC). The Plan was amended and restated effective January 1, 2022. The Plan covers substantially all employees of Vaagen Bros. Lumber, Inc. and Wildwood Trading Group, Inc., collectively, (the Company). Custody of Plan assets is performed by Principal Life Insurance Company and Principal Trust Company (collectively, Principal).

Eligibility

In order to be eligible for the Plan, a participant must be an employee of the Company for ninety consecutive days and meet the required minimum age of 18 years old. Entry into the Plan is allowed immediately after these requirements are met. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA) as amended. Employees who are members of a collective bargaining unit within the Companies are not eligible to participate in the Plan.

Contributions

Participants may contribute up to 100% of qualified compensation, as defined in the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). The elective deferral contributions can be on a pre-tax (traditional 401(k)) or an after-tax basis (Roth 401(k)). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a rate of 4% of eligible wages unless otherwise specified by the participant. There is no automatic escalation of deferred contribution amounts. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching and profit-sharing contributions. During the year ended December 31, 2023, the Company made discretionary matching contributions of \$301,935. These contributions were calculated at 25% of the first 10% of employee contributions. There were no discretionary profit-sharing contributions during 2023.

Contributions are subject to regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions. Vesting in the employer contributions is based on years of continuous service. A participant vests at a rate of 20% per year and is 100% vested any Company contributions made to them after completing five years of service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes are secured by the balance in the participant's account and bear a fixed interest rate of prime plus 1.00%. The maximum note term is five years, unless the loan is used to acquire a principal residence, in which case the loan may not exceed ten years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2023, the rates of interest on outstanding loans were 4.25% - 9.50%, with various maturities through December 2028.

Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts are first used to pay any administrative expenses of the Plan and any remaining forfeitures may be used to offset the employer discretionary match and allocated in the same manner. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$26,415 and \$10,396, respectively. For the year ended December 31, 2023, forfeitures were used to reduce administrative expenses in the amount of \$17,043.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the vested value of their account, or installments over a period not to exceed the participant's life or the participant's designated beneficiary's life. Withdrawals from the Plan may also be made in circumstances of financial hardship or upon attainment of age 59½ in accordance with provisions specified in the Plan. An involuntary distribution of a terminated participant's account balance occurs when their balance is \$5,000 or less. The distribution date will be the earliest administratively feasible date determined by the Plan Administrator.

Retired participants also have an option of delaying the receipt of benefits. The payments for retired participants, however, are required to begin no later than April 1st following the end of the year in which the participant reaches the age of 72.

Plan Termination

Although it has not expressed intent to do so, the employer has the right at any time to terminate the Plan and discontinue its contributions, subject to provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contribution portion of their accounts.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments, except for fully benefit-responsive investment contract, are reported at fair value, as certified by the Plan's custodian, Principal. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments consists of both realized gains (losses) and unrealized appreciation (depreciation) of the investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the financial statements.

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access; |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs without quoted market prices that are observable for the assets or liability, and inputs that are derived from corroborated observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

The fair value of the investments in this category have been estimated using the net asset value (NAV) per unit provided by the administrator of the fund. The NAV of these accounts is based on the value of underlying assets owned by the fund, minus liabilities divided by the units outstanding. The NAV is not a publicly quoted price in an active market. There are currently no redemption restrictions or unfunded commitments on these investments for participants. These pooled separate accounts are Direct Filing Entities.

Vaagen Bros. Lumber, Inc. 401(k) Savings Plan and Trust**Notes to Financial Statements****December 31, 2023 and 2022**

The following table presents the fair value of the Plan's investments at December 31, classified using the fair value hierarchy:

	December 31, 2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 12,808,311	\$ -	\$ -	\$ 12,808,311
Pooled separate accounts measured at net asset value (NAV)				1,823,209
				<u>\$ 14,631,520</u>

	December 31, 2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 10,754,141	\$ -	\$ -	\$ 10,754,141
Pooled separate accounts measured at net asset value (NAV)				1,573,304
				<u>\$ 12,327,445</u>

Certain investments carried at fair value in the statements of net assets available for benefits at December 31, 2023 and 2022, utilized the NAV approach as a practical expedient for fair value, and have not been categorized in the fair value hierarchy.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV (or its equivalent) per share as of December 31:

	December 31, 2023			Redemption Restrictions
	Fair Value	Redemption Frequency	Redemption Notice Period	
Pool separate accounts	\$ 1,823,209	Daily	None	None

	December 31, 2022			Redemption Restrictions
	Fair Value	Redemption Frequency	Redemption Notice Period	
Pool separate accounts	\$ 1,573,304	Daily	None	None

The fair value methodologies described on the previous page may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan document is a defined contribution prototype volume submitter plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Information Certified By Principal

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Investments and notes receivable from participants reflected on the supplemental schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

7. Group Annuity Contracts with Principal

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Principal. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a periodic basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. As of December 31, 2023 and 2022, group annuity contracts totaled \$5,983,248 and \$5,413,579, respectively.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal,

represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Plan to transact at contract value with the issuer. Such events include total or partial Plan termination, changes to the Plan's prohibition on competing investment options, mergers, spin-offs, lay-offs, early retirement incentive programs, sales or closings of all or part of a participating plan sponsor's operations, bankruptcy, receivership or the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

8. Party-In-Interest Transactions

Principal is the custodian of the Plan. The Plan invests in pooled separate accounts and guaranteed investment contract managed by Principal; therefore, Principal is a party-in-interest as defined by ERISA. The Plan paid administrative and investment fees to Principal. The plan also allows for notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provision of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

9. Subsequent Events

Plan management has evaluated subsequent events through August 21, 2024, the date the financial statements were available to be issued, and concluded that no other events have arisen which require disclosure.
