Independent Auditor's Report

Administrative Committee
Sewell Automotive Companies 401(k) Retirement Savings Plan
Dallas, Texas

Opinion

We have audited the financial statements of Sewell Automotive Companies 401(k) Retirement Savings Plan ("Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* ("ERISA"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Sewell Automotive Companies 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1. Plan Description

The following description of the Sewell Automotive Companies 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering the associates of Sewell Village Cadillac Company, Inc.; Sewell Corporation; Sewell Corporation of Ft. Worth; Sewell Rings, LLC; Sewell 10, LLC; Sewell FW, LLC; Sewell Houston Company, LLC; Ken Bachelor Cadillac Company, Inc.; Sewell Automotive Companies, Inc.; LWA Operating Company, LLC; UDM Company, LLC; DFW Rings, LLC; GEQ Operating Company; BFOR Company LLC; and UDM2 Company, LLC (collectively, “Sewell”). Associates become eligible to participate in the Plan upon hire and attaining the age of 18, as defined in the plan document. Vanguard Fiduciary Trust Company (“Vanguard”) serves as trustee of the Plan. The Plan is subject to the requirements of the *Employee Retirement Income Security Act of 1974* (“ERISA”).

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may change their investment options at any time. The Plan currently offers various mutual funds and a common/collective trust fund as investment options for participants.

Contributions

Participants may contribute compensation, as defined in the plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The participant may specify whether the elective deferrals are to be characterized as pre-tax elective deferrals, Roth elective deferrals, or a specified combination. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation. Sewell may also make discretionary matching contributions. For the years ended 2023 and 2022, Sewell contributed a match of 25% of the first 6% of compensation, up to \$330,000 and \$305,000, respectively, that a participant contributed to the Plan. Contributions are subject to certain limitations.

Notes Receivable from Participants

Participants may borrow from their vested fund accounts a minimum of \$1,000 and a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from one to five years. The notes receivable are secured by the balance in the participant’s account. Interest is charged at a fixed rate of prime plus 2.00% at the date of note origination, and ranged from 4.25% to 10.50% on notes receivable from participants outstanding at December 31, 2023. Principal and interest is paid ratably through payroll deductions.

Participant Accounts

Each participant’s account is credited with the participant’s elective deferral, Sewell’s discretionary contribution, and an allocation of the Plan’s earnings or losses, and is charged with benefit payments and fees related to notes receivable from the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective deferral contributions and rollover contributions plus actual earnings thereon. The portion of the participant's account attributable to Sewell's discretionary contributions plus actual earnings thereon vests ratably over the first six years of service. Participant accounts are 100% vested due to normal retirement age, death, disability, or Plan termination regardless of years of service.

Payment of Benefits

Upon death, disability, or retirement a participant may elect to receive either a lump sum amount equal to the value of the participant's vested account or annual installments. Upon termination of a participant's employment with Sewell, lump sum distributions must be made on participant accounts with a value of less than \$1,000. Account balances greater than \$1,000 and less than \$5,000 will be automatically rolled over into an Individual Retirement Account if the participant does not make a different distribution election after receiving the required notification. For account balances greater than \$5,000, the funds will remain in the Plan if the participant does not make a different distribution election after receiving the required notification.

In certain hardship situations, as described in the plan document, participants may withdraw part of their account balances while actively employed.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions or to pay expenses. Forfeited balances totaled \$197,984 and \$238,927 as of December 31, 2023 and 2022, respectively. Forfeitures in the amount of \$308,671 and \$215,690 were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Sewell Automotive Companies 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as benefits paid based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Sewell has paid for certain administrative fees on behalf of the Plan for the years ended December 31, 2023 and 2022. Certain administrative functions are performed by Sewell associates, who receive no compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and benefits paid) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through July 30, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1** Observable inputs such as quoted prices in active markets.
- Level 2** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level (*i.e.*, least reliable) of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Common/Collective Trust Fund

This fund is valued at the net asset value ("NAV") of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant

Sewell Automotive Companies 401(k) Retirement Savings Plan
Notes to Financial Statements

transactions (purchases and sales) may occur daily. The issuer has specified a redemption notification period of 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner, should the Plan initiate a full redemption of the common/collective trust fund.

The Plan's assets are accounted for at fair value on a recurring basis. The following tables report the Plan's assets by level within the fair value hierarchy as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 286,738,556</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV ^(a)			<u>21,381,278</u>
Investments, at fair value			<u>\$ 308,119,834</u>

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	<u>\$ 224,474,295</u>	<u>\$ -</u>	<u>\$ -</u>
Investments measured at NAV ^(a)			<u>21,887,467</u>
Investments, at fair value			<u>\$ 246,361,762</u>

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust fund	\$ 21,381,278	\$ 21,887,467	None	Daily	12 months for full redemption

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the plan administrator by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Minor amendments to the Plan have been made since the determination request. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Sewell Automotive Companies 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2023 and 2022

The Plan recognizes income tax benefits only to the extent that the Plan believes it is more-likely-than-not that its income tax positions will be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and a common/collective trust fund managed by Vanguard. Vanguard is the trustee defined by the Plan and therefore these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and administrative services amounted to \$54,757 and \$39,551 for the years ended December 31, 2023 and 2022, respectively.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, Sewell has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Sewell may distribute benefits at the time of termination or continue to hold benefits in the trust, payable to a participant no later than allowed by the Plan.
