INDEPENDENT AUDITOR'S REPORT

To the Fiduciary Committee of
MetroNational Corporation Retirement Savings Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MetroNational Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

METRONATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

MetroNational Corporation Retirement Savings Plan (the Plan) is a qualified retirement plan adopted by MetroNational Corporation (MetroNational), originally effective April 1, 1985, to provide employees an opportunity to save for retirement by allowing them to make contributions on a tax-favored basis. The Plan allows for affiliate employers to adopt its provisions. Affiliate employers who have adopted the provisions of the Plan include Memorial City Mall and MetroNational Maintenance Company. MetroNational and the affiliate employers are hereinafter collectively referred to as the Company. The Plan was amended and restated effective April 26, 2022, and most recently amended effective December 27, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Fiduciary Committee appointed by the Board of Directors of the Company.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All employees of an employer who has adopted the Plan can generally join the Plan, except as noted in the plan document. For making elective deferrals to the Plan or to be subject to the automatic enrollment feature of the Plan, employees are eligible after they have been employed for two months, provided they are at least 21 years of age. Effective August 1, 2022, the Plan was amended to change the service length for employee deferrals from 2 months to 1 month. For employer contributions, employees must complete one year of service (12 months). Effective December 27, 2022, the Plan was amended to change the service length for employer matching contributions from 12 months to 1 month. The service length for nonelective employer contributions remains at 12 months. Actual enrollment in the Plan will occur on the first day of the month immediately following or concurrent with the date the employee satisfies those conditions, provided they are still employed with the Company on that date.

Contributions: Each participant may elect to defer up to 90% of their annual pay. Elective deferrals can be in the form of pre-tax contributions, or special after-tax contributions known as Roth deferrals, or a combination of both. In addition, certain employees can make a special type of elective deferral known as a catch-up contribution, provided they are age 50 or older by the end of the taxable year. Elective deferrals in any year may not exceed the dollar limit set by law. Participants may change their pre-tax elective deferral rate and investment funds election at any time.

Effective January 1, 2022, participants may make voluntary, non-deductible, after-tax employee contributions to the Plan. The contribution limit for such contributions is 25% of compensation.

If a participant does not submit an elective deferral agreement or does not specifically decline to make elective deferrals within two months following their first day of eligible employment, the Company will automatically withhold 3% from their pay and contribute it to the Plan on the participant's behalf in the form of an automatic elective deferral. Each year, the Plan automatically increases the elective deferral rate of participants who are enrolled in the automatic deferral program. If a participant has not made an affirmative election to make or stop pre-tax or Roth elective deferrals, the Company will automatically increase their deferral percentage each year by 1% until the automatic deferral percentage has reached 12%. Participants can opt out of the automatic deferral program at any time. All highly compensated employees are excluded from the Plan's automatic deferral program, and any automatic increases thereof.

Discretionary matching contributions are contributions made to the Plan by the Company and allocated to a participant's account because they make elective deferrals. For 2023, the Company's matching contribution will equal 50% of a participant's matchable elective deferral, which is the amount of elective deferral for a payroll period that does not exceed 12% of a participant's pay for the period. A participant's matchable elective deferral is the amount of elective deferral contribution for the payroll period that does not exceed 6% of a participant's pay for the period. For certain divisions of the Company, the matching contribution will equal 33% of a participant's deferral amount up to 6% of the employee's compensation.

METRONATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Company may also make qualified nonelective contributions to the Plan, which are special contributions made by the Company to help the Plan pass special discrimination tests established by ERISA and the Internal Revenue Service (IRS).

In addition, the Company may make discretionary nonelective contributions (also known as discretionary profit-sharing contributions) to the Plan on behalf of its eligible employees. These contributions are made solely within the discretion of the Company. Each employer that adopts the Plan will determine the amount of employer nonelective contributions, if any, it will contribute to the Plan each year. For 2023, the Company made a nonelective contribution in the amount of \$430,858, which was remitted to the Plan in June 2024.

Eligible employees can make rollover contributions to the Plan any time after they start working for the Company, regardless of their age and years of service.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are always 100% vested in their elective deferral accounts, qualified nonelective contributions account, and matching contributions account. Participants are also 100% vested in any rollover account they may have in the Plan.

Employer profit sharing contributions are subject to a graduated vesting schedule. A participant receives a 20% vesting after one year of vesting service and an additional 20% vesting for each additional year of service. Participants become 100% vested after five years of service.

Employer nonelective contributions are also subject to a graduated vesting schedule. A participant receives a 20% vesting of their nonelective account after two years of vesting service and an additional 20% vesting for each additional year of service. Participants become 100% vested after six years of service.

Payment of Benefits: A distribution can be made to a participant if they request one due to disability, retirement, or termination of employment from the Company or any related employer. A participant's beneficiary or beneficiaries may request a distribution of their vested account balance in the event of death.

Participants may defer receipt of their distribution until a later date. However, a participant cannot postpone it if their vested account balance is \$5,000 or less in which case the Plan will direct Fidelity Management Trust Company (Fidelity), that any account exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity (IRA) for the participant's benefit. If a participant's vested account balance is \$1,000 or less, the Plan will direct the trustee to distribute it to the participant as a lump sum distribution without consent. Prior to such distribution participants have the right to request that the amount be distributed directly to them as a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

METRONATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participants can request an in-service distribution from certain deferrals and their earnings for any reason once they attain age 59½. The Plan also allows hardship distributions in the event of an immediate and heavy financial need.

Notes Receivable From Participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance, reduced by their highest combined outstanding loan balance at any time during the prior 12-month period. Loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through regular payroll deductions over a period not to exceed five years, unless the loan is obtained to purchase a principal residence, for which the Company may permit a longer repayment period not to exceed 15 years.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in their employer account, the participant may forfeit the non-vested portion of their employer account. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. During 2023, approximately \$46,000 of forfeitures were used to offset Company matching contributions. At December 31, 2023 and 2022, forfeited accounts totaled \$1,864 and \$38,235, respectively.

Plan Termination: The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate, with the approval of the Board of Directors. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Plan administrator will facilitate the distribution of account balances in single lump-sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the trustee.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 22, 2024, which is the date the financial statements were available to be issued. Effective January 1, 2024, the Plan was amended to change the service length for employee deferrals and employer matching contributions from 1 month to 3 months. The service length for nonelective employer contributions remains at 12 months. The Plan also updated the definition of compensation effective January 1, 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

December 31, 2023 and 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: Valued by the trustee using the NAV of the collective trust times the number of units held by the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets held by the fund less its liabilities. There are no unfunded commitments related to its investments, or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 29,042,203</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 29,042,203</u>
Total investments in the fair value hierarchy	<u>\$ 29,042,203</u>	<u>\$ -</u>	<u>\$ -</u>	29,042,203
Investment measured at NAV as practical expedient*				<u>3,622,942</u>
Total investments at fair value				<u>\$ 32,665,145</u>
	2022			<u>Total</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
Mutual funds	<u>\$ 23,727,896</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,727,896</u>
Total investments in the fair value hierarchy	<u>\$ 23,727,896</u>	<u>\$ -</u>	<u>\$ -</u>	23,727,896
Investment measured at NAV as practical expedient*				<u>4,752,634</u>
Total investments at fair value				<u>\$ 28,480,530</u>

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

December 31, 2023 and 2022

NOTE 5 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by Fidelity. Certain professional fees for the administration and audit of the Plan were paid by the Company. Various administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During 2023, the Plan paid administrative fees to various service providers including an investment advisor and the Plan's recordkeeper. These reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to the Form 5500:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of MetroNational Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

METRONATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN

MetroNational Corporation Retirement Savings Plan (the Plan) is a qualified retirement plan adopted by MetroNational Corporation (MetroNational), originally effective April 1, 1985, to provide employees an opportunity to save for retirement by allowing them to make contributions on a tax-favored basis. The Plan allows for affiliate employers to adopt its provisions. Affiliate employers who have adopted the provisions of the Plan include Memorial City Mall and MetroNational Maintenance Company. MetroNational and the affiliate employers are hereinafter collectively referred to as the Company. The Plan was amended and restated effective April 26, 2022, and most recently amended effective December 27, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by the Fiduciary Committee appointed by the Board of Directors of the Company.

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All employees of an employer who has adopted the Plan can generally join the Plan, except as noted in the plan document. For making elective deferrals to the Plan or to be subject to the automatic enrollment feature of the Plan, employees are eligible after they have been employed for two months, provided they are at least 21 years of age. Effective August 1, 2022, the Plan was amended to change the service length for employee deferrals from 2 months to 1 month. For employer contributions, employees must complete one year of service (12 months). Effective December 27, 2022, the Plan was amended to change the service length for employer matching contributions from 12 months to 1 month. The service length for nonelective employer contributions remains at 12 months. Actual enrollment in the Plan will occur on the first day of the month immediately following or concurrent with the date the employee satisfies those conditions, provided they are still employed with the Company on that date.

Contributions: Each participant may elect to defer up to 90% of their annual pay. Elective deferrals can be in the form of pre-tax contributions, or special after-tax contributions known as Roth deferrals, or a combination of both. In addition, certain employees can make a special type of elective deferral known as a catch-up contribution, provided they are age 50 or older by the end of the taxable year. Elective deferrals in any year may not exceed the dollar limit set by law. Participants may change their pre-tax elective deferral rate and investment funds election at any time.

Effective January 1, 2022, participants may make voluntary, non-deductible, after-tax employee contributions to the Plan. The contribution limit for such contributions is 25% of compensation.

If a participant does not submit an elective deferral agreement or does not specifically decline to make elective deferrals within two months following their first day of eligible employment, the Company will automatically withhold 3% from their pay and contribute it to the Plan on the participant's behalf in the form of an automatic elective deferral. Each year, the Plan automatically increases the elective deferral rate of participants who are enrolled in the automatic deferral program. If a participant has not made an affirmative election to make or stop pre-tax or Roth elective deferrals, the Company will automatically increase their deferral percentage each year by 1% until the automatic deferral percentage has reached 12%. Participants can opt out of the automatic deferral program at any time. All highly compensated employees are excluded from the Plan's automatic deferral program, and any automatic increases thereof.

Discretionary matching contributions are contributions made to the Plan by the Company and allocated to a participant's account because they make elective deferrals. For 2023, the Company's matching contribution will equal 50% of a participant's matchable elective deferral, which is the amount of elective deferral for a payroll period that does not exceed 12% of a participant's pay for the period. A participant's matchable elective deferral is the amount of elective deferral contribution for the payroll period that does not exceed 6% of a participant's pay for the period. For certain divisions of the Company, the matching contribution will equal 33% of a participant's deferral amount up to 6% of the employee's compensation.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

The Company may also make qualified nonelective contributions to the Plan, which are special contributions made by the Company to help the Plan pass special discrimination tests established by ERISA and the Internal Revenue Service (IRS).

In addition, the Company may make discretionary nonelective contributions (also known as discretionary profit-sharing contributions) to the Plan on behalf of its eligible employees. These contributions are made solely within the discretion of the Company. Each employer that adopts the Plan will determine the amount of employer nonelective contributions, if any, it will contribute to the Plan each year. For 2023, the Company made a nonelective contribution in the amount of \$430,858, which was remitted to the Plan in June 2024.

Eligible employees can make rollover contributions to the Plan any time after they start working for the Company, regardless of their age and years of service.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings and losses, and (c) forfeitures of employer profit sharing contributions and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are always 100% vested in their elective deferral accounts, qualified nonelective contributions account, and matching contributions account. Participants are also 100% vested in any rollover account they may have in the Plan.

Employer profit sharing contributions are subject to a graduated vesting schedule. A participant receives a 20% vesting after one year of vesting service and an additional 20% vesting for each additional year of service. Participants become 100% vested after five years of service.

Employer nonelective contributions are also subject to a graduated vesting schedule. A participant receives a 20% vesting of their nonelective account after two years of vesting service and an additional 20% vesting for each additional year of service. Participants become 100% vested after six years of service.

Payment of Benefits: A distribution can be made to a participant if they request one due to disability, retirement, or termination of employment from the Company or any related employer. A participant's beneficiary or beneficiaries may request a distribution of their vested account balance in the event of death.

Participants may defer receipt of their distribution until a later date. However, a participant cannot postpone it if their vested account balance is \$5,000 or less in which case the Plan will direct Fidelity Management Trust Company (Fidelity), that any account exceeding \$1,000 be distributed to an Individual Retirement Account or Annuity (IRA) for the participant's benefit. If a participant's vested account balance is \$1,000 or less, the Plan will direct the trustee to distribute it to the participant as a lump sum distribution without consent. Prior to such distribution participants have the right to request that the amount be distributed directly to them as a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

METRONATIONAL CORPORATION RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participants can request an in-service distribution from certain deferrals and their earnings for any reason once they attain age 59½. The Plan also allows hardship distributions in the event of an immediate and heavy financial need.

Notes Receivable From Participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance, reduced by their highest combined outstanding loan balance at any time during the prior 12-month period. Loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are paid ratably through regular payroll deductions over a period not to exceed five years, unless the loan is obtained to purchase a principal residence, for which the Company may permit a longer repayment period not to exceed 15 years.

Forfeitures: If a participant terminates employment with the Company and is less than 100% vested in their employer account, the participant may forfeit the non-vested portion of their employer account. Forfeitures are retained in the Plan and may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. During 2023, approximately \$46,000 of forfeitures were used to offset Company matching contributions. At December 31, 2023 and 2022, forfeited accounts totaled \$1,864 and \$38,235, respectively.

Plan Termination: The Company reserves the right to terminate the Plan at any time by taking appropriate action as circumstances may dictate, with the approval of the Board of Directors. In the event the Plan should terminate, each participant affected by such termination shall have a vested interest in their account of 100%. The Plan administrator will facilitate the distribution of account balances in single lump-sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the trustee.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through July 22, 2024, which is the date the financial statements were available to be issued. Effective January 1, 2024, the Plan was amended to change the service length for employee deferrals and employer matching contributions from 1 month to 3 months. The service length for nonelective employer contributions remains at 12 months. The Plan also updated the definition of compensation effective January 1, 2024.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

December 31, 2023 and 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Fidelity).

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trust Fund: Valued by the trustee using the NAV of the collective trust times the number of units held by the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets held by the fund less its liabilities. There are no unfunded commitments related to its investments, or significant restrictions on redemptions. The Plan may redeem its investment on a daily and immediate basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 29,042,203	\$ -	\$ -	\$ 29,042,203
Total investments in the fair value hierarchy	<u>\$ 29,042,203</u>	<u>\$ -</u>	<u>\$ -</u>	29,042,203
Investment measured at NAV as practical expedient*				<u>3,622,942</u>
Total investments at fair value				<u>\$ 32,665,145</u>
	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 23,727,896	\$ -	\$ -	\$ 23,727,896
Total investments in the fair value hierarchy	<u>\$ 23,727,896</u>	<u>\$ -</u>	<u>\$ -</u>	23,727,896

Total investments at fair value				<u>\$ 28,480,530</u>

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by Fidelity. Certain professional fees for the administration and audit of the Plan were paid by the Company. Various administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During 2023, the Plan paid administrative fees to various service providers including an investment advisor and the Plan's recordkeeper. These reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved profit-sharing plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original non-standardized pre-approved document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to the Form 5500:
