## INDEPENDENT AUDITORS' REPORT

Plan Administrator  
Volvo Investment Plan

### **Report on the Audit of the Financial Statements**

#### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements***

We have performed an audit of the accompanying financial statements of Volvo Investment Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

#### ***Opinion on the Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion on the Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Volvo Investment Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Volvo Investment Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Volvo Investment Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Volvo Investment Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Other Matters***

#### ***Supplemental Schedule Required by ERISA***

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 1 DESCRIPTION OF PLAN**

The following description of the Volvo Investment Plan (the Plan) is provided for general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan originally effective July 1, 1989. The Plan has been amended throughout the years to comply with tax legislation and was most recently restated effective January 1, 2014, and most recently amended April 29, 2021. The Plan is a defined contribution plan covering substantially all employees of Volvo Construction Equipment North America, LLC (the Company), a wholly owned subsidiary of AB Volvo (the Parent), and certain designated affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Benefit Plans Committee is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and report to the Benefit Plans Committee.

**Contributions**

Under the Plan, participants may elect to make pre-tax deferral contributions up to 75% of eligible compensation or Roth after-tax contributions to the Plan. Effective January 1, 2021, the Plan will include an auto-enrollment provision whereby all newly eligible employees and all current eligible employees that are not participating will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% (5% for anyone hired or rehired on or after January 1, 2021) of eligible compensation, and their contributions invested in the designated default fund until changed by the participant. Effective January 1, 2022, the Plan will include a special auto enrollment period whereby all eligible employees not contributing to the Plan or are contributing less than 5% will have their deferral rate set at 5%. Participants who attain age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company makes a matching contribution, a fixed percentage contribution to those eligible, and may, at its discretion, elect to make a profit sharing contribution to nonunion participants of the Plan. Effective January 1, 2022, the Company matching contribution is equal to 100%% of participants' elective deferrals up to 5% of eligible compensation for the period during which elective deferrals are made by the participants. The Company may also make additional qualified matching contributions as determined necessary to satisfy the relevant nondiscrimination provisions of the Plan. If applicable, the Company match for any collective bargaining unit is subject to its respective collective bargaining agreement. Catch-up contributions are eligible for Company matching contributions.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Contributions (Continued)**

The Company also makes a nonelective contribution to participants. Effective January 1, 2022, the percentages for this contribution range from 1%-7% based on age as of January 1 of the Plan year for which the contribution is made, except for those employees who were hired in the VCES division of SABA Holding Company on or after August 1, 2007, who receive a fixed 3% contribution.

The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. The Company did not make a discretionary profit sharing contribution for 2023.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

**Transition Contributions**

For each Plan year during the 15-year period beginning on January 1, 2022, and ending on December 31, 2036 (Transition Period), the Company shall make a Transition Contribution to be credited to the Transition Contribution Account of each participant who is eligible to share in such contribution. A participant shall be eligible to receive a Transition Contribution for a Plan year during the Transition Period only if, as of October 6, 2020, he or she was an eligible employee participating in the Plan and eligible to accrue benefits under the Volvo Retirement Plan and has remained an eligible employee continuously since that date. The amount of the Transition Contribution each Plan year shall equal the applicable percentage determined in accordance with the schedule set forth within the Plan's governing documents. The Transition Contribution amount is also based on the Participant's age as of January 1 of the Plan year for which the contribution is made and the Participant's "group", based on applicable provisions of the Volvo Retirement Plan, as further defined in the Plan's governing documents.

**Participant Accounts**

Subject to certain eligibility requirements outlined in the Plan document, participant accounts are credited with the participant's contributions, the Company's matching contributions, the Company's fixed percentage contributions, the Company's transition contributions, and an allocation of the Company's discretionary profit sharing contribution. Participant accounts are also credited with an allocation of Plan earnings and charged with an allocation of administrative expenses based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled to is the benefit that can be provided by the participant's vested account.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. For participants hired prior to January 1, 2000, and participants hired by Volvo Road Machinery, Inc., an affiliated company, during the period beginning on May 1, 2007, and ending on August 1, 2007, all amounts contributed by the Company are 100% vested at all times. Participants hired on or after January 1, 2000, and terminated before January 1, 2021, all amounts contributed by the Company are 100% vested after five years of credited service as follows:

| <u>Years of Vesting Service</u> | <u>Vested<br/>Percentage</u> |
|---------------------------------|------------------------------|
| 1                               | 20 %                         |
| 2                               | 40                           |
| 3                               | 40                           |
| 4                               | 80                           |
| 5 or More                       | 100                          |

The following vesting schedule applies, effective on and after January 1, 2022, for employees who terminate employment after December 31, 2021:

| <u>Years of Vesting Service</u> | <u>Vested<br/>Percentage</u> |
|---------------------------------|------------------------------|
| 1                               | 33 %                         |
| 2                               | 67                           |
| 3 or More                       | 100                          |

The Plan recognizes years of service with any predecessor company within the parent controlled group of affiliated companies for vested service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at market rates. Principal and interest are paid ratably through payroll deductions.

**Master Trust**

Volvo Group North America, LLC (VGNA) has established Volvo Group North America, LLC Target Retirement Fund Trust (the Master Trust) for the Plan and other retirement plans of affiliates of VGNA. The purpose of the Master Trust is to pool investment transactions and achieve uniform rates of return on comparable funds under all the affiliated plans. The Plan deposits funds in the Master Trust and owns an undivided interest in the net assets of the Master Trust.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 1 DESCRIPTION OF PLAN (CONTINUED)**

**Forfeited Accounts**

Forfeited nonvested accounts are used to reduce future Company contributions. Forfeited nonvested accounts as of December 31, 2023 and 2022 were approximately \$37,400 and \$31,700, respectively. Forfeitures of approximately \$120,000 and \$172,000 were used to reduce Company contributions for the years ended December 31, 2023 and 2022, respectively.

**Benefit Payments**

Employees may receive the value of their account as a lump-sum distribution or periodic installments over a designated period not to exceed IRS life expectancy tables upon termination, retirement, or disability. If a participant terminated employment and the participant's account balance was never greater than \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan also allows for in-service distributions or withdrawals in the case of financial hardship subject to certain restrictions.

Former participants of the Clark Savings Investment Plan (CSIP) may withdraw their transferred CSIP after-tax participant contributions (made before October 1, 1984) for any reason at any time. Any such withdrawal must be in an amount not less than the lesser of \$100 or the remaining amount available. Withdrawals are limited to one every six months.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for discussion of fair value measurements.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Investment Valuation and Income Recognition (Continued)**

The Plan's investment in the Master Trust represents the fair value of the Plan's proportionate share of the underlying net assets of the Master Trust. The pro rata share of investment income represents the Plan's proportionate share of total investment income of the Master Trust. Investment income includes recognition and allocation of interest income, dividend income, and realized and unrealized gains and losses, based upon each participating plan's share of the underlying net assets.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Master Trust Investment Fund**

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Master Trust was approximately 14.85% and 15.43%, respectively. Investment income and administrative expenses relating to the Master Trust are allocated to individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

**Benefit Payments**

Benefit payments to participants are recorded upon distribution.

**Administrative Expenses**

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

**Subsequent Events**

The Plan has evaluated subsequent events through August 21, 2024, the date the financial statements were available to be issued.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 5 FAIR VALUE OF INVESTMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

*Level 1* – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Collective Trust Funds and Mutual Funds**

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

*Collective Trust Funds* – Valued at the NAV of units of the bank collective trust. NAV is a readily determinable fair value and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**VOLVO INVESTMENT PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2023 AND 2022**

**NOTE 6 RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 7 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions in and of ERISA. In the event of Plan termination, the participants would become 100% vested in their Company contributions.

**NOTE 8 PLAN TAX STATUS**

The Plan is placing reliance on an opinion letter dated October 2, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**NOTE 9 PARTY-IN-INTEREST TRANSACTIONS**

The recordkeeping services and management of the investments are provided by Transamerica Retirement Solutions and State Street Bank and Trust Company, the recordkeeper and the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
