Savings Program, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kendrion (Shelby), Inc. Savings Program's financial statements performed in accordance with ERISA Section 103(a)(3)(C) Pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

- the information in the financial statements referred to above related to assets held by and certified to be a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kendrion (Shelby), Inc. Savings Program and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kendrion (Shelby) Inc. Savings Program's ability to continue as a going concern for one year after the date financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of

assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kendrion (Shelby), Inc. Savings Program's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kendrion (Shelby), Inc. Savings Program's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets – Modified Cash Basis as of December 31, 2023 and 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules – modified cash basis, we evaluated whether the supplemental schedules – modified cash basis, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedules – modified cash basis, other than the information in the supplemental schedules- modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules – modified cash basis related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KENDRION (SHELBY), INC. SAVINGS PROGRAM
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

1. DESCRIPTION OF PLAN:

The following brief description of the Kendrion (Shelby), Inc. Savings Program (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General - The Plan was adopted April 1, 2007 (contributions began in May, 2007) for the benefit of the employees of Kendrion (Shelby), Inc. (previously FAS Controls, Inc.) (Company). The Plan is a defined contribution plan complying with the requirements of the Employee Retirement Income Security Act of 1974. The Plan qualifies under Section 401(k) of the Internal Revenue Code of 1954, as amended, and is, therefore, exempt from federal income tax. Eligible employees may defer current salary as before-tax contributions or may contribute funds as after-tax contributions to their Roth 401(k) account.

The Plan assets are held and administered by the plan trustee, Reliance Trust Company.

Amendments to the Plan - There were no current year amendments to the plan.

Participation in the Plan - All employees of the Company who were 18 years of age and employed on April 1, 2007 became participants at that date. Beginning in 2020, new employees may enter the Plan on the first day of the month following three months of service.

Employee Contributions - Participants may elect a salary deferral of up to ninety percent of their compensation for the period.

Employer Contributions - In advance of each plan year, the Board of Directors of the Company, at its discretion, determines the percentage match of the participant's salary contribution not to exceed six percent of compensation. The matching contribution is remitted to the trustee on a bi-weekly basis. The Company's contribution was based on a 66.6% matching of the participant's contribution up to 6% (50% matching up to 6% prior to February 2016). At each plan year end, the Company may contribute a discretionary amount as determined by the Board. Any discretionary contribution is allocated to the accounts of each eligible participant disregarding the status of the participant's current election to contribute. Discretionary contributions are applied to participants' accounts who have 1000 hours during the year and are employed on the last day of the plan year. No discretionary contributions were made for the periods ended December 31, 2023 or 2022.

Participant Loans - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their nonforfeitable account balance. Loan terms range from 1-5 years or up to 30 years for a home loan. The loans are secured by the balance in the participant's account and bear interest at a rate equal to prime plus 1% (9.50% at December 31, 2023).

Investment of Contributions - The Company places funds with common trust or mutual funds at the direction of the participant.

1. DESCRIPTION OF PLAN (Continued):

Vesting - A participant is at all times 100% vested in his salary savings account. The participant is 100% vested in his share of the employer account after two years, of credited service. Each participant becomes 100% vested upon attainment of normal retirement age, death or disability. Discretionary contributions are vested on a six year schedule.

Upon termination of employment for any reason, other than retirement or death, a participant is entitled to their salary savings account and their vested share of the employer account. The nonvested portion of the participant's account is used to cover plan expenses or is used to reduce matching contributions or nonelective contributions as determined by the Company. No forfeitures were reallocated to the participants' accounts for the periods ended December 31, 2023 and 2022. Forfeitures of \$2,989 and \$8,153 were used to reduce employer contributions for the years ended December 31, 2023 and 2022, respectively. The forfeiture account balances were \$747 and \$449 for the years ended December 31, 2023 and 2022, respectively.

Payment of Benefits - Benefit payments are payable in lump sum payments (or installments for required minimum distributions) after the written application and proof of eligibility is approved. Vested benefits may be taken after retirement or separation of service. In service distributions (other than hardship) may be taken after age 59 1/2 years.

Termination of the Plan - While the Company expects to continue the Plan indefinitely, it is not contractually obligated to do so. In the event of a plan termination, each participant affected becomes 100% vested in the amount in his individual account.

Administrative Expenses - The expenses of administering the Plan may be paid either by the Company or from the Plan funds. Administrative expenses include administrative fees, trustee fees and audit fees.

Related Party Transactions and Party in Interest Transactions - Certain Plan investments are managed by Reliance Trust Company (Reliance) who is the trustee for the Plan, and therefore, these transactions qualify as party in interest transactions. Reliance Trust Company provides certain administrative services to the Plan pursuant to a services agreement between the Company and Reliance. Reliance receives revenue from the Company or mutual fund service providers for services Reliance provides to the funds. ADP, Inc. is the third-party administrator or recordkeeper for the Plan. ADP, Inc. also provides the Company with all payroll services. The Company pays for these services directly which would qualify as party in interest transactions. Kestra Advisory Services provides financial and investment advisory services to the Plan, the payment for which would be considered party in interest transactions. Smith, Stevens & Ford, PA is the auditor of the Plan.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such

1. **DESCRIPTION OF PLAN (Continued):**
changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. **SUMMARY OF ACCOUNTING POLICIES:**
Basis of Accounting – The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. That basis differs from generally accepted accounting principles in that employer and employee contributions are recorded on the cash basis, purchases and sales of securities are recorded on the trade date and investment income is recorded as received.

Valuation of Investments – Common trust and mutual funds are valued at quoted prices from an active market provided by the Trustee. Realized gains (losses) on investment dispositions and unrealized appreciation (depreciation) on investment holdings are added to (deducted from) assets available for benefits.

Investments and Fair Value Disclosures – Investments are stated at fair market value (Note 4). In accordance with the modified cash basis of accounting, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

In determining fair value, the Plan uses various valuation approaches. In accordance with the modified cash basis of accounting, a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 – Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

2. SUMMARY OF ACCOUNTING POLICIES (Continued):

The stable value fund is valued at net asset value (NAV) which is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Cash – The Trustee considers all investment instruments purchased with an original maturity of three months or less to be cash equivalents.

Estimates and Assumptions - The preparation of financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY TRUSTEES:

The following is a summary of the information included in the Plan's financial statements as of December 31, 2023 and 2022 for the years then ended, that was prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that such information is complete and accurate.

6. TAX STATUS:

The third party administrator filed for exemption from federal income taxes on the prototype plan under Section 401(k) of the Internal Revenue Code and received its latest favorable determination October 6, 2020. Therefore, no provision for income taxes has been included in the Plan's financial statements and no uncertain tax positions were noted. The Plan's tax years open to audit are 2020-2023.

7. BENEFITS ATTRIBUTABLE TO WITHDRAWING PARTICIPANTS:

The financial statements of the Plan do not include an accrual for benefits attributable to participants who have elected to withdraw from the Plan, but who have not been paid such benefits as of December 31. This method is in accordance with the revised AICPA Audit and Accounting Guide for Audits of Employee Benefits Plans. The benefits attributable to such participants at December 31, 2023 are \$602,388.

8. REVIEW FOR SUBSEQUENT EVENTS:

In connection with the preparation of the financial statements of the Plan as of and for the year ended December 31, 2023, events and transactions subsequent to December 31, 2023 through the date the financial statements were issued, have been evaluated by the Plan's management for possible adjustment and/or disclosure.

On December 23, 2022, Congress passed the consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's financial statements.

Subsequent to year end, it was discovered that the eligible compensation used did not include all of the categories of earnings that should have been included per the plan adoption agreement. The Company calculated the missed deferral and match contributions which was approximately \$30,000 and has deposited into the account to make the participants whole. The amount is not accrued as the financial statements are on the modified cash basis.

Also subsequent to year end, the sponsoring company to the plan is being sold. This should have little to no affect on the plan at this time.
