INDEPENDENT AUDITOR'S REPORT

Retirement Plan Committee
Patterson & Dewar Engineers, Inc. Profit Sharing Plan
Norcross, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Patterson & Dewar Engineers, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Patterson & Dewar Engineers, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Patterson & Dewar Engineers, Inc. Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence

we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Patterson & Dewar Engineers, Inc. Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Patterson & Dewar Engineers, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Patterson & Dewar Engineers, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PATTERSON & DEWAR ENGINEERS, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2023 AND 2022

1. Description of Plan:

The following description of the Patterson & Dewar Engineers, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to eligible employees of Patterson & Dewar Engineers, Inc. (the "Sponsor"). Participants may direct contributions to the Plan to be characterized as pre-tax, after-tax through the Roth 401(k) feature, or a combination of both. In addition, the Plan provides for a profit sharing arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute 100% of eligible earnings, up to the limit established by the Internal Revenue Code. The Sponsor may elect to match a portion of participants' contributions, but did not do so for the years ended December 31, 2023 and 2022. Participants may also contribute amounts representing distributions from other qualified retirement savings plans. The Sponsor makes a safe harbor qualified nonelective contribution equal to 3% of compensation for each participant who is eligible to make elective deferrals during the plan year. Profit sharing contributions are allocated proportionally based on each participant's eligible salary as a percentage of total participants' eligible salaries.

Participant Accounts

Employees are eligible to contribute to the Plan on the first day of the calendar month after attaining age 18 and completing three months of eligible service, as defined in the plan document. New employees who do not affirmatively opt out of participation are automatically enrolled after reaching eligibility at a 3% contribution rate. Employees are eligible to receive matching contributions on the first day of the calendar month after attaining age 18 and completing one year with 1,000 hours of eligible service, as defined in the plan document. Employees are eligible to receive profit sharing contributions on the first day of the calendar quarter after attaining age 18 and completing one year with 1,000 hours of eligible service, as defined in the plan document. Individual accounts are maintained for each participant to which individual contributions, investment income and administrative expenses are allocated. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employees are immediately vested in their contributions and safe harbor contributions, plus actual earnings thereon. Vesting in profit sharing contributions and matching contributions, plus actual earnings thereon, is based on years of continuous service. Participants are 100% vested in these balances after six consecutive years of service.

Forfeited Accounts

Forfeited balances are used to reduce Sponsor safe harbor contributions or reallocated to eligible participants based on each participant's eligible salary as a percentage of total participants' eligible salaries. At December 31, 2023 and 2022, the Plan's assets include forfeited balances of \$42,333 and \$22,586 available for such usage. During 2023, the Sponsor used \$29,082 of forfeitures to reduce safe harbor contributions. During 2022, the Plan reallocated \$42,583 of forfeitures to eligible participants based on 2021 salaries. Subsequent to December 31, 2023, the Plan reallocated \$40,000 of forfeitures to eligible participants based on 2023 salaries.

Notes Receivable from Participants

Eligible participants may borrow an amount up to the lesser of 50% of their vested account balance or \$50,000. The minimum amount of a loan is \$1,000. The participant's vested account balance serves as collateral for the loan. Loans bear interest at the prime rate. The maximum loan term is five years unless used for the purchase of a primary residence, in which case the term may extend to ten years.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of 32 investment options:

American Funds New World Fund Class R-6

In addition, participants may elect to direct contributions to a self-directed brokerage account, which allows investments in additional mutual funds, individual equity issues, bonds, U.S. Treasury instruments and certificates of deposit.

Benefit Payments

Retirement, death, disability and other payments to beneficiaries are recorded when paid. The Plan provides various options for payment of vested benefits, including lump sum and periodic installments.

ERISA Spending Account

The Sponsor and Fidelity Management Trust Company ("FMTC"), the plan trustee, have established an ERISA Spending Account, or Revenue Credit Account ("RCA"), funded by deposits from the trustee. Funds in the RCA are treated as plan assets and must be used to reimburse the Sponsor for permissible plan expenses incurred or allocated to participants, as described in the amendment to the trust agreement. Such funds are provided when certain credits exceed the amount required to offset recordkeeping and administrative service fees charged by the trustee, as detailed in the amendment. Such amounts are deposited quarterly in arrears. Funds are invested in the Fidelity Government Money Market Fund. Funds deposited to the RCA are recorded as contributions- other.

Contributions of \$28,219 and \$31,827 were made to the RCA for the years ended December 31, 2023 and 2022. The balance of the RCA is \$132,539 and \$98,989 at December 31, 2023 and 2022.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The Plan's financial statements are presented on the accrual basis of accounting.

Investment Valuations and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's realized and unrealized gains and losses from registered investment companies.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses

Fees for investment advisory services are paid by the Plan. Most other expenses incurred in the administration of the Plan, other than expenses charged for individual participant-initiated transactions, are paid by the Sponsor.

Date of Management's Review

In accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 855, *Subsequent Events*, management has performed a review of the Plan's subsequent events and transactions through August 1, 2024, which is the date the financial statements were available for issue.

3. Fair Value Measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FASB ASC 820 establishes a fair value hierarchy which prioritizes the inputs used to measure fair value. FASB ASC 820 requires an entity to maximize the use of observable inputs when measuring fair value. The following provides a description of the three levels of inputs that may be used to measure fair value under FASB ASC 820.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology are quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active, or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3 - Inputs to the valuation methodology are unobservable inputs based upon management's best estimate of inputs market participants could use in pricing the asset or liability at the measurement date, including assumptions about risk.

The following are descriptions of the investments and valuation methodologies used for assets measured at fair value:

Shares of registered investment companies: These public investment securities are valued using their net asset value ("NAV"). The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Self-directed investment account: The account is valued at the net asset value of the shares held by the Plan at year-end, which is based on the fair value of the underlying assets. The underlying assets have quoted prices in active markets.

Common collective trust: The Plan invests indirectly in a fully benefit-responsive investment contract through the Putnam Stable Value Fund ("SVF"). The Plan uses the NAV per share of the SVF provided by the SVF's trustee as a practical expedient to estimate fair value. The practical expedient would not be used if it were determined to be probable that the Plan would sell investments in the SVF for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the SVF, its trustee reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. SVF units are issued and redeemed daily at the constant NAV of \$1 per unit.

Investments as measured at fair value on a recurring basis by input type consist of the following at December 31, 2023:

	Fair Value Measurements Using Input Type			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 68,430,224	\$ -0-	\$ -0-	\$ 68,430,224
Self-directed investment account	2,775,121	-0-	-0-	2,775,121
Assets in the fair value hierarchy	71,205,345	-0-	-0-	71,205,345
Common collective trust (a)				3,179,013
Total investments measured at fair value	\$ 71,205,345	\$ -0-	\$ -0-	\$ 74,384,358

Investments as measured at fair value on a recurring basis by input type consist of the following at December 31, 2022:

	Fair Value Measurements Using Input Type			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 59,201,266	\$ -0-	\$ -0-	\$ 59,201,266
Assets in the fair value hierarchy	59,201,266	-0-	-0-	59,201,266
Common collective trust (a)				3,551,438
Total investments at fair value	\$ 59,201,266	\$ -0-	\$ -0-	\$ 62,752,704

(a) Certain investments that are measured at the net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Information Provided by the Trustee:

The following information included in the accompanying financial statements and supplemental information was provided and certified by FMTC, the plan trustee, as complete and accurate:

- Investments in registered investment companies and self-directed investment account at fair value
- Interest in common collective trust at net asset value
- Interest and dividend income
- Net appreciation or depreciation in fair value of registered investment companies and self-directed investment account
- Net gain from interest in common collective trust

5. Net Assets Available for Benefits:

Net assets available for benefits include amounts allocated to the accounts of participants terminating employment with the Sponsor prior to year-end, but which had not been distributed from the Plan as of year-end. At December 31, 2023 and 2022, the undistributed vested account balances of terminated participants total \$7,434,542 and \$5,921,591.

6. Plan Termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of full or partial termination of the Plan, participants who are employees as of the termination date become fully vested in their accounts.

7. Tax Status:

The Plan is based on a pre-approved plan which obtained its latest determination letter effective June 30, 2020, in which the Internal Revenue Service stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was amended subsequent to the effective date of this letter in order to meet legal requirements or Plan goals. However, the plan administrator believes the Plan was designed and operated in accordance with the applicable requirements of the Internal Revenue Code, and that the Plan was qualified and the related trust was tax-exempt at all times during the years ended December 31, 2023 and 2022.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan in its annual Form 5500 informational tax filing. The Plan records a liability for uncertain tax positions when it is more likely than not that a tax position would not be sustained upon examination by the taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Exempt Party-In-Interest Transactions:

Most members of the Retirement Plan Committee are also participants in the Plan. Certain employees of the Sponsor, who may also be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

An affiliate of FMTC manages certain funds in which plan assets are invested. Transactions with these funds qualify as exempt party-in-interest transactions. In addition, FMTC charges participant accounts for fees relating to participant-directed investment transactions and investment advisory services, as authorized by the Plan, which also qualify as exempt party-in-interest transactions.

Participants in the Plan are permitted to borrow funds from their vested balance as described in Note 1. These transactions qualify as exempt party-in-interest transactions.

9. Risks and Uncertainties:

The Plan invests in various types of instruments which are more fully described elsewhere. These instruments are subject to various risks, such as interest rate and credit risks and overall market volatility. Due to the level of risk associated with certain instruments, it is reasonably possible that changes in the values of these instruments will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the financial statements.

The Plan's management believes exposure to concentrations of the above-described risks is limited by the diversification of investments across the participant-directed fund elections. Investment decisions are made, and the resulting risks are borne, exclusively by the participant who made such decisions.

10. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
