Independent Auditor's Report

To the Plan Administrator and Participants of
Comprehensive Senior Care Corporation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Comprehensive Senior Care Corporation 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by the ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Comprehensive Senior Care Corporation 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Comprehensive Senior Care Corporation 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe

that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Comprehensive Senior Care Corporation 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Comprehensive Senior Care Corporation 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Comprehensive Senior Care Corporation 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) for the year ended December 31, 2023, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA,
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Comprehensive Senior Care Corporation 403(b) Plan

Notes to Financial Statements

1. **Nature of Business and Significant Accounting Policies**

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administration of the Plan - Expenses of administration, except custodian and investment advisor fees, are paid by Comprehensive Senior Care Corporation ("the Organization").

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Distributions of Employee Account Balances - Distributions are recorded when paid. Amounts allocated to accounts of participants who have elected to withdraw from the Plan, but have not yet been paid, were \$-0- and \$-0- at December 31, 2023 and 2022, respectively.

Expenses - Certain expenses of monitoring the Plan are paid by the Organization and therefore, are excluded from the financial statements. Record keeping fees are shown in the financial statements.

Subsequent Events - Subsequent events have been evaluated through August 29, 2024, which is the date the financial statements were available to be issued.

Comprehensive Senior Care Corporation 403(b) Plan

Notes to Financial Statements

2. Description of Plan	The following description of the Comprehensive Senior Care Corporation 403(b) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. <u>General</u> - The Plan is a defined contribution 403(b) profit-sharing plan, established March 1, 2010, covering all full-time employees of the Organization who are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Organization oversees governance of the Plan. <u>Tax Status</u> - The Plan is a qualified plan under the Internal Revenue Code and is exempt from federal income taxes under Section 403(b) of the Code. All tax years remain statutorily open for review. <u>Contributions</u> - Participants may contribute a portion of their annual cash basis compensation to the limit as permitted by law. The Organization may make discretionary contributions to match a percentage of participant contributions of staff member employees. The Organization elected to make a discretionary matching contribution to the plan for the year ending December 31, 2023 and 2022. The employer's discretionary matching contribution is paid into the Plan each payroll period. Contributions totaled \$258,427 and \$247,290 for the years ended December 31, 2023 and 2022, respectively. <u>Participant Accounts</u> - Each participant account is credited with the participant's contributions, the employer's matching amount, and an allocation of Plan earnings and expenses. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. <u>Vesting</u> - Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Organization's discretionary contribution portion of their accounts plus actual earnings thereon is also immediate. <u>Payment of Benefits</u> - Once a participant reaches age 65, participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. For termination of service due to other reasons, participants can elect to get a distribution for their vested account balance, net of tax. Hardship distributions are allowable under the plan, but certain criteria must be met before any hardship withdrawal is distributed. A participant may elect to receive an early distribution equal to their vested account balance.

Notes to Financial Statements

3. Investments

The Plan's investments (including gain and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$757,755 and \$(721,914) for the years ended December 31, 2023 and 2022 as follows:

For the year ended December 31,	2023	2022
Pooled separate accounts	\$ 757,755	\$ (721,914)
Total	\$ 757,755	\$ (721,914)

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

		Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	
December 31, 2023	Fair Value		
Pooled separate accounts	\$ 4,998,466	\$	4,998,466

		Fair Value Measurements Using:	
		Quoted Prices in Active Markets for Identical Assets (Level 1)	
December 31, 2022	Fair Value		
Pooled separate accounts	\$ 3,651,418	\$	3,651,418

Accounting Standards Codification 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair values of pooled separate accounts are valued at quoted prices in active markets for identical or similar securities.

Comprehensive Senior Care Corporation 403(b) Plan

Notes to Financial Statements

5.	Plan Termination	Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
6.	Tax Status	The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2017-71 [or the draft Listing of Required Modifications issued April 4, 2009]. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).
7.	Certification of Information by Plan Trustee	As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator has elected to utilize the certification of certain financial information by American United Life Insurance Company in compliance with the audit requirements of the Act. All information included in the financial statements, except employer and employee contributions, benefits paid to participants, and administrative costs, were derived from data certified by American United Life Insurance Company.
8.	Risk and Uncertainties	The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
9.	Group Annuity Contract With American United Life Insurance Company	In 2017, (the Plan) entered into a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Comprehensive Senior Care Corporation 403(b) Plan

Notes to Financial Statements

9. Group Annuity Contract With American United Life Insurance Company - Continued

The Contract offers a fixed interest investment option ("Fixed Option") through AUL's general account and a number of variable investment options through an AUL pooled separate accounts. Thus, participants can select the option(s) that reflect their individual investment style and risk tolerance. Under the Contract, it is possible to make transfers between the various options and to redirect the investment of future contributions as specified by the governing Plan document and Contract provisions.

Fixed Option

Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general account investment policy. The objective of that investment policy is to maximize long-term, risk-adjusted returns. AUL's general account assets are predominately fixed-income investments (bonds, mortgages, and private placements). The average maturity for these assets is just over 10 years, and the average duration is between 7 and 8 years. The quality of these investments is high.

Following are some features and characteristics of the Fixed Option:

- Interest rates are declared in advance as described in the contract and will always equal or exceed the contractually guaranteed rate.
- All benefit-responsive Plan benefit payments and transfers out of the fixed option (as outlined in the Contract) made prior to Contract liquidation are made at book value (principal invested plus interest earned).
- Transfers in and out of the Fixed Option are permitted based on the contract.

For the Fixed Option, the contract value is equal to the principal invested plus interest earned (also known as the participant's Fixed Option "Account Value"). Pursuant to ASC 962 – *Plan Accounting - Defined Contribution Pension Plans*, we believe contract value is an appropriate determination of fair value for the Fixed Option. Participant-initiated benefit-responsive Plan withdrawals from the Fixed Option and transfers between the Fixed Option and the variable investment options, as allowed under the terms of the Plan and the Contract, are performed at contract value. The Contract's Fixed Option has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows. The reported values for the Fixed Option are reported daily based on the valuation formula disclosed in the Contract, as calculated by AUL.

Liquidation of the entire Contract may cause a one-time adjustment to the aggregate contract value of the Fixed Option, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan

participants, and can only be initiated by the Plan Trustee(s) upon termination of the Plan or complete termination of the Contract.

Pooled Separate Accounts

Amounts allocated to a variable investment account within an AUL pooled separate accounts are credited to a participant's account in the form of accumulated units. The value of an accumulated unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares and the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the Contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the contract holder and/or the participant.

Termination

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

The termination and subsequent distribution of the entire contract may result in the application of a surrender charge and/or a one-time adjustment to the aggregate fixed option value. This is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan trustee(s) or plan sponsor. The contract termination value includes a provision for a market value adjustment and a surrender charge. This value is available upon request, but AUL does not believe termination value is an appropriate measure of fair value. The Plan may also be eligible for installment payments over 5 years.

10.	Related Party Transaction and Party in Interest Transactions	Certain plan investments managed by American United Life Insurance Company, the custodian. American United Life Insurance Company fees are indirectly paid by the Plan and amounted to \$14,168 and \$12,268 for the year ended December 31, 2023 and 2022, respectively. Additionally, the Plan paid two investment advisors firms, TDM Retirement Services, LLC and Mercer Advisors, totaling \$22,253 and \$19,985 in 2023 and 2022, respectively. All of the party in interest transactions are exempt from the prohibited transaction rule of ERISA.
