INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee, Plan Administrator and Participants of
Lupin Pharmaceuticals, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Lupin Pharmaceuticals, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Retirement Plan Committee, Plan Administrator and Participants of
Lupin Pharmaceuticals, Inc. 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Retirement Plan Committee, Plan Administrator and Participants of
Lupin Pharmaceuticals, Inc. 401(k) Profit Sharing Plan

Auditor's Responsibilities for the Audit of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan, established on April 1, 2004, is a defined contribution plan. The Plan covers all eligible employees of Lupin Pharmaceuticals, Inc., Lupin, Inc., Lupin GmbH, Novel Laboratories, Inc., Lupin Latam Inc., Lupin Research, Inc., and Lupin Management, Inc. (collectively, the Companies). The Plan is subject to the provisions of ERISA.

Eligibility - The Plan covers substantially all employees who are 21 years of age or older. Employees who are nonresident aliens, residents of Puerto Rico, leased employees, or those covered by a collective bargaining agreement that does not provide for their participation are not eligible to participate in the Plan. Eligible employees may enter the Plan upon the first day of the month following their date of hire.

Contributions - Each year, participants may elect to contribute from 1% up to 90% of their eligible compensation, as defined, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or Roth after-tax deferral contributions. Under the Plan's automatic enrollment provision, a pre-tax deferral contribution of 3% of eligible compensation (as defined) will automatically be elected, unless otherwise directed by the employee, and will automatically increase 1% (unless the participant elects a higher increase) each year up to a maximum of 8% (unless the participant elects a higher maximum). Participants may also enter into a separate salary reduction agreement with respect to bonus compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Companies may provide the following contributions on behalf of participants:

A safe harbor matching contribution equal to 100% of a participant's elective deferrals up to 3% of eligible compensation plus 50% of a participant's elective deferrals that exceed 3% but do not exceed 6% of a participant's eligible compensation. The Plan's provisions also provide for a true-up provision under which a participant's safe harbor matching contribution is re-determined on the last day of the plan year based on the participant's elective contributions during the plan year. For 2022, safe harbor matching contributions (including the true-up) totaled \$1,881,813, of which \$270,886 are reported as employers contributions receivable on the Statement of Net Assets Available for Benefits at December 31, 2022.

A discretionary contribution determined by the Companies' Board of Directors. The contribution is to be allocated as of the last day of the plan year by using an integrated formula (as defined). No discretionary contribution was made for 2022.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs), as defined in the Plan. For 2022, the Companies' QNECs and QMACs totaled \$0 and \$0, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into various registered investment companies (mutual funds) and common/collective trust funds offered by the Plan. For those participants who do not make an investment selection, their contributions and the related Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions, QNECs, QMACs and the Companies' safe harbor and previous non-safe harbor matching contributions, plus earnings thereon. Vesting in the Companies' discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service. Regardless of the vesting schedule, participants will become fully vested upon reaching normal retirement age while an employee, or due to death or total and permanent disability.

Notes Receivable from Participants - Participants may borrow from their eligible fund accounts, as defined, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's nonforfeitable account balance. The notes are secured by the balance in the participant's account, bear interest at prime + 1% and can only exceed a repayment period of five years for the purchase of a principal residence and may not be greater than ten years. Only two notes may be outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums, fixed installment payments (as defined), or partial distributions and are payable upon termination of employment, death, disability, or retirement at age 65. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' discretionary contribution (due to participants' termination prior to full vesting) and payroll adjustments processed by the plan sponsor (to correct contribution overfunding) are to be used to pay administrative expenses and reduce future employer contributions. Any remaining forfeitures may be allocated to participants as a discretionary contribution. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$222,987 and \$28,328, respectively. No forfeitures or payroll adjustments were used during 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

LUPIN PHARMACEUTICALS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common/collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the trust funds, but do have an interest therein represented by units valued daily. The trust funds earn investment income which accumulates in the net asset value and is automatically reinvested in additional units and the trust funds are charged trustee fees monthly. Generally, contributions to and withdrawals from each trust fund are converted to units by dividing the amounts of such transactions by the unit values last determined (see Note 3), and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Contributions - Contributions from plan participants and the safe harbor matching contributions from the Companies are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment as they are paid through revenue sharing. Fees related to the administration of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses. An ERISA Budget Account funded by excess revenue sharing prior to 2019 is available to pay administrative expenses of the Plan. The balance of the account as of December 31, 2022 and 2021 was \$42,144 and \$45,150, respectively. Administrative expenses of \$3,619 were paid from the account during 2022.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

T. Rowe Price Retirement Trusts: The trust funds are valued daily at the NAV as provided by its trustee and are based on the fair value of the underlying trusts (offered by the trust company) which invest directly in securities. The NAV is used as a practical expedient to estimate fair value. Unit values are computed by dividing total net assets by the total number of units outstanding on the valuation date.

T. Rowe Price Stable Value Common Trust Fund: The trust fund primarily invests in fully benefit-responsive investment contracts. The trust fund is valued daily at the NAV as provided by its trustee and is based on the fair value of the underlying assets except for certain investment contracts that generally are valued at contract value. The NAV is used as a practical expedient to estimate fair value. Unit values are computed by dividing total net assets by the total number of units outstanding on the valuation date. The trust fund maintains a stable \$1 unit price.

Redemptions are processed daily at NAV. The T. Rowe Price Retirement Trusts' unitholders may be required to provide up to 30 days advance written notice to the trustee prior to redemption of units. Total or partial plan level withdrawals from the T. Rowe Price Stable Value Fund require 12 or 30 months' advance written notice, as applicable. However, the notice periods may be shortened or waived by the trustee in its sole discretion. There are no unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income on notes receivable from participants and dividend income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by T. Rowe Price Trust Company (T. Rowe Price), a qualified institution.

NOTE 5 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed T Rowe Price Retirement Plan Services Inc by a letter dated August 19, 2020, that the prototype plan adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

LUPIN PHARMACEUTICALS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments consist of common/collective trust funds managed by T. Rowe Price Trust Company and the U.S. Treasury Money Fund managed by T. Rowe Price Associates, Inc., related parties of T. Rowe Price Group, Inc. and therefore, these transactions qualify as party in interest transactions.

T. Rowe Price Retirement Plan Services, Inc. (TRPRPS), a subsidiary of T. Rowe Price Associates, Inc., provides certain administrative and recordkeeping services to the Plan pursuant to the Plan Recordkeeping Agreement (the Agreement) between Lupin Pharmaceuticals, Inc. and TRPRPS. In conjunction with the Agreement, TRPRPS receives certain administrative fees from non-proprietary mutual funds and the U.S. Treasury Money Fund as compensation for the recordkeeping and shareholder services it provides. These fees received reduce the amount of expenses that would otherwise be payable pursuant to the Agreement. On a quarterly basis, TRPRPS provides an allocation of fee credits to plan participants, as directed. The fee credits are included in Other Income on the Statement of Changes in Net Assets Available for Benefits. Participants also pay transactional fees relative to administration of notes receivable from participants and participant distributions. The Companies make payments to TRPRPS for per participant recordkeeping fees and other administrative expenses not covered by the administrative fees. Transactional fees paid to TRPRPS amounted to \$7,660 for the year ended December 31, 2022.

NOTE 7 - DELINQUENT CONTRIBUTIONS

DOL regulations require employee contributions (including loan repayments) be remitted as soon as they can be segregated from the plan sponsor's assets, but in no instance later than the fifteenth business day of the month following the month of the contribution. The Companies' procedures allowed for the employee contributions to be remitted as soon as reasonably segregated. However, there were various remittances in 2022 and 2017, totaling \$241,368, that exceeded this practice and as such are reported on the Schedule of Delinquent Contributions. Lost earnings on the late remittances will be calculated and remitted to the Plan for those amounts not yet corrected.

NOTE 8 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and the Company may terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer discretionary contributions.

LUPIN PHARMACEUTICALS, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2022 and 2021, 64% and 66%, respectively, of net assets available for benefits is invested in the T. Rowe Price Retirement Trusts; however, by their nature, these trusts are a diversified mix of equities and fixed income that rebalance over time.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 21, 2024, the date the financial statements were available to be issued.

Effective July 3, 2023, the plan document was restated to allow for in-plan Roth rollovers and to remove Lupin Latam Inc and Lupin GmbH as participating employers in the Plan. Executed on October 30, 2023, the plan document was further amended, effective September 1, 2023, to exclude temporary employees (as defined) unless such employee completes 1,000 hours of service during an eligibility computation period and to retroactively remove Lupin Latam Inc and Lupin GmbH as participating employers in the Plan effective January 1, 2021.
