INDEPENDENT AUDITORS' REPORT

To the Retirement Plan Committee and Participants of the Raftelis Financial Consultants, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Raftelis Financial Consultants, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with generally accepted auditing standards in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (the “ERISA-required supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

RAFTELIS FINANCIAL CONSULTANTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN

The following description of the Raftelis Financial Consultants, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees of Raftelis Financial Consultants, Inc. (the “Employer”) who are age twenty-one or older, have provided thirty days of service, and are not classified as an employee scheduled to work less than 1,000 hours. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Retirement Plan Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions - Each year, participants may contribute up to 90% of their annual eligible compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective April 1, 2023, automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Prior to April 1, 2023, automatically enrolled participants had their deferral rate set at 3% of eligible compensation. The Employer makes safe harbor nonelective contributions to the Plan for each eligible participant in an amount equal to 3% of the participant’s eligible compensation. Additional profit-sharing amounts may be contributed at the option of the Employer. For the years ended December 31, 2023 and 2022, the Employer made annual discretionary profit-sharing contributions totaling approximately \$630,000 and \$360,000, respectively. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

Participant Accounts - Each participant’s account is credited with the participant’s contributions and the Employer’s nonelective safe harbor contributions, as well as allocations of the Employer’s discretionary profit-sharing contributions and the Plan’s earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are vested immediately in their contributions and the Employer’s nonelective safe harbor contributions, plus actual earnings thereon. Vesting in the Employer’s discretionary profit-sharing contributions, plus actual earnings thereon, is based on years of continuous service. A participant is fully vested when they attain normal retirement age. Prior to normal retirement age, a participant’s interest in the discretionary profit-sharing contributions of the Employer vests 33% after one year of service, 67% after two years of service, and 100% after three years of service.

Notes Receivable from Participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined in the plan document. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a specified period of time. For termination of service for some other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. The Plan permits in-service and hardship withdrawals under certain conditions.

Forfeited Accounts - Benefit payments to terminated employees partially vested in the Plan include their vested portion of the Employer's profit-sharing contributions. The nonvested portion of terminated participants' account balances is used to reduce the Employer's future contributions or to pay for the administrative expenses of the Plan, as determined by the Employer at its sole discretion. As of December 31, 2023 and 2022, forfeited nonvested accounts available for future use totaled \$1,700 and \$10, respectively. During the years ended December 31, 2023 and 2022, the Employer's contributions were reduced by \$3,369 and \$3,628, respectively, from the use of forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Accounting Estimates - The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosure of fair value measurements. The Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Reliance Trust Company, the Trustee of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions - Contributions from participants are recorded as they are withheld from the participants' wages. Contributions from the Employer are recorded in the period in which the related participant contributions are due.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and management deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events - Management has evaluated subsequent events through August 28, 2024, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included in the financial statements and the ERISA-required supplemental schedule, that was prepared by, or derived from, information prepared by the Trustee and furnished to management. Management has obtained certifications from the Trustee that such information is complete and accurate as of and for the years ended December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
Assets:		
Mutual funds	\$ 30,938,722	\$ 24,745,769
Collective trust funds	\$ 1,021,730	\$ 935,001
Notes receivable from participants	\$ 196,323	\$ 124,345
Income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ 4,204,940	\$ (5,722,548)
Interest and dividend income	\$ 808,814	\$ 659,547
Interest income on notes receivable from participants	\$ 9,618	\$ 5,361

4. FAIR VALUE MEASUREMENTS

GAAP provides the framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 30,938,722	\$ -	\$ -	\$ 30,938,722
Total investments in the fair value hierarchy	<u>\$ 30,938,722</u>	<u>\$ -</u>	<u>\$ -</u>	30,938,722
Investments measured at NAV, as a practical expedient				<u>1,021,730</u>
Investments, at fair value				<u>\$ 31,960,452</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 24,745,769	\$ -	\$ -	\$ 24,745,769

Investments measured at NAV, as a practical expedient				<u>935,001</u>
Investments, at fair value				<u>\$ 25,680,770</u>

Fair Value of Investments in Entities that Use NAV as a Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of December 31, 2023 and 2022:

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund - stable value	\$1,021,730	None	Daily	None

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust fund - stable value	\$935,001	None	Daily	None

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Reliance Trust Company is the custodian and Trustee for the Plan and, therefore, transactions related to those services qualify as exempt party in interest transactions. ADP is the recordkeeper for the Plan and, therefore, transactions related to these services qualify as exempt party in interest transactions.

As described in Note 1, the Plan permits participants to borrow from their account balances. These transactions qualify as exempt party in interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

7. TAX STATUS

On October 6, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Internal Revenue Code ("IRC") Section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, management and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified and the related trust is tax exempt.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
