INDEPENDENT AUDITOR'S REPORT

The Plan Administrator of Bowers and Kubota Consulting 401(k) Profit Sharing and Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bowers & Kubota Consulting 401(k) Profit Sharing and Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B to the financial statements.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note B of the financial statements, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters – Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A – DESCRIPTION OF PLAN

The Bowers and Kubota Consulting 401(k) Profit Sharing and Retirement Plan (Plan) became effective on June 1, 1988, and amended and restated as of June 1, 2022. The following is a description of the Plan that provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

On January 1, 2020, Bowers + Kubota Consulting, Inc. (Company) completed an acquisition of Belt Collins Hawaii, LLC. Effective January 1, 2021, the Plan was amended to allow employees of Belt Collins Hawaii, LLC, to participate in the Plan. During 2021, the Belt Collins Hawaii, LLC, 401(k) Retirement Savings Plan was terminated and certain participants transferred their balances into the Plan.

General

The Plan is a voluntary defined contribution plan covering substantially all employees of the Company who have attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may make employee salary deferral contributions to the Plan up to the lesser of 100% of their eligible compensation or \$22,500 and \$20,500 in 2023 and 2022, respectively, adjusted annually for the cost of living, plus an additional \$7,500 and \$6,500 in 2023 and 2022, respectively, for employees age 50 and over. The Company makes matching contributions to the Plan of 100% of a participant's elective deferral, up to a maximum of 3% of a participant's eligible compensation. The Company may also elect on a year-to-year basis to make discretionary matching and profit sharing contributions. For the year ended December 31, 2023, the Company made a discretionary matching employer contribution of \$690,172. There were no discretionary matching or profit sharing contributions received by the Plan during the year ended December 31, 2022. Excess contributions are refunded in accordance with provisions of the Internal Revenue Code (Code). To be eligible for the employer matching, discretionary matching, and discretionary profit sharing contributions, the participant must be an employee of the Company on the last day of the plan year. Total contributions to each employee's account may not exceed the lesser of \$66,000 (\$73,500 if age 50 and older) in 2023 and \$61,000 (\$67,500 if age 50 and older) in 2022, or 100% of annual compensation, as defined.

Participant Accounts

Each participant's account is credited with the participant's and the Company's matching contributions; plus an allocation based on participant earnings or account balances of the Company's discretionary matching and profit sharing contributions, the Plan's net earnings (losses), and the forfeitures of terminated participants' nonvested benefits; less an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE A – DESCRIPTION OF PLAN (Continued)

Vesting

Participant voluntary contributions and the Company's matching contributions, and earnings thereon, are always 100% vested. For the discretionary matching and profit sharing contributions, participants are vested based on their number of years of service, defined as any plan year in which the employee works at least 1,000 hours. Participant vesting in those contributions are 20% after two years of continuous service, 40% after three years of continuous service, 60% after four years of continuous service, 80% after five years of continuous service, and 100% vested after six years of continuous service.

Notes Receivable from Participants

Participants may borrow up to the lesser of \$50,000 reduced by the participant's highest outstanding loan balance during the previous twelve months or 50% of their vested account balance. The note receivable must be repaid in five years unless the note is used to acquire a principal residence. The notes receivable are secured by the participants' account balances. Interest rates are set at the prevailing interest rates, at the time of the loan, which ranged from 4.25% to 9.50% and 4.25% to 6.50% for the years ended December 31, 2023 and 2022, respectively, and mature on various dates through August 2050. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

The vested amount in each participant's account is payable upon normal retirement, disability, death, or termination of employment. Participants may receive the entire value of their accounts in a single lump-sum payment or installments. For participant account balances of less than \$5,000, the amount will be distributed in a lump sum less applicable income tax withholdings.

Forfeitures

Termination of employment for reasons other than retirement, disability, or death results in a forfeiture of the nonvested portion of the participant's account balance. Forfeitures are first applied to the administrative expenses of the Plan and then to the employer matching contributions by the plan administrator. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$22,360 and \$45,334, respectively. Forfeited nonvested accounts used to reduce employer contributions of the Plan amounted to \$112,000 and \$0 for the years ended December 31, 2023 and 2022, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Except for investments, which are accounted for on the fair value basis, the Plan has prepared its financial statements on the basis of cash receipts and disbursements; consequently, certain additions to net assets available for benefits are recognized when received rather than when earned, and certain deductions from net assets available for benefits are recognized when paid rather than when the obligation is incurred. Accordingly, the accompanying financial statements are not intended to be presented in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, it is reasonably possible that such estimates may change in the near term, and such differences could be material to the financial statements.

Investment Valuation and Income (Loss) Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses are recognized when investments are sold or otherwise disposed of. Furthermore, realized gains and losses for reporting under ERISA are calculated based on participant specific costs, aggregated at the plan level. Interest income is recorded when it is received. Net appreciation (depreciation) in fair value is recognized as the fair value of the investments change. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note D for discussion of fair value measurements.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance. Interest income is recorded when received. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits

Benefits are recorded when paid.

**NOTES TO THE FINANCIAL STATEMENTS –

For the Years Ended December 31, 2023 and 2022

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses

Expenses are recognized when paid. Fees for the administration of notes receivable from participants and benefit payments to the participants are charged directly to the participant's accounts and are included in administrative expenses. Fees incurred by the Plan for investment management services are included in net earnings (losses) on investments.

NOTE C – CERTIFICATIONS FROM QUALIFIED INSTITUTION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and dividends for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the qualified institution of the Plan, as of and for the years ended December 31, 2023 and 2022.

NOTE D – FAIR VALUE MEASUREMENTS

The established framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation methodologies used to measure fair value. There are three levels of the fair value hierarchy. Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Level 3 inputs are unobservable and significant to the fair value measurement. The fair value measurement level of an asset or liability within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation methodologies used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan values investments in registered investment companies at quoted market prices, a Level 1 input. At December 31, 2023 and 2022, there were no investments valued using Level 2 or Level 3 inputs. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

NOTE E – TAX STATUS

The Plan has adopted the ADP, LLC Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service has determined and informed the Company by a letter dated July 14, 2014, that this profit sharing plan is qualified under section 401 of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

The modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America, requires uncertain tax positions to be recognized in the financial statements if they are more likely than not would not to fail upon regulatory examination. The plan administrator evaluated the Plan's tax positions as of December 31, 2023 and 2022 and for the years then ended, and determined that the Plan had no uncertain tax positions required to be reported. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any open tax periods.

NOTE F – RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan's assets are administered by and in the custody of Reliance Trust Company as of and for the years ended December 31, 2023 and 2022. Reliance Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE G – ADMINISTRATION OF PLAN ASSETS

The Plan is sponsored by the Company. Certain administrative functions are performed by officers or employees of the Company, who receive no compensation from the Plan. Certain administrative expenses are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. The determination of the amount, timing, and type of contributions are made by each participant.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants become 100% vested in their accounts.

NOTE I – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan and Company operate in the State of Hawaii. Local, national, and international events can have severe, adverse effects on economic conditions in Hawaii. These financial statements do not include the adjustments that would result if the Plan was to account for future losses or asset impairments, as the effects on the financial statements of the Plan from such changes in economic conditions are not presently determinable.

NOTE J – SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through August 29, 2024, which is the date the financial statements were available to be issued, and determined that the Plan did not have any subsequent events requiring adjustment to the financial statements or disclosure in the notes to the financial statements, except as disclosed below.

In February 2024, the Company elected to make a discretionary matching employer contribution of \$725,268 for the plan year ended December 31, 2023. The discretionary employer contribution will be recognized when received by the Plan.
