INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is sponsored by All Truck Transportation Co., Inc. and Emjay Sales and Leasing, Inc. (the “Company”), as defined in the Plan. The Plan is a defined contribution plan, that covers all full-time employees of the Company. The Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility. Employees, except those covered by a collective bargaining agreement or that are classified as overflow work drivers, are eligible to participate upon completion of three consecutive months of service.

Participant Contributions. An eligible employee may elect to contribute a flat amount or a percentage of their earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code (the “Code”). Participant contribution elections may be changed by participant at any time. A participant’s earnings consist of total cash compensation of an employee including vacation pay, bonuses, tips, and overtime pay in a plan year. Participants may also contribute “catch-up” contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions. The Company makes discretionary matching contributions equal to 50% of the participant's contributions, up to 4% of eligible compensation. The Plan also allows for the Company to make a discretionary nonelective contribution to those participants still actively employed on the last day of the Plan year and who have earned at least 1,000 hours of service during the Plan year. No such contribution was made for the year ended December 31, 2023.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, Company matching contributions, and allocation of (a) the Company’s discretionary non-elective contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their employee contributions plus actual earnings or losses thereon. Vesting in Company matching contributions and profit sharing, if any, and earnings thereon, is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options. Participants can direct employee and Company contributions into any of the several investment alternatives provided by the Fidelity Management Trust Company, the trustee of the Plan (“Trustee”) and qualified institution under ERISA. Participants may change their investment options at any time.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant’s account and bear interest at rates assigned at loan inception. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. On termination of service due to death, disability, or retirement or for any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment or partial withdrawal payments. In addition, hardship distributions out of the participant's voluntary contribution and vested Company contribution accounts are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2 from the participant's vested account balance.

Forfeitures. Forfeited balances of terminated participants' non-vested accounts are used to reduce Plan administrative expenses or future Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. There were no forfeited non-vested accounts as of December 31, 2023 and 2022. There were \$1,276 of forfeitures used to offset Employer contributions and to reduce Plan administrative expenses for the year ended December 31, 2023.

Concentrations of Credit Risk. As of December 31, 2023 and 2022, substantially all of the Plan's investments were held by Fidelity Management Trust Company (the "Trustee"), whom held the Plan's investments and executed all investment transactions.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Administrative Expenses. Expenses incurred in the administration of the Plan are paid by the Company. Loans and distribution processing fees are paid by the participants.

Adoption of Recent Accounting Pronouncements. Effective January 1, 2023, the Plan adopted new accounting guidance related to the measurement of estimated credit losses on financial assets measured at an amortized cost basis in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 326-20, Financial Instruments — Credit Losses (“ASC 326-20”). ASC 326-20 requires the Plan to estimate expected credit losses over the life of its financial assets as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts. The Plan records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the balance sheet that adjusts the asset's amortized cost basis. The Plan adopted the requirements of ASC 326-20 using the modified retrospective transition approach and the impacts of adopting the accounting guidance were not material to the financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Note 4: All investment balances.
- The schedule of assets held at the end of year as of December 31, 2023, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2.** Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds and Money Market Accounts. Valued at quoted market price.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,493,566	\$ -	\$ -	\$ 10,493,566
Money Market Accounts	1,768,948	-	-	1,768,948
Total investment in fair value hierarchy	<u>\$ 12,262,514</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,262,514</u>
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,023,902	\$ -	\$ -	\$ 10,023,902
Money Market Accounts	1,926,887	-	-	1,926,887
Total investment in fair value hierarchy	<u>\$ 11,950,789</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,950,789</u>

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

See Independent Auditor's Report.

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN**NOTES TO THE FINANCIAL STATEMENTS**

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received a favorable determination letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2023 through August 26, 2024, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of All Truck Transportation Co., Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is sponsored by All Truck Transportation Co., Inc. and Emjay Sales and Leasing, Inc. (the “Company”), as defined in the Plan. The Plan is a defined contribution plan, that covers all full-time employees of the Company. The Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility. Employees, except those covered by a collective bargaining agreement or that are classified as overflow work drivers, are eligible to participate upon completion of three consecutive months of service.

Participant Contributions. An eligible employee may elect to contribute a flat amount or a percentage of their earnings to the Plan, which are limited and subject to amounts established by the Internal Revenue Code (the “Code”). Participant contribution elections may be changed by participant at any time. A participant’s earnings consist of total cash compensation of an employee including vacation pay, bonuses, tips, and overtime pay in a plan year. Participants may also contribute “catch-up” contributions and amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Employer Contributions. The Company makes discretionary matching contributions equal to 50% of the participant's contributions, up to 4% of eligible compensation. The Plan also allows for the Company to make a discretionary nonelective contribution to those participants still actively employed on the last day of the Plan year and who have earned at least 1,000 hours of service during the Plan year. No such contribution was made for the year ended December 31, 2023.

Participant Accounts. Each participant’s account is credited with the participant’s contributions, Company matching contributions, and allocation of (a) the Company’s discretionary non-elective contribution, if any, and (b) Plan earnings or losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their employee contributions plus actual earnings or losses thereon. Vesting in Company matching contributions and profit sharing, if any, and earnings thereon, is based on years of service and is determined as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options. Participants can direct employee and Company contributions into any of the several investment alternatives provided by the Fidelity Management Trust Company, the trustee of the Plan (“Trustee”) and qualified institution under ERISA. Participants may change their investment options at any time.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant’s account and bear interest at rates assigned at loan inception. Principal and interest are paid ratably through payroll deductions.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. On termination of service due to death, disability, or retirement or for any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment or partial withdrawal payments. In addition, hardship distributions out of the participant's voluntary contribution and vested Company contribution accounts are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2 from the participant's vested account balance.

Forfeitures. Forfeited balances of terminated participants' non-vested accounts are used to reduce Plan administrative expenses or future Employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. There were no forfeited non-vested accounts as of December 31, 2023 and 2022. There were \$1,276 of forfeitures used to offset Employer contributions and to reduce Plan administrative expenses for the year ended December 31, 2023.

Concentrations of Credit Risk. As of December 31, 2023 and 2022, substantially all of the Plan's investments were held by Fidelity Management Trust Company (the "Trustee"), whom held the Plan's investments and executed all investment transactions.

Recent Legislation. The SECURE Act 2.0 was signed into law on December 23, 2022. The SECURE Act 2.0 allows more part-time workers to participate, increases the age for required minimum distributions and reduces the penalty for missed minimum distributions, permits plan participants to elect to receive vested employer contributions on an after-tax basis, and allows penalty free withdrawal for terminal illness, effective January 1, 2023. Additionally, it will allow for higher catch-up contributions, allow for matching contributions on student loan payments, permit plan sponsors to add an emergency savings account to their retirement plans, increase the availability of penalty-free withdrawals, and add automatic enrollment error relief provisions, effective January 1, 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared on the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies are determined utilizing information provided by the Trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Benefit Payments. Benefits are recorded when paid.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Administrative Expenses. Expenses incurred in the administration of the Plan are paid by the Company. Loans and distribution processing fees are paid by the participants.

Adoption of Recent Accounting Pronouncements. Effective January 1, 2023, the Plan adopted new accounting guidance related to the measurement of estimated credit losses on financial assets measured at an amortized cost basis in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 326-20, Financial Instruments — Credit Losses (“ASC 326-20”). ASC 326-20 requires the Plan to estimate expected credit losses over the life of its financial assets as of the reporting date based on relevant information about past events, current conditions, and reasonable and supportable forecasts. The Plan records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the balance sheet that adjusts the asset's amortized cost basis. The Plan adopted the requirements of ASC 326-20 using the modified retrospective transition approach and the impacts of adopting the accounting guidance were not material to the financial statements.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan’s financial statements and supplemental schedule that was prepared by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income (loss) and interest on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Note 4: All investment balances.
- The schedule of assets held at the end of year as of December 31, 2023, as shown on Form 5500, Schedule H, Part IV, Line 4i.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1.** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2.** Inputs to the valuation methodology include the following:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds and Money Market Accounts. Valued at quoted market price.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,493,566	\$ -	\$ -	\$ 10,493,566
Money Market Accounts	1,768,948	-	-	1,768,948
Total investment in fair value hierarchy	<u>\$ 12,262,514</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,262,514</u>
	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 10,023,902	\$ -	\$ -	\$ 10,023,902
Money Market Accounts	1,926,887	-	-	1,926,887
Total investment in fair value hierarchy	<u>\$ 11,950,789</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,950,789</u>

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by the Trustee, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are not, however, considered prohibited transactions under ERISA regulations. Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – TAX STATUS

See Independent Auditor's Report.

ALL TRUCK TRANSPORTATION CO., INC. 401(k) PROFIT SHARING PLAN**NOTES TO THE FINANCIAL STATEMENTS**

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received a favorable determination letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the Code. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds, registered investment companies and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2023 through August 26, 2024, the date the accompanying financial statements were available to be issued, and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
