Independent Auditors' Report

To the Plan Participants and Plan Administrator
BayCare Health System Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of BayCare Health System Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and December 31, 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

(1) Description of Plan

The following description of the BayCare Health System Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions. The BayCare Retirement Committee (the Retirement Committee) is responsible for the oversight of the Plan. The Plan's investment advisor determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Retirement Committee.

(a) General

The Plan is a 401(k) profit sharing plan established on October 1, 2001 through the merger of the Morton Plant Mease Health Care 401(k) Plan, the Morton Plant Mease Health Care Retirement Plan, the St. Anthony's Savings Plan, the St. Joseph's Diagnostic Center 401(k) Savings Plan, the St. Joseph's Same-Day Surgery Center 401(k) Savings Plan, and the Money Purchase Retirement Plan for Employees of South Florida Baptist Hospital (the Merged Plans). Any employee who was a participant in the Merged Plans became a participant in the Plan as of the effective date. All other employees of BayCare Health System, Inc. (the Employer) became eligible to participate in the Plan immediately. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

The Plan allows for both elective and nonelective contributions. Participants may make elective contributions to the Plan, limited to \$ 22,500 in 2023 and \$20,500 in 2022. Participants who have reached age 50 or will reach age 50 during the calendar year may elect to contribute up to the IRS maximum of \$30,000 to the Plan in 2023 and \$27,000 in 2022.

These elective contributions are matched by the Employer equal to 50% of the first 6% of the employees' eligible plan compensation. To be eligible to receive the quarterly matching contribution, a participant must be employed on the last day of the plan year, or if retired during the year, a participant must have attained normal retirement age of 65 to receive the quarterly matching contribution.

In addition, the Employer shall contribute to the Plan a nonelective contribution equal to 2% of participant's eligible plan compensation for the year. Participants must complete a year of service and be age 18 to meet initial eligibility. Upon meeting eligibility, participants must be employed on the last day of the plan year to receive this annual contribution, or if retired during the year, a participant must have attained normal retirement age of 65 to receive the annual core contribution.

Newly hired and rehired team members are automatically enrolled with a 3% deferral unless they elect to opt out. In addition, team members who are contributing 0% will be increased to 3%, and team members contributing 1% to 9% of eligible compensation will be automatically increased with a 1% deferral increase each year up to a total of 10% deferral, unless they elect to opt out of this increase each year. If a participant fails to make an investment election, their contribution and any employer contribution is allocated based on a default allocation as described in the plan document. Participants may change their investment election at any time.

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the employer's contributions and (b) plan earnings. The benefit to which a participant is entitled is the vested benefit that is in the participant's account. Participants are charged an annual administrative fee to maintain their account and may be charged other administrative fees for certain transactions.

(d) Vesting

Participants are immediately vested in their contributions plus earnings. Vesting in the employer's matching contribution and any earnings is graduated at 20% for each year of service during which a participant works at least 1000 hours up to 100%. Vesting in the employer's nonelective contribution and earnings thereon for plan years prior to 2007 is 100% after 5 years of service during which the participant has worked at least 1000 hours in each year. Vesting for employer's nonelective contributions and earnings thereon for the plan year 2007 and thereafter is graduated at 20% for each of the service years during which a participant works or has worked at least 1000 hours up to 100%. Vesting in the employer's match and discretionary contribution portion that was transferred from the Money Purchase Retirement Plan for Employees of South Florida Baptist Hospital is graduated at 20% after three years of service and 20% thereafter per full year of service up to 100% after seven years of service.

Starting on October 31, 2017, participants determined to be totally and permanently disabled by the social security administration will become 100% vested in the Plan.

(e) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the plan administrator (4.25% to 9.50% and 4.25 to 9.25% as of December 31, 2023 and 2022, respectively). Principal and interest are paid ratably through biweekly payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

(f) Payment of Benefits

A participant who terminates employment as a result of retirement, total and permanent disability, or death shall be entitled to receive 100% of his or her account balance. A participant who terminates employment for any other reason shall be entitled to receive 100% of his or her account balance, excluding matching and nonelective contributions. Matching and nonelective contributions made by the employer shall be available for distribution in accordance with the vesting requirements outlined in the plan document.

(g) Forfeitures

As of December 31, 2023 and 2022, the forfeited nonvested account balance totaled \$1,533,945 and \$2,921,195, respectively. The Plan allows for these amounts to be used to reduce administrative expenses and employer contributions. In 2023 and 2022, administrative expenses were reduced by

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

\$233,049 and \$222,207, respectively. In 2023 and 2022, employer contributions were reduced by \$2,741,060 and \$2,737,403, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting except for benefit payments, which are reported on a cash basis in accordance with U.S. generally accepted accounting principles.

(b) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by Fidelity Management Trust Company, the trustee, based on quoted current market prices of the underlying assets. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset value of shares held by the mutual fund at year-end. Common and collective trust funds are reported at readily determinable fair value using net asset value per share (or its equivalent).

Investments held by a defined contribution plan are required to be reported at fair value, except fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Prudential Guaranteed Income fund is considered fully benefit responsive.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments bought and sold and the changes in appreciation (depreciation) from one period to the next. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and are reinvested and recorded as net appreciation in fair value of investments.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Administrative Expenses

Certain administrative costs of the Plan may be paid out of the assets of the Plan or by the Sponsor. Administrative costs charged to the Plan are made up of advisory service fees, loan-processing fees, and general administrative fees for ongoing operations of the Plan.

(e) Payment of Benefits

Benefits are recorded when paid.

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

(3) Financial Information Certified by the Trustee

The plan administrator has elected the method of annual reporting compliance, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Fidelity Management Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022 and related notes to the financial statements (excluding level designations in note 8).
- Investment activity, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022 and related notes to the financial statements.
- The schedule of assets (held at end of year) as of December 31, 2023, as shown in the supplemental schedule.
- Notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.

As permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the investment information certified by the trustee of the Plan, except for comparing such information included in the Plan's financial statements and supplemental schedule.

(4) Income Tax Status

The Plan was amended and restated effective January 1, 2015. Subsequently, the Plan received a determination letter from the Internal Revenue Service dated May 5, 2016 stating that the Plan's design is qualified under Section 401(a) of the Internal Revenue Code (the Code), and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. generally accepted accounting principles requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

(5) Parties in Interest

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions of the Plan sponsor are considered party-in-interest transactions.

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

Certain plan investments are shares of mutual funds and funds managed by the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to approximately \$1,640,000 and \$1,809,000 for the years ended December 31, 2023 and 2022, respectively. Additionally, approximately \$12,800 and \$7,800 was paid to Hill Ward and Henderson, for legal services, for the years ended December 31, 2023 and 2022, respectively.

(6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the participants' accounts become 100% vested.

(7) Risks and Uncertainties

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, disruptions in the financial markets, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

(8) Fair Value Measurements

Fair value is the exit price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. Fair value guidance requires investments to be grouped into three categories based on certain criteria as noted below:

Level 1 Fair value is determined by using quoted prices for identical assets or liabilities in active markets.

Level 2 Fair value is determined by using other than quoted prices that are observable for the asset or liability (e.g., quoted prices for identical assets or liabilities in inactive markets, quoted prices for similar assets or liabilities in active markets, observable inputs other than quoted prices, and inputs derived principally from or corroborated by observable market data by correlation or other means).

Level 3 Fair value is determined by using inputs based on management assumptions that are not directly observable.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and collective trusts: Valued based upon the redemption price of units held by the Plan, which is based on the current fair value of the common and collective trust funds' underlying assets. Unit values are determined by the financial institution sponsoring such funds by dividing the fund's net assets at fair value

BAYCARE HEALTH SYSTEM RETIREMENT PLAN

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

by its units outstanding at the valuation dates. The Plan holds the right to liquidate its positions in these common and collective trust funds at any time, subject to a reasonable notification period. No unfunded commitments existed with respect to these common and collective trust funds at December 31, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurements. The following tables set forth by level within the fair value hierarchy the inputs used to value the investment assets measured at fair value as of December 31, 2023 and 2022:

	December 31, 2023	Fair value measurements at reporting date using

(9) Prudential Annuity Contract

The Plan holds an investment contract with Prudential Retirement Insurance and Annuity Company (Prudential) which meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value represents contributions made, plus earnings, less participant withdrawals, and administrative expenses.

The objective of the fixed annuity contract is to provide a guaranteed rate of return that protects participants against the volatility of an uninsured bond fund. The guarantee is backed by the claims-paying ability of Prudential.

The contract permits transfers at a rate of 25% of assets annually. Any transfers back to the contract are subject to new crediting interest rates.

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

Prudential announces a guaranteed interest rate semi-annually, effective January 1 and July 1, and that rate is guaranteed against change during each six month period. For the six months ended June 30, 2022 the guaranteed rate was 1.65% and for the six months ended December 31, 2022 the guaranteed rate was 1.7%. For the six months ended June 30, 2023 the guaranteed rate was 1.9% and for the six months ended December 31, 2023 the guaranteed rate was 2.25%. The announced rate will always be greater than or equal to 1.50%. The announced rate is stated on an annual basis.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent upon the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory events. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Premature terminations of the contract.
2. Plan termination.
3. Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's operations.
4. Amendments to the plan documents (including complete or partial plan termination or merger with another plan).

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with contract issuers and that would also limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different than contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

The contract value of the Prudential Group Annuity Contract at December 31, 2023 and 2022 was \$79,995,460 and \$96,408,736, respectively.
