INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Trustees and Participants of
Plan 2 - West Coast Dental, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Plan 2 - West Coast Dental, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan 2 - West Coast Dental, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plan 2 - West Coast Dental, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan 2 - West Coast Dental, Inc. 401(k) Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan 2 - West Coast Dental, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan 2 - West Coast Dental, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Plan 2 - West Coast Dental, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective January 1, 2012, and is a defined contribution plan covering certain employees of West Coast Dental Services, Inc. (the "Company") and an affiliated entity. Employees must be age 18 or older, have completed six months of continuous employment consisting of at least 1,000 hours and are not part of the excludable employees, as defined, to participate in the Plan. Further, only those employees whose compensation in the preceding plan year did not exceed $50,000 and those who are considered highly compensated employees are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company also sponsors two other affiliated plans covering the remainder of the Company's employees based on their compensation levels in the preceding plan year. Participant accounts are transferred among the three plans based on their respective eligibility (see Note 9).

Contributions

The Plan permits employees to make pre-tax (regular and catch-up) and Roth contributions (regular and catch-up). Each year, participants may contribute up to the maximum dollar amount allowed under Internal Revenue Code limitations. Participants may also make rollover contributions from other qualified plans.

The Company has adopted a safe harbor provision to eliminate the need for certain nondiscrimination tests required by the Internal Revenue Service. Company contributions made under the safe harbor provision are immediately 100% vested. Under the safe harbor provision, the Company has elected to make a matching contribution equal to 100% of each participant's deferral up to 3% of the respective participants' compensation and 50% of each participant's deferral from 3% to 5% of the respective participants' compensation. To be eligible for the Company's safe harbor contributions, a participant must be considered a Non-Highly Compensated employee in the preceding plan year. The Company may also elect to make a discretionary profit sharing contribution to the Plan each plan year. There were no profit sharing contributions made during the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings and charged with the participant's withdrawals and allocations of the Plan's losses and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferrals, rollover contributions and Company safe harbor matching contributions plus earnings thereon. Vesting in profit sharing contributions by the Company is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% per year of service until they are 100% vested after six years of service.

Investment Options
Participants direct both their deferrals and employer contributions to be invested in various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Benefit Payments
Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant makes no distribution election upon termination of employment, and the value of their account is less than $1,000, the vested balance of their account will be distributed in a lump sum payment.

Notes Receivable from Participants
Participants may borrow a minimum of $1,000, up to a maximum of $50,000 or 50% of the vested portion of their account balance, whichever is less. The notes bear interest at rates ranging from 5.25% to 9.50%. The notes are secured by the balance in the participant's account and bear interest at rates which were commensurate with local prevailing rates for similar notes at the time funds were borrowed. The notes have maximum term of 5 years or 15 years if the borrowings were used by the participants for the purchase of primary residence. Principal and interest are paid ratably through payroll deductions. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the default will be a deemed distribution. However, the participant's account will not be reduced until a distributable event occurs under the terms of the Plan.

Forfeited Accounts
At December 31, 2022 and 2021, there were no forfeited non-vested accounts. Future forfeited accounts may be used to reduce employer contributions or administrative expense. During the year ended December 31, 2022, no forfeited accounts were used to reduce employer contributions or administrative expenses.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties
The Plan utilizes various investment instruments, including pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

Notes Receivable from Participants
Notes receivable from participants are reported at their unpaid balance plus any accrued but unpaid interest.

Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022, or 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net decrease in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

Payment of Benefits
Benefit payments to participants are recorded when paid.

3. INFORMATION CERTIFIED BY THE TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) (the "trustee"), expect for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustee of the Plan has certified to the completeness and accuracy of:

a) Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.

b) Net depreciation in fair value of investments, dividends, interest income on notes receivable from participants and other (loss) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by John Hancock Life Insurance Company U.S.A. John Hancock Life Insurance Company U.S.A. is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company U.S.A. for investment management services were $5,709 for the year ended December 31, 2022. Additionally, notes receivable from participants and the related interest income are also considered party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their profit sharing contributions.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the sponsor of the prototype plan adopted by the Company, by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Per Revenue Procedure 2005-16, an employer adopting such a plan may rely on the prototype plan's letter if the terms of the Plan are followed in operation. Accordingly, this reliance on the favorable opinion letter is equivalent to a favorable determination letter issued to the Company. The plan administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods.

7. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820*, Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 - These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Examples of these inputs into the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation techniques and inputs used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: The fair value of the investments in this category has been estimated using the net asset value practical expedient provided by the administrator of the fund and have not been classified in the fair value hierarchy. The net asset value of this account is based on the value of underlying assets owned by the fund, minus liabilities divided by the units outstanding. The net asset value is not a publicly quoted price in an active market. There are currently no redemption restrictions on these investments for participants. These investments contain no unfunded commitments and can be redeemed immediately without notice period. The investments in pooled separate accounts are exempted from categorization within the fair value hierarchy in accordance with Subtopic 820-10.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2022 and 2021.

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Levels 1, 2 or 3.

8. RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO THE FORM 5500

The Annual Return/Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances are reconciled as follows:

	2022	2021
Net assets as presented in these financial statements	$ 2,841,000	$ 3,140,590
Employer contributions receivable, not included in Form 5500	(51,470)	(62,022)
Participant contributions receivable, not included in Form 5500	-	(16,977)
Net assets as presented in Form 5500	$ 2,789,530	$ 3,061,591

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2022, to Form 5500:

Decrease in net assets available for benefits per these financial statements	$ (497,444)
Employer contributions receivable at December 31, 2022, not included in Form 5500	(51,470)
Employer contributions receivable at December 31, 2021, included in Form 5500	62,022
Participant contributions receivable at December 31, 2021, included in Form 5500	16,977
Increase in net assets available for benefits as presented in Form 5500	$ (469,915)

9. TRANSFER OF PLAN ASSETS

The Company sponsors two other affiliated plans covering the remainder of the Company's employees. Participants are transferred among the three plans based on their compensation levels or as a result of a plan amendment. At the end of each plan year, a transfer of assets to or from this Plan, when necessary, is recorded in the statement of changes in net assets available for benefits.

In 2022, certain participants, with an aggregate account balance of $98,640, became ineligible to participate in the Plan as their compensation in the preceding plan year exceeded the maximum allowed under the Plan. Also in 2022, certain participants of affiliated plans with an aggregate account balance of $51,470 became eligible to participate in the Plan as their compensation in the preceding plan year was within the range allowed by the Plan. Accordingly, these balances will be transferred to and from affiliated plans after the Plan year ended December 31,2022, and have been recorded in the 2022 statement of net assets as amounts due to affiliated plans and due from affiliated plans.

In 2021, certain participants, with an aggregate account balance of $243,544, became ineligible to participate in the Plan as their compensation in the preceding plan year exceeded the maximum allowed under the Plan. Also in 2021, certain participants of affiliated plans with an aggregate account balance of $62,022 became eligible to participate in the Plan as their compensation in the preceding plan year was within the range allowed by the Plan. Accordingly, these balances will be transferred to and from affiliated plans after the Plan year ended December 31,2021, and have been recorded in the 2021 statement of net assets as amounts due to affiliated plans and due from affiliated plans.

Transfers among the affiliated plans mentioned above resulted in a net transfer of assets to this Plan of $197,854 as reported in the statement of changes in net assets available for benefits.

10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 30, 2024, the date the financial statements were available to be issued and determined that there have been no subsequent events that would require recognition or disclosure in the financial statements.
