Independent Auditors' Report

Administrative Committee
PHPNI Retirement Plan
Fort Wayne, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PHPNI Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of PHPNI Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about PHPNI Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PHPNI Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about PHPNI Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PHPNI RETIREMENT PLAN

Notes to Financial Statements

December 31, 2023

Note 1. Plan Description

General

The PHPNI Retirement Plan (the "Plan", formerly known as the Physician's Health Plan of Northern Indiana Employees' Retirement Plan) is a defined contribution plan, which was established to provide savings opportunities for participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information.

Eligibility

All employees of Physicians Health Plan of Northern Indiana ("Employer") are considered eligible to make elective deferral contributions and receive employer match contributions upon employment. Participants are automatically enrolled to defer 5% of compensation each payroll, unless an affirmative election is made.

Contributions

Employees may make voluntary contributions of base salary through periodic payroll deductions. Maximum contributions are limited to applicable IRS regulations.

The Employer makes a 3% safe harbor contribution each year. Employer profit sharing contributions are discretionary and are allocated to eligible participants based on a percentage of eligible compensation over the entire Plan year. Participants not employed on the last day of the Plan year are not eligible to receive discretionary profit sharing contributions, regardless of service. No profit sharing contribution was calculated for 2023. The Employer also makes a fixed matching contribution of 50% of deferrals up to 5% of eligible wages each year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Employer's contribution, plus an allocation of Plan earnings. Plan earnings are allocated to participants' accounts on a pro rata basis. The benefit to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in whole percentages into a variety of investment options. All amounts in participant accounts are participant-directed.

PHPNI RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2023

Note 1. Plan Description (Continued)

Notes Receivable From Participants

The Plan allows participants to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The term of the loan may not exceed five years, unless the purpose of the loan is to acquire or construct the primary residence of the participant, in which case it will not exceed the usual repayment period required by lenders for similar loans. The loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with current prevailing rates (determined at origination). The loan plus interest must be repaid to the participant's account based on the terms of the loan agreement. Principal and interest is paid ratably through regular payroll deductions. A participant may only have two loans outstanding at any time. Loans outstanding at December 31, 2023, mature through June 2045 and bear interest at rates ranging from 4.25% to 9.50%.

Benefit Payments

Benefit payments are payable as a single lump-sum payment, partial lump-sum payment or in installment payments over the life expectancy of the participant. Upon termination of employment, if requested, benefit payments are made as soon as administratively feasible. Upon death, the entire amount in the participant's account shall be paid to the participant's beneficiary.

Early payment options are allowed to participants separating from service prior to retirement, death or disability, participants who attain age 59½ and are not separated from service, participants who have attained the Plan's normal retirement age and not separated from service, and participants who incur a proven financial hardship.

Participants with a vested balance of \$5,000 or less will receive a lump-sum distribution as soon as administratively possible upon termination of service. If the amount of the mandatory distribution is less than \$1,000, a check will be sent to the participant. In the event of a mandatory distribution greater than \$1,000 and less than or equal to \$5,000, wherein the participant does not elect to have the distribution paid to a rollover account or paid directly, the Plan shall distribute the participants account as a direct rollover to an individual retirement plan designated by the Plan Administrator.

Vesting

Participants are 100% vested in any salary deferral contribution, safe harbor matching contributions, and Employer's profit sharing contributions to the Plan. Vesting in the Employer's fixed matching contributions are based on years of service. Participants vest on a three year cliff vesting schedule.

Termination

Although the Employer has not expressed any intent to do so, the Employer has the right to terminate the Plan. In the event the Plan is terminated, participants will become fully vested in their accounts.

Note 1. Plan Description (Continued)

Forfeitures

Participants who terminate employment prior to becoming fully vested must forfeit a percentage of their Employer's fixed matching contributions. Forfeitures may be used to pay Plan expenses or used to reduce future Employer contributions. At December 31, 2023 and 2022, there was \$18,736 and \$37,440 of forfeitures available to pay Plan expenses or reduce future Employer contributions, respectively. In 2023, \$36,022 forfeited funds were used.

Note 2. Significant Accounting Policies

Basis of Financial Statements

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

The Plan holds an investment in a collective investment trust (CIT) that is considered to be a fully benefit-responsive investment. Fully benefit-responsive investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. However, these funds qualify for measuring fair value using the net asset value (NAV) practical expedient. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments, bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, it is treated as an immediate distribution.

Note 2. Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Management of the Plan has evaluated events and transactions for possible recognition or disclosure through August 13, 2024, the date the financial statements were available to be issued. See also Note 10.

Note 3. Summary of Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the following information was certified by the Trustee, Voya Retirement Insurance and Annuity Company, and was not subject to any auditing procedures performed by the independent public accountants.

- a. Total investments in mutual funds, collective investment trust and notes receivable from participants as shown in the accompanying statements of net assets available for benefits.
- b. Total investment income, as shown in the accompanying statement of changes in net assets available for benefits, including net realized and unrealized appreciation in fair value of investments, dividends, and interest from collective investment trust.
- c. Schedule of assets (held at end of plan year).

Note 4. Fair Value Measurements

Fair value measurements are based upon the exit price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, and are determined by either the principal market or the most advantageous market.

Inputs used in the valuation techniques to derive fair values are classified based on a three-level hierarchy to prioritize the inputs used in the valuation techniques to derive fair values. The basis for fair value measurements for each level within the hierarchy is described below with Level 1 measurements having the highest priority and Level 3 measurements having the lowest priority.

Level 1: Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2: Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable.

The asset's or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end.

Collective investment trust: Valued at the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds in the fair value hierarchy	\$ 18,549,997	\$ -	\$ -	\$ 18,549,997

Investments at fair value	<u>\$ 16,586,105</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,960,742</u>

Note 5. Collective Investment Trust

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023, and 2022, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
2023	\$ 1,499,851	n/a	Daily	12 months
2022	\$ 1,374,637	n/a	Daily	12 months

Note 6. Transactions with Parties-In-Interest

The Employer provides certain accounting, recordkeeping, and administrative services to the Plan for which it receives no compensation. Administrative expenses for legal, accounting, and other services are rendered by parties-in-interest and are paid by the Employer.

PHPNI RETIREMENT PLAN

Notes to Financial Statements (Continued)

December 31, 2023

Note 7. Income Tax Status

The Plan, which is a volume submitter plan, obtained an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of Section 401(a) of the Internal Revenue Code (IRC) and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 8. Risks and Uncertainties

The Plan provides for various investment options. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to Form 5500:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 20,700,007	\$ 18,585,685

	Year Ended 2023
Total additions per the financial statements	\$ 4,851,411
Less: Employer contribution receivable not reported on Form 5500	344,422
Add: Prior year Employer contribution receivable not reported on Form 5500.	<u>331,912</u>
Total income per the Form 5500	<u><u>\$ 4,838,901</u></u>

Note 10. Subsequent Event

On June 19, 2024, the officers of the Employer announced the sale of Physicians Health Plan of Northern Indiana. It is not known whether the Plan will be terminated or if the assets will be transferred to the acquirer. If the Employer were to elect to terminate the Plan, participants will be fully vested in any Employer contributions. All balances will be distributed at the participant's direction.
