Independent Auditor's Report

To the Trustees and Participants
401(k) Plan for Makers Forward Operating Companies

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the 401(k) Plan for Makers Forward Operating Companies, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 401(k) Plan for Makers Forward Operating Companies' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the 401(k) Plan for Makers Forward Operating Companies and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Makers Forward Operating Companies' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the 401(k) Plan for Makers Forward Operating Companies' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 401(k) Plan for Makers Forward Operating Companies' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description:

The following description of the 401(k) Plan for Makers Forward (the "Company") Operating Companies (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a profit sharing and 401(k) defined contribution plan which is available to all eligible employees of the Company who are employed by the Company, have completed three months of service, and are 21 years of age or older, except employees covered under a collective bargaining agreement, employees who are non-resident aliens, or temporary employees as defined by the Plan document. Temporary employees are defined as those employees who are scheduled to work less than 1,000 hours per year. Under the SECURE Act, effective January 1, 2021, the Plan must allow long-term, part-time employees who work at least 500 hours in three consecutive years, and have attained age 21, to participate in the Plan starting in 2024. Under SECURE 2.0, this provision was revised to shorten the eligibility period from three years to two years. Effective January 1, 2023, the Plan must allow long-term, part-time employees who work at least 500 hours in two consecutive years, and have attained age 21, to participate in the Plan starting in 2025. The initial three year rule still applies to those employees who meet the requirements.

The Plan was formed on February 1, 2020 as the NHI Mechanical Motion, LLC 401(k) Plan and is administered by trustees appointed by the Company. Effective May 1, 2021, Makers Forward, LLC assumed sponsorship of the Plan, and the plan sponsor and plan name were changed. Makers Forward, LLC is the owner of NHI Mechanical Motion, LLC and became the owner of Accudynamics, LLC on January 1, 2021. Effective as of this date, Accudynamics, LLC adopted this Plan. The account balances of the Accudynamics' employees were transferred into this Plan in April 2021. Effective October 1, 2022, Makers Forward, LLC became the owner of DCG Precision Manufacturing, LLC (DCG). DCG adopted this Plan as of this date, and the account balances of its employees were transferred into this Plan in December 2022. Effective April 24, 2023, DCG acquired Star Glo Precision, LLC (SGP). SGP's employees began participating in this Plan, and had their account balances rolled in, during 2023. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE 2.0:

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. The provisions affect 2023 plan years as well as future years. Since the provisions include both required and optional elements, the Plan administrator will review and determine the provisions to elect. The provisions adopted by this Plan have been reflected in the appropriate accounting policy disclosure.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description (continued):

Employee contributions:

Participants may make voluntary pre-tax contributions and after-tax Roth elective deferrals up to the dollar limits permitted by the Internal Revenue Code. After participants meet the eligibility requirements, they may enter the Plan the first day of the month coinciding with or following the date the requirements are met. Participants may stop making contributions at any time and may increase or decrease the percentage of compensation on a daily basis. Participants who do not make an elective deferral contribution election will be deemed to have made an automatic election in the amount of 2% of compensation. Compensation for Plan purposes is defined by the Section 415 Safe Harbor Option, and includes Section 125 compensation as well as differential military pay. Compensation is limited to the maximum compensation dollar limit set by the Internal Revenue Service which was \$330,000 in 2023. The Plan also allows for participant catch-up contributions as applicable.

A participant may make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred from other qualified savings plans in which employees participated prior to their employment with the Company.

Employer contributions:

The employer may make a matching contribution to eligible participants as determined by the Company. During 2023, the employer match was equal to 50% of the employee's contribution up to 5% of their compensation. Only participants who make salary deferral contributions, are the age of 21 and complete three months of service (as defined by the Plan) during the plan year are eligible to receive the employer matching contributions. The employer may also make profit sharing contributions to the Plan which are at the discretion of the Company and are determined on an annual basis. These employer contributions are allocated based on each participant's ratio of individual compensation compared to the compensation of all eligible participants. The participant must be employed on the last day of the Plan year and complete three months of service (as defined by the Plan) during the Plan year to receive the employer profit sharing contributions except due to death, disability or normal retirement.

Participant accounts:

Each participant's account is credited or charged with the participant's contributions, the employers' contributions, and allocations of the Plan's earnings or losses. Allocations are based on participant earnings or account balances, as defined. All accounts are participant-directed. The benefit to which a participant is entitled upon termination of employment is equal to the vested benefit in the participant's account.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Plan description (concluded):

Hardship distributions:

Participants may request a distribution based on financial hardship.

Vesting:

Participants are 100% vested in their voluntary contributions plus actual earnings and losses thereon at all times. Vesting in the Company's contributions plus actual earnings and losses vest proportionally over a two to six year graded period. The vesting percentage increases 20% per year after the first two years of service. A year of vesting service is defined by the Plan as 1,000 hours. Normal retirement is at age 65 with 100% vesting. A participant becomes fully vested in their entire account balance in the event of death or disability.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 minus the highest outstanding loan balance in the past 12 months or 50% of their vested account balance. The loans are secured by their vested account balances and bear interest at the market rate at the time of loan origination. The term of the loan may not exceed five years, except for loans made for the purchase of a primary residence. Loans are repaid by salary deductions. No allowance for credit losses or allowance for doubtful accounts has been recorded as of December 31, 2023 and 2022, respectively.

Payment of benefits:

Participants are entitled to distributions of their vested benefits upon retirement, death, disability, termination of employment or termination of the Plan. Upon retirement, distributions may be taken in whole or in part at the election of the participant. Upon separation from service other than for retirement, the entire vested account balance is distributed to the participant when requested by the participant. SECURE 2.0 increased the age to start taking required minimum distributions from age 72 to 73 beginning in 2023. Previously, the original SECURE Act increased the age from 70½ to 72.

Forfeitures:

If a participant terminates employment before being fully vested, a portion of the employer contribution will be forfeited. Forfeitures are used to reduce future employer contributions and can be used to pay administrative fees. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$-0-, respectively. During 2023 and 2022, \$979 and \$1,305 of unallocated non-vested employer contributions were used to pay administrative fees, respectively. During 2023 and 2022, \$9,980 and \$5,895 of unallocated non-vested employer contributions were used to reduce employer contributions, respectively.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies:

Basis of presentation:

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Payment of benefits:

Benefits are recorded when paid. As of December 31, 2023 and 2022, there were no amounts due to participants who elected to withdraw from the Plan.

Investment valuation and income recognition:

The participants direct how their account balance will be invested. The participants select from Company chosen investments including a menu of collective investment trusts, pooled separate accounts, registered investment companies or a benefit responsive investment contract. Individual accounts are maintained for each participant. The accounts are valued on a daily basis at quoted market prices. Investments are stated at fair value except for its benefit responsive investment contracts, which is stated at contract value (see Note 5).

Fair value is the unit valuation of each fund at year-end as determined on the open market and includes interest and dividend income and appreciation (depreciation) in the Plan's assets.

Purchases and sales of securities are recorded on a trade date basis. Investment income is recorded when earned. The cost of investments sold is determined on the basis of identified cost. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 - Risk concentrations:

The Plan permits loans to participants. These loans are classified on the statement of net assets available for benefits as notes receivable from participants. Concentrations of credit risk with respect to notes receivable from participants are limited due to the fact that participant loans are secured by their vested account balances and that loans are repaid from salary deductions. No allowance has been recorded as of December 31, 2023 and 2022.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 4 - Tax status:

The Plan is a prototype defined contribution plan, sponsored by Principal Life Insurance Company ("Principal Life"), the third party administrator. Principal Life received a favorable IRS opinion letter, dated June 30, 2020, which stated that the Plan document is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. There are currently no audits for any tax periods in progress.

Note 5 - Investment contracts with insurance companies:

The Plan entered into a benefit-responsive investment contract with Principal Life Insurance Company ("Principal Life"). This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants can generally transfer assets into or out of the Principal Guaranteed Option without early termination or surrender charges. A rate of interest contractually guaranteed by Principal Life is credited to the participant account balances. Benefit payments to participants are made without restriction for plan benefit events. Participant investment transfers from the Principal Guaranteed Option to non-competing investment options will have no restrictions. The Principal Guaranteed Option is a group annuity contract which is backed by the assets in the general account of Principal Life. The general account consists of over 6,000 investments, the majority of which are corporate bonds, as well as asset-backed securities, commercial real estate mortgages, government bonds, and short-term cash equivalents. The Principal Guaranteed Option is valued at \$1,082,614 and \$939,646 at December 31, 2023 and 2022, respectively.

Market value adjustments and surrender charges could limit the ability of the Plan to initiate/complete a transaction at contract value and result in an adjustment to the net asset value. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 5 - Investment contracts with insurance companies (concluded):

No event would result in the Plan not being able to receive contract value over a six-year installment period. Any of the following events could trigger early termination by the issuer: (1) Any representations made by the plan sponsor become untrue or the Plan breaches any obligations under the contract (2) The Plan fails to provide requested information or participant records and such failures are not remedied within a certain amount of days (3) Communications to participants that influence them to withdraw or transfer all or a portion of their interests, that are not based on factual historical information (4) Adoption of an amendment to the Plan, any changes in practices, or any changes in participant withdrawal rights that are reasonably determined to be materially adverse to the obligations under the contract (5) The plan sponsor retains a record-keeper other than Principal Life and it is determined that there has been a misrepresentation of the record-keeper's enforcement of the equity wash.

Note 6 - Related party transactions:

Certain plan investments are in shares of collective investment trusts, pooled separate accounts or an investment contract with an insurance company managed by the trustees as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Note 7 - Fair value measurements:

The Plan adopted the guidance on fair value measurements. This guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC Topic 820-10 are as follows:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 7 - Fair value measurements (continued):

The valuation methodologies used for the Plan's assets are as follows:

Collective investment trusts ("CITs") are pooled investment vehicles sponsored and maintained by a bank or trust company. The net asset value (NAV) is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. CITs are determined to have a readily determinable fair value as the NAV is available to current investors. CITs are valued similar to mutual funds.

Pooled separate accounts ("PSAs") are investment vehicles established and maintained by an insurance company. The net asset value (NAV) is the basis for current transactions and the PSA can be redeemed at NAV as of the measurement date. PSAs are determined to have a readily determinable fair value as the NAV is available to current investors. PSAs are valued similar to mutual funds.

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

There have been no changes in the methodologies used at December 31, 2023 and 2022, respectively.

The following table presents the Plan's investment assets at fair value, by level within the fair value hierarchy, as of December 31, 2023:

<u>Description</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total 12/31/23

Note 7 - Fair value measurements (concluded):

The following table presents the Plan's investment assets at fair value, by level within the fair value hierarchy, as of December 31, 2022:

<u>Description</u>	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total 12/31/22

Total investments at fair value	<u>\$5,279,358</u>	<u>\$ -</u>	<u>\$ -</u>	<u><u>\$5,279,358</u></u>

Note 8 - Administrative expenses:

Any fees related to the administration of the Plan or associated with the investment of Plan assets may be paid by the Plan or by the Company. If the Company does not pay Plan-related expenses, such fees or expenses will generally be allocated to the accounts of participants either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. If participants direct the investment of their benefits under the Plan, the participant will be responsible for any investment-related fees incurred as a result of those investment decisions. The Plan will also assess a fee directly to a participant's account relating to the administration of the account for items such as processing of a distribution, loan origination fees, among others as appropriate.

Note 9 - Plan termination:

Although management has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

401(k) PLAN FOR MAKERS FORWARD OPERATING COMPANIES

NOTES TO FINANCIAL STATEMENTS

Note 10 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Note 11 - Certified investments:

Certain information related to the investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments at fair value and contract value at December 31, 2023 and 2022, and net realized and unrealized appreciation in fair value of investments, interest and dividends, and other income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company (the trustees of the Plan).

Note 12 - Non-exempt transactions:

As reported on the supplemental Schedule of Delinquent Participant Contributions, certain Plan contributions of \$262 and \$725 were not remitted to the Plan within the time frame specified by 29 CFR 2510.3-102 of the Department of Labor's Rules and Regulations for reporting under ERISA, thus constituting a non-exempt transaction between the Plan and the Company for the years ended December 31, 2023 and 2022, respectively. During 2023, lost earnings were paid on the late remittances related to 2023 and 2022.

Note 13 - Subsequent events:

Date of management evaluation:

Management has evaluated subsequent events through September 3, 2024, the date on which the financial statements were available to be issued.
