CIB Marine Bancshares, Inc. 401(k) Plan
Brookfield, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CIB Marine Bancshares, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CIB Marine Bancshares, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan provisions.

General: The Plan is a defined contribution plan sponsored by CIB Marine Bancshares, Inc. (CIB Marine), covering all employees of CIB Marine who are at least 18 years of age and not a leased employee. Eligibility for enrollment into the Plan occurs on the first of the month following 60 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Vanguard Fiduciary Trust Company (the Trustee) is the trustee and third-party record keeper of the Plan.

Contributions: For each Plan Year, CIB Marine may, at its sole discretion, make a matching contribution for the benefit of eligible participants based upon their elective deferrals and catchup contributions. Participants may contribute to the Plan at their discretion, subject to certain limits as provided in the document and income tax regulations. For 2023 and 2022, employee contributions were limited to \$22,500 and \$20,500, respectively, except for certain catch-up contributions allowable to those age 50 and older as defined by law, Internal Revenue Service Code Sections 401(k), 402(g), 404, and 415. CIB Marine's discretionary contributions to the Plan were based on a 50% match of employee elective deferral and catchup contributions up to 6% of employee compensation (i.e., the maximum employer match per employee was 3% of the employee's compensation) totaling \$337,012 and \$309,297 in 2023 and 2022, respectively. Plan provisions state that 3% of compensation will automatically be withheld and contributed to the Plan as an employee 401(k) contribution for any employee who fails to elect not to enroll in the Plan within 10 days of their automatic entry date in the Plan.

Participant Accounts: Each participant has an account within the Plan in which they are credited for: (1) participants' contributions from their excludable wage election, (2) CIB Marine contributions, and (3) Plan investment earnings, net of administrative expenses. Allocations of investment earnings and administrative expenses are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions including earnings thereon. Vesting in employer matching contributions to their account and earnings thereon is based on the participants' completed years of service. Participants vest 20% for each year of service. A participant is 100% vested after five years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate as received by Vanguard from Reuters. Principal and interest are paid through payroll deductions. Loan transactions are treated as a transfer between the related investment funds and the participant loan account. Loan terms may range from 1 to 5 years or up to 30 years for the purchase of a primary residence.

Payment of Benefits: Participants may withdraw their vested portion of money from the plan upon certain events, including, but not limited to, termination of employment, incurring a financial hardship as defined in the plan or termination of the plan. Distributions of money from the plan for reasons of financial hardship may be subject to a 10% penalty tax if received prior to the participant reaching the age of 59½. Withdrawals for termination of employment or termination of the plan may be eligible as rollover distributions and may be paid in a direct rollover to an individual retirement account or paid directly to the plan participant. In the case of the latter a 20% income tax withholding will be sent to the Internal Revenue Service and credited against the participant's taxes. In addition, in accordance with the Plan withdrawals are also permitted for participants whose employment has terminated and they have reached the age of 65 with minimum distribution required by the age of 73.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of CIB Marine discretionary contributions in participant accounts result when participants terminate employment before becoming fully vested in the Plan. Forfeitures may be applied first to payment of plan administration expenses. Any remaining forfeitures will be allocated to the remaining Plan participants. Terminated employees' forfeitures of non-vested employer discretionary contributions at December 31, 2023 and 2022 totaled \$14,830 and \$20,374, respectively.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Investment Options: Participants may direct their investment accounts in 1% increments in any of the investment options. The investment options available to participants in the Plan as of December 31, 2023 and 2022 consisted of the following:

Goldman Sachs Mid-Cap Value Fund – This mutual fund's objective is to provide long-term capital appreciation. The fund will normally invest at least 80% of its net assets in companies whose market capitalization falls within the range of companies in the Russell Midcap Value Index.

Goldman Sachs Small Cap Value Fund – The mutual fund seeks long-term capital appreciation. The fund normally invests at least 80% of its net assets plus any borrowings for investment purposes (measured at time of purchase) in a diversified portfolio of equity investments in small-cap issuers with public stock market capitalizations within the range of the market capitalization of companies constituting the Russell 2000 Value Index at the time of investment. Although it will invest primarily in publicly traded U.S. securities, including real estate investment trusts, it may also invest in foreign securities.

Victory Munder Mid-Cap Core Growth Fund – This mutual fund seeks long-term capital appreciation by investing at least 80% of its assets in equity securities of mid-cap companies with market capitalizations included in the Standard & Poor's Mid-Cap 400 Index.

Vanguard 500 Index Fund – A mutual fund that aims to match the performance of the Standard & Poor's 500 Index, which is dominated by the stocks of large U.S. companies, by investing substantially all of its assets in the stocks that make up the index.

Vanguard Equity Income Fund – The objective of this mutual fund is the achievement of an above-average level of current income and reasonable long-term capital appreciation. The fund invests mainly in common stocks of established, medium-size and large companies that pay above-average levels of dividend income and have the potential for capital appreciation.

Vanguard GNMA Fund – This mutual fund's objective is to provide a high level of current income and to preserve investors' principal. The fund invests at least 80% of its assets in Government National Mortgage Association (GNMA) pass-through certificates, which are fixed-income securities representing part ownership in a pool of mortgage loans.

Vanguard Growth Index Fund – This mutual fund's objective is to match the performance of the MSCI U.S. Prime Market Growth Index, a broadly diversified index of growth stocks of predominantly large U.S. companies. The fund invests all or substantially all of its assets in the stocks that make up the index.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Inflation-Protected Securities Fund – This mutual fund’s objective is to provide investors with inflation protection and income consistent with investment in inflation-indexed securities. The fund invests in inflation-indexed bonds issued by the U.S. Government that have a dollar-weighted average maturity between 7 and 20 years.

Vanguard International Growth Fund – The objective of this mutual fund is to provide long-term capital appreciation by investing in the stocks of companies located outside of the United States. The fund’s advisors evaluate foreign markets around the world and invest in companies with above-average growth potential.

Vanguard Mid-Cap Index Fund – The objective of this mutual fund is to track the performance of the MSCI U.S. Mid-Cap 450 Index, a broadly diversified index of stocks of medium-size U.S. companies. The fund invests all or substantially all of its assets in the stocks that comprise this index.

Vanguard U.S. Growth Fund – This fund focuses on well-known blue-chip companies that tend to hold strong positions in their respective industries. The fund’s investment advisors believe these companies have the ability to deliver positive earnings growth and superior returns over the long term. This fund is typically invested in a diversified portfolio of primarily large-capitalization stocks.

Vanguard Cash Reserves Federal MM Fund – This mutual fund seeks to provide current income and preserve shareholders’ principal investment by maintaining a share price of \$1. The fund invests in short-term money market instruments, including U.S. government obligations, U.S. treasury bills, certificates of deposit, commercial paper, and other domestic and foreign money market securities.

Vanguard Short-Term Bond Index Fund – This mutual fund employs a passive management investment approach designed to track the performance of the Barclays Capital 1-5 year U.S. Government/Credit Float Adjusted Index. The fund invests in government, corporate and international dollar denominated bonds that have maturities between 1 and 5 years.

Vanguard Small-Cap Growth Index Fund – This mutual fund seeks to match the performance of the MSCI U.S. Small-Cap Growth Index, which is a broadly diversified index of smaller U.S. companies. This fund invests all or substantially all of its assets in the stocks that make up the index.

Vanguard Small-Cap Index Fund – This mutual fund seeks to replicate the performance of the MSCI (Morgan Stanley) U.S. Small-Cap 1750 Index by investing solely in the stocks contained in the index, holding each stock in approximate proportion to its weighting within the index. The index is comprised of 1750 smaller companies as measured by market capitalization determined by Morgan Stanley.

Vanguard Target Retirement Funds – These are a series of mutual funds that provide asset allocation strategies to participants planning to retire near specific future dates. Each fund seeks to provide capital appreciation and current income consistent with its current asset allocation. The assets of each fund are invested in a diversified blend of other Vanguard funds.

Vanguard Target Retirement Income Fund – This fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors currently in retirement. The fund seeks to provide current income and some capital appreciation.

Vanguard Total Bond Market Index Fund – This mutual fund’s objective is to track the performance of a broad, market-weighted bond index. The fund invests at least 80% of its total assets in bonds represented in this index. The fund maintains a dollar-weighted average maturity of between 5 and 10 years.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Total International Stock Index Fund – This mutual fund seeks to track the investment performance of the MSCI All Country World ex-USA Investable Market Index, an index designed to measure equity performance in developed and emerging markets, excluding the United States.

Vanguard Wellesley Fund – This mutual fund's objective is to provide long-term growth of income and a high sustainable level of current income, along with moderate long-term capital appreciation. The fund invests 60% to 65% of its assets in investment-grade corporate, U.S. treasury and government agency bonds.

Vanguard Wellington Fund – This mutual fund's objective is to conserve capital and provide moderate long-term growth in capital and income. The fund invests 60% to 70% of its assets in dividend-paying, and, to a lesser extent, non-dividend-paying common stocks of established, large and medium-sized companies.

Vanguard Retirement Savings Trust – This collective investment fund provides participants with an attractive rate of interest and safety of principal by investing primarily in investment contracts issued by financial institutions and in contracts that are backed by high-quality bonds and bond mutual funds owned by the Trustee on behalf of the trust. The principal and interest of these contracts are neither insured nor guaranteed by the U.S. government or the Trustee. It is the goal and expectation of the Trustee that each unit of the trust will maintain a constant net asset value of \$1, however, there is no assurance that this will be achieved. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The plan administrator has made a number of estimates and assumptions relating to the reporting of net assets available for benefits and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Security transactions are recognized on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The Plan reports realized and unrealized gains and losses for financial statement purposes based on fair values as determined at the end of the prior plan year, or historical costs if the investment was acquired since the beginning of the plan year, as required by the Department of Labor. Capital gain distributions are included in dividend income.

Risk and Uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market, liquidity, credit risks and global events. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

Distributions to Participants and Beneficiaries: Distributions to participants and beneficiaries are recognized when paid.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, CIB Marine Bancshares, Inc. has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participants would become 100% vested in the employer contribution portion of their accounts.

NOTE 4 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Accordingly, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 5 – INVESTMENTS – CERTIFIED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

(Continued)

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liability in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in market that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan are as follows:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, as reported in the audited financial statements of the fund. See *Vanguard Retirement Savings Trust* discussion in Note 1 regarding valuation techniques and description of redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, assets at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
December 31, 2023

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are shares in registered investment companies managed by Vanguard Investments and a collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee of the Plan, and therefore, these investments qualify as party-in-interest investments. Loans to the Plan's participants are also considered party-in-interest investments. In addition, fees for the years ended December 31, 2023 and 2022 in the amount of \$38,385 and \$40,350 were expensed by the Plan to parties in interest for various administration services.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 23, 2024, which is the date the financial statements were available to be issued.

CIB Marine Bancshares, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CIB Marine Bancshares, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CIB Marine Bancshares, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan provisions.

General: The Plan is a defined contribution plan sponsored by CIB Marine Bancshares, Inc. (CIB Marine), covering all employees of CIB Marine who are at least 18 years of age and not a leased employee. Eligibility for enrollment into the Plan occurs on the first of the month following 60 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Vanguard Fiduciary Trust Company (the Trustee) is the trustee and third-party record keeper of the Plan.

Contributions: For each Plan Year, CIB Marine may, at its sole discretion, make a matching contribution for the benefit of eligible participants based upon their elective deferrals and catchup contributions. Participants may contribute to the Plan at their discretion, subject to certain limits as provided in the document and income tax regulations. For 2023 and 2022, employee contributions were limited to \$22,500 and \$20,500, respectively, except for certain catch-up contributions allowable to those age 50 and older as defined by law, Internal Revenue Service Code Sections 401(k), 402(g), 404, and 415. CIB Marine's discretionary contributions to the Plan were based on a 50% match of employee elective deferral and catchup contributions up to 6% of employee compensation (i.e., the maximum employer match per employee was 3% of the employee's compensation) totaling \$337,012 and \$309,297 in 2023 and 2022, respectively. Plan provisions state that 3% of compensation will automatically be withheld and contributed to the Plan as an employee 401(k) contribution for any employee who fails to elect not to enroll in the Plan within 10 days of their automatic entry date in the Plan.

Participant Accounts: Each participant has an account within the Plan in which they are credited for: (1) participants' contributions from their excludable wage election, (2) CIB Marine contributions, and (3) Plan investment earnings, net of administrative expenses. Allocations of investment earnings and administrative expenses are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions including earnings thereon. Vesting in employer matching contributions to their account and earnings thereon is based on the participants' completed years of service. Participants vest 20% for each year of service. A participant is 100% vested after five years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate as received by Vanguard from Reuters. Principal and interest are paid through payroll deductions. Loan transactions are treated as a transfer between the related investment funds and the participant loan account. Loan terms may range from 1 to 5 years or up to 30 years for the purchase of a primary residence.

Payment of Benefits: Participants may withdraw their vested portion of money from the plan upon certain events, including, but not limited to, termination of employment, incurring a financial hardship as defined in the plan or termination of the plan. Distributions of money from the plan for reasons of financial hardship may be subject to a 10% penalty tax if received prior to the participant reaching the age of 59½. Withdrawals for termination of employment or termination of the plan may be eligible as rollover distributions and may be paid in a direct rollover to an individual retirement account or paid directly to the plan participant. In the case of the latter a 20% income tax withholding will be sent to the Internal Revenue Service and credited against the participant's taxes. In addition, in accordance with the Plan withdrawals are also permitted for participants whose employment has terminated and they have reached the age of 65 with minimum distribution required by the age of 73.

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of CIB Marine discretionary contributions in participant accounts result when participants terminate employment before becoming fully vested in the Plan. Forfeitures may be applied first to payment of plan administration expenses. Any remaining forfeitures will be allocated to the remaining Plan participants. Terminated employees' forfeitures of non-vested employer discretionary contributions at December 31, 2023 and 2022 totaled \$14,830 and \$20,374, respectively.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Investment Options: Participants may direct their investment accounts in 1% increments in any of the investment options. The investment options available to participants in the Plan as of December 31, 2023 and 2022 consisted of the following:

Goldman Sachs Mid-Cap Value Fund – This mutual fund's objective is to provide long-term capital appreciation. The fund will normally invest at least 80% of its net assets in companies whose market capitalization falls within the range of companies in the Russell Midcap Value Index.

Goldman Sachs Small Cap Value Fund – The mutual fund seeks long-term capital appreciation. The fund normally invests at least 80% of its net assets plus any borrowings for investment purposes (measured at time of purchase) in a diversified portfolio of equity investments in small-cap issuers with public stock market capitalizations within the range of the market capitalization of companies constituting the Russell 2000 Value Index at the time of investment. Although it will invest primarily in publicly traded U.S. securities, including real estate investment trusts, it may also invest in foreign securities.

Victory Munder Mid-Cap Core Growth Fund – This mutual fund seeks long-term capital appreciation by investing at least 80% of its assets in equity securities of mid-cap companies with market capitalizations included in the Standard & Poor's Mid-Cap 400 Index.

Vanguard 500 Index Fund – A mutual fund that aims to match the performance of the Standard & Poor's 500 Index, which is dominated by the stocks of large U.S. companies, by investing substantially all of its assets in the stocks that make up the index.

Vanguard Equity Income Fund – The objective of this mutual fund is the achievement of an above-average level of current income and reasonable long-term capital appreciation. The fund invests mainly in common stocks of established, medium-size and large companies that pay above-average levels of dividend income and have the potential for capital appreciation.

Vanguard GNMA Fund – This mutual fund's objective is to provide a high level of current income and to preserve investors' principal. The fund invests at least 80% of its assets in Government National Mortgage Association (GNMA) pass-through certificates, which are fixed-income securities representing part ownership in a pool of mortgage loans.

Vanguard Growth Index Fund – This mutual fund's objective is to match the performance of the MSCI U.S. Prime Market Growth Index, a broadly diversified index of growth stocks of predominantly large U.S. companies. The fund invests all or substantially all of its assets in the stocks that make up the index.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Inflation-Protected Securities Fund – This mutual fund’s objective is to provide investors with inflation protection and income consistent with investment in inflation-indexed securities. The fund invests in inflation-indexed bonds issued by the U.S. Government that have a dollar-weighted average maturity between 7 and 20 years.

Vanguard International Growth Fund – The objective of this mutual fund is to provide long-term capital appreciation by investing in the stocks of companies located outside of the United States. The fund’s advisors evaluate foreign markets around the world and invest in companies with above-average growth potential.

Vanguard Mid-Cap Index Fund – The objective of this mutual fund is to track the performance of the MSCI U.S. Mid-Cap 450 Index, a broadly diversified index of stocks of medium-size U.S. companies. The fund invests all or substantially all of its assets in the stocks that comprise this index.

Vanguard U.S. Growth Fund – This fund focuses on well-known blue-chip companies that tend to hold strong positions in their respective industries. The fund’s investment advisors believe these companies have the ability to deliver positive earnings growth and superior returns over the long term. This fund is typically invested in a diversified portfolio of primarily large-capitalization stocks.

Vanguard Cash Reserves Federal MM Fund – This mutual fund seeks to provide current income and preserve shareholders’ principal investment by maintaining a share price of \$1. The fund invests in short-term money market instruments, including U.S. government obligations, U.S. treasury bills, certificates of deposit, commercial paper, and other domestic and foreign money market securities.

Vanguard Short-Term Bond Index Fund – This mutual fund employs a passive management investment approach designed to track the performance of the Barclays Capital 1-5 year U.S. Government/Credit Float Adjusted Index. The fund invests in government, corporate and international dollar denominated bonds that have maturities between 1 and 5 years.

Vanguard Small-Cap Growth Index Fund – This mutual fund seeks to match the performance of the MSCI U.S. Small-Cap Growth Index, which is a broadly diversified index of smaller U.S. companies. This fund invests all or substantially all of its assets in the stocks that make up the index.

Vanguard Small-Cap Index Fund – This mutual fund seeks to replicate the performance of the MSCI (Morgan Stanley) U.S. Small-Cap 1750 Index by investing solely in the stocks contained in the index, holding each stock in approximate proportion to its weighting within the index. The index is comprised of 1750 smaller companies as measured by market capitalization determined by Morgan Stanley.

Vanguard Target Retirement Funds – These are a series of mutual funds that provide asset allocation strategies to participants planning to retire near specific future dates. Each fund seeks to provide capital appreciation and current income consistent with its current asset allocation. The assets of each fund are invested in a diversified blend of other Vanguard funds.

Vanguard Target Retirement Income Fund – This fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors currently in retirement. The fund seeks to provide current income and some capital appreciation.

Vanguard Total Bond Market Index Fund – This mutual fund’s objective is to track the performance of a broad, market-weighted bond index. The fund invests at least 80% of its total assets in bonds represented in this index. The fund maintains a dollar-weighted average maturity of between 5 and 10 years.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Total International Stock Index Fund – This mutual fund seeks to track the investment performance of the MSCI All Country World ex-USA Investable Market Index, an index designed to measure equity performance in developed and emerging markets, excluding the United States.

Vanguard Wellesley Fund – This mutual fund's objective is to provide long-term growth of income and a high sustainable level of current income, along with moderate long-term capital appreciation. The fund invests 60% to 65% of its assets in investment-grade corporate, U.S. treasury and government agency bonds.

Vanguard Wellington Fund – This mutual fund's objective is to conserve capital and provide moderate long-term growth in capital and income. The fund invests 60% to 70% of its assets in dividend-paying, and, to a lesser extent, non-dividend-paying common stocks of established, large and medium-sized companies.

Vanguard Retirement Savings Trust – This collective investment fund provides participants with an attractive rate of interest and safety of principal by investing primarily in investment contracts issued by financial institutions and in contracts that are backed by high-quality bonds and bond mutual funds owned by the Trustee on behalf of the trust. The principal and interest of these contracts are neither insured nor guaranteed by the U.S. government or the Trustee. It is the goal and expectation of the Trustee that each unit of the trust will maintain a constant net asset value of \$1, however, there is no assurance that this will be achieved. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The plan administrator has made a number of estimates and assumptions relating to the reporting of net assets available for benefits and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Security transactions are recognized on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The Plan reports realized and unrealized gains and losses for financial statement purposes based on fair values as determined at the end of the prior plan year, or historical costs if the investment was acquired since the beginning of the plan year, as required by the Department of Labor. Capital gain distributions are included in dividend income.

Risk and Uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market, liquidity, credit risks and global events. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

Distributions to Participants and Beneficiaries: Distributions to participants and beneficiaries are recognized when paid.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, CIB Marine Bancshares, Inc. has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participants would become 100% vested in the employer contribution portion of their accounts.

NOTE 4 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Accordingly, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 5 – INVESTMENTS – CERTIFIED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

(Continued)

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liability in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in market that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan are as follows:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, as reported in the audited financial statements of the fund. See *Vanguard Retirement Savings Trust* discussion in Note 1 regarding valuation techniques and description of redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, assets at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
December 31, 2023				
Collective trust				
Stable Value Fund*	\$ —	\$ —	\$ —	\$ 862,810
Mutual fund investments	20,188,505	—	—	20,188,505

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are shares in registered investment companies managed by Vanguard Investments and a collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee of the Plan, and therefore, these investments qualify as party-in-interest investments. Loans to the Plan's participants are also considered party-in-interest investments. In addition, fees for the years ended December 31, 2023 and 2022 in the amount of \$38,385 and \$40,350 were expensed by the Plan to parties in interest for various administration services.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 23, 2024, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CIB Marine Bancshares, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CIB Marine Bancshares, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the plan provisions.

General: The Plan is a defined contribution plan sponsored by CIB Marine Bancshares, Inc. (CIB Marine), covering all employees of CIB Marine who are at least 18 years of age and not a leased employee. Eligibility for enrollment into the Plan occurs on the first of the month following 60 days of employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Vanguard Fiduciary Trust Company (the Trustee) is the trustee and third-party record keeper of the Plan.

Contributions: For each Plan Year, CIB Marine may, at its sole discretion, make a matching contribution for the benefit of eligible participants based upon their elective deferrals and catchup contributions. Participants may contribute to the Plan at their discretion, subject to certain limits as provided in the document and income tax regulations. For 2023 and 2022, employee contributions were limited to \$22,500 and \$20,500, respectively, except for certain catch-up contributions allowable to those age 50 and older as defined by law, Internal Revenue Service Code Sections 401(k), 402(g), 404, and 415. CIB Marine's discretionary contributions to the Plan were based on a 50% match of employee elective deferral and catchup contributions up to 6% of employee compensation (i.e., the maximum employer match per employee was 3% of the employee's compensation) totaling \$337,012 and \$309,297 in 2023 and 2022, respectively. Plan provisions state that 3% of compensation will automatically be withheld and contributed to the Plan as an employee 401(k) contribution for any employee who fails to elect not to enroll in the Plan within 10 days of their automatic entry date in the Plan.

Participant Accounts: Each participant has an account within the Plan in which they are credited for: (1) participants' contributions from their excludable wage election, (2) CIB Marine contributions, and (3) Plan investment earnings, net of administrative expenses. Allocations of investment earnings and administrative expenses are based on account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions including earnings thereon. Vesting in employer matching contributions to their account and earnings thereon is based on the participants' completed years of service. Participants vest 20% for each year of service. A participant is 100% vested after five years of service.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate as received by Vanguard from Reuters. Principal and interest are paid through payroll deductions. Loan transactions are treated as a transfer between the related investment funds and the participant loan account. Loan terms may range from 1 to 5 years or up to 30 years for the purchase of a primary residence.

Payment of Benefits: Participants may withdraw their vested portion of money from the plan upon certain events, including, but not limited to, termination of employment, incurring a financial hardship as defined in the plan or termination of the plan. Distributions of money from the plan for reasons of financial hardship may be subject to a 10% penalty tax if received prior to the participant reaching the age of 59½. Withdrawals for termination of employment or termination of the plan may be eligible as rollover distributions and may be paid in a direct rollover to an individual retirement account or paid directly to the plan participant. In the case of the latter a 20% income tax withholding will be sent to the Internal Revenue Service and credited against the participant's taxes. In addition, in accordance with the Plan withdrawals are also permitted for participants whose employment has terminated and they have reached the age of 65 with minimum distribution required by the age of 73.

CIB MARINE BANCSHARES, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of CIB Marine discretionary contributions in participant accounts result when participants terminate employment before becoming fully vested in the Plan. Forfeitures may be applied first to payment of plan administration expenses. Any remaining forfeitures will be allocated to the remaining Plan participants. Terminated employees' forfeitures of non-vested employer discretionary contributions at December 31, 2023 and 2022 totaled \$14,830 and \$20,374, respectively.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Investment Options: Participants may direct their investment accounts in 1% increments in any of the investment options. The investment options available to participants in the Plan as of December 31, 2023 and 2022 consisted of the following:

Goldman Sachs Mid-Cap Value Fund – This mutual fund's objective is to provide long-term capital appreciation. The fund will normally invest at least 80% of its net assets in companies whose market capitalization falls within the range of companies in the Russell Midcap Value Index.

Goldman Sachs Small Cap Value Fund – The mutual fund seeks long-term capital appreciation. The fund normally invests at least 80% of its net assets plus any borrowings for investment purposes (measured at time of purchase) in a diversified portfolio of equity investments in small-cap issuers with public stock market capitalizations within the range of the market capitalization of companies constituting the Russell 2000 Value Index at the time of investment. Although it will invest primarily in publicly traded U.S. securities, including real estate investment trusts, it may also invest in foreign securities.

Victory Munder Mid-Cap Core Growth Fund – This mutual fund seeks long-term capital appreciation by investing at least 80% of its assets in equity securities of mid-cap companies with market capitalizations included in the Standard & Poor's Mid-Cap 400 Index.

Vanguard 500 Index Fund – A mutual fund that aims to match the performance of the Standard & Poor's 500 Index, which is dominated by the stocks of large U.S. companies, by investing substantially all of its assets in the stocks that make up the index.

Vanguard Equity Income Fund – The objective of this mutual fund is the achievement of an above-average level of current income and reasonable long-term capital appreciation. The fund invests mainly in common stocks of established, medium-size and large companies that pay above-average levels of dividend income and have the potential for capital appreciation.

Vanguard GNMA Fund – This mutual fund's objective is to provide a high level of current income and to preserve investors' principal. The fund invests at least 80% of its assets in Government National Mortgage Association (GNMA) pass-through certificates, which are fixed-income securities representing part ownership in a pool of mortgage loans.

Vanguard Growth Index Fund – This mutual fund's objective is to match the performance of the MSCI U.S. Prime Market Growth Index, a broadly diversified index of growth stocks of predominantly large U.S. companies. The fund invests all or substantially all of its assets in the stocks that make up the index.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Inflation-Protected Securities Fund – This mutual fund’s objective is to provide investors with inflation protection and income consistent with investment in inflation-indexed securities. The fund invests in inflation-indexed bonds issued by the U.S. Government that have a dollar-weighted average maturity between 7 and 20 years.

Vanguard International Growth Fund – The objective of this mutual fund is to provide long-term capital appreciation by investing in the stocks of companies located outside of the United States. The fund’s advisors evaluate foreign markets around the world and invest in companies with above-average growth potential.

Vanguard Mid-Cap Index Fund – The objective of this mutual fund is to track the performance of the MSCI U.S. Mid-Cap 450 Index, a broadly diversified index of stocks of medium-size U.S. companies. The fund invests all or substantially all of its assets in the stocks that comprise this index.

Vanguard U.S. Growth Fund – This fund focuses on well-known blue-chip companies that tend to hold strong positions in their respective industries. The fund’s investment advisors believe these companies have the ability to deliver positive earnings growth and superior returns over the long term. This fund is typically invested in a diversified portfolio of primarily large-capitalization stocks.

Vanguard Cash Reserves Federal MM Fund – This mutual fund seeks to provide current income and preserve shareholders’ principal investment by maintaining a share price of \$1. The fund invests in short-term money market instruments, including U.S. government obligations, U.S. treasury bills, certificates of deposit, commercial paper, and other domestic and foreign money market securities.

Vanguard Short-Term Bond Index Fund – This mutual fund employs a passive management investment approach designed to track the performance of the Barclays Capital 1-5 year U.S. Government/Credit Float Adjusted Index. The fund invests in government, corporate and international dollar denominated bonds that have maturities between 1 and 5 years.

Vanguard Small-Cap Growth Index Fund – This mutual fund seeks to match the performance of the MSCI U.S. Small-Cap Growth Index, which is a broadly diversified index of smaller U.S. companies. This fund invests all or substantially all of its assets in the stocks that make up the index.

Vanguard Small-Cap Index Fund – This mutual fund seeks to replicate the performance of the MSCI (Morgan Stanley) U.S. Small-Cap 1750 Index by investing solely in the stocks contained in the index, holding each stock in approximate proportion to its weighting within the index. The index is comprised of 1750 smaller companies as measured by market capitalization determined by Morgan Stanley.

Vanguard Target Retirement Funds – These are a series of mutual funds that provide asset allocation strategies to participants planning to retire near specific future dates. Each fund seeks to provide capital appreciation and current income consistent with its current asset allocation. The assets of each fund are invested in a diversified blend of other Vanguard funds.

Vanguard Target Retirement Income Fund – This fund invests in other Vanguard mutual funds according to an asset allocation strategy designed for investors currently in retirement. The fund seeks to provide current income and some capital appreciation.

Vanguard Total Bond Market Index Fund – This mutual fund’s objective is to track the performance of a broad, market-weighted bond index. The fund invests at least 80% of its total assets in bonds represented in this index. The fund maintains a dollar-weighted average maturity of between 5 and 10 years.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vanguard Total International Stock Index Fund – This mutual fund seeks to track the investment performance of the MSCI All Country World ex-USA Investable Market Index, an index designed to measure equity performance in developed and emerging markets, excluding the United States.

Vanguard Wellesley Fund – This mutual fund's objective is to provide long-term growth of income and a high sustainable level of current income, along with moderate long-term capital appreciation. The fund invests 60% to 65% of its assets in investment-grade corporate, U.S. treasury and government agency bonds.

Vanguard Wellington Fund – This mutual fund's objective is to conserve capital and provide moderate long-term growth in capital and income. The fund invests 60% to 70% of its assets in dividend-paying, and, to a lesser extent, non-dividend-paying common stocks of established, large and medium-sized companies.

Vanguard Retirement Savings Trust – This collective investment fund provides participants with an attractive rate of interest and safety of principal by investing primarily in investment contracts issued by financial institutions and in contracts that are backed by high-quality bonds and bond mutual funds owned by the Trustee on behalf of the trust. The principal and interest of these contracts are neither insured nor guaranteed by the U.S. government or the Trustee. It is the goal and expectation of the Trustee that each unit of the trust will maintain a constant net asset value of \$1, however, there is no assurance that this will be achieved. The collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates: The plan administrator has made a number of estimates and assumptions relating to the reporting of net assets available for benefits and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Security transactions are recognized on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. The Plan reports realized and unrealized gains and losses for financial statement purposes based on fair values as determined at the end of the prior plan year, or historical costs if the investment was acquired since the beginning of the plan year, as required by the Department of Labor. Capital gain distributions are included in dividend income.

Risk and Uncertainties: The Plan's investments are exposed to various risks, such as interest rate, market, liquidity, credit risks and global events. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the financial statements of the Plan.

Distributions to Participants and Beneficiaries: Distributions to participants and beneficiaries are recognized when paid.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, CIB Marine Bancshares, Inc. has the right under the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, all participants would become 100% vested in the employer contribution portion of their accounts.

NOTE 4 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. Accordingly, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 5 – INVESTMENTS – CERTIFIED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company (the trustee of the Plan).

NOTE 6 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs.

NOTE 6 – FAIR VALUE MEASUREMENTS (Continued)

The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liability in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in market that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan are as follows:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, as reported in the audited financial statements of the fund. See *Vanguard Retirement Savings Trust* discussion in Note 1 regarding valuation techniques and description of redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, assets at fair value as of December 31, 2023 and 2022:

	Level 1	Level 2	Level 3	Total
December 31, 2023				
Collective trust				
Stable Value Fund*	\$ –	\$ –	\$ –	\$ 862,810
Mutual fund investments	20,188,505	–	–	20,188,505
Total investments at fair value	\$ 20,188,505	\$ –	\$ –	\$ 21,051,315

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Plan investments are shares in registered investment companies managed by Vanguard Investments and a collective trust fund managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the trustee of the Plan, and therefore, these investments qualify as party-in-interest investments. Loans to the Plan's participants are also considered party-in-interest investments. In addition, fees for the years ended December 31, 2023 and 2022 in the amount of \$38,385 and \$40,350 were expensed by the Plan to parties in interest for various administration services.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 23, 2024, which is the date the financial statements were available to be issued.
