INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrators of
Whittlesey P.C. 401(k) Retirement and Savings Plan
Hartford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Whittlesey P.C. 401(k) Retirement and Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to Section 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with Section 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WHITTLESEY P.C. 401(K) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
December 31, 2023 and 2022

NOTE 1. PLAN DESCRIPTION

The following description of Whittlesey P.C. 401(k) Retirement and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Whittlesey P.C. (the Employer or Company) who are at least 21 years of age and have completed six months of service. Entry date is the first day of the month coinciding with or next following date requirements are met.

The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Accounts and Contributions: Participants may elect to contribute to the Plan a specific percentage or dollar amount of compensation as elective deferrals and/or Roth elective deferrals. Total participant contributions are subject to annual limits under the IRC. The maximum participant deferral limit was \$22,500 and \$20,500 for calendar years 2023 and 2022, respectively. Catch-up contributions of \$7,500 and \$6,500 for calendar years 2023 and 2022, respectively, were available to participants who had attained age 50 or older during the calendar year, and had not exceeded the contribution limit for the Plan year.

The Company may make annual discretionary matching and/or profit sharing contributions to the Plan, which are to be allocated to participants employed on the last day of the Plan year who completed at least 1,000 hours of service in that year, on the basis of their relative compensation to the total compensation of all eligible participants. The Company made discretionary profit sharing contributions, net of forfeitures, of \$1,317,307 and \$947,919 to the Plan for the years ended December 31, 2023 and 2022, respectively.

Participant Accounts: Each participant's account is credited or charged with the participant's contributions, Company contributions, and an allocation of earnings or losses resulting from the participant's investments.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in Company discretionary matching and profit sharing contributions is subject to completion of at least 1,000 hours of service in a calendar year, and is based on years of continuous service. A participant is 20% vested after two years of service and continues to vest 20% per year thereafter. Participants are fully vested after six years of service.

Notwithstanding the above, if a participant dies or terminates employment by reason of permanent disability, the Company discretionary matching and profit sharing contributions amount becomes 100% vested without regard to years of service.

Benefit Payments: Distributions of a participant's account can be made upon termination of service, death, disability, or retirement. Distributions are made in a lump-sum payment unless a partial payment needs to be made in compliance with the minimum distribution requirements. Installment payments are allowed from assets held under Empower SecureFoundation contract. If a participant's vested account balance is \$5,000 or less, such balance will be automatically distributed without participant consent. An in-service distribution can also be made to participants who have attained the age of 59-1/2, upon disability or when experiencing financial hardship. Such withdrawals are subject to applicable excise and income taxes, and may only be made with the approval of the Plan Administrator.

NOTE 1. PLAN DESCRIPTION (Continued)

Administrative Expenses: The Company incurs certain expenses in administering the Plan, which if not paid by the Plan are borne by the Company. Administrative expenses include investment advisory and contract administration fees and charges associated with investment transactions and benefit payments.

Notes Receivable from Participants: Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's vested balance. The notes receivable from participants are secured by the vested balance in the participant's account and bear interest at a rate of one percent above the Prime rate in effect at the time of loan origination. Principal and interest are paid ratably through payroll deductions not less frequently than quarterly over a term not to exceed five years, except notes receivable used to purchase the participant's primary residence, which may be permitted a longer term by the Plan Administrator.

Forfeitures: Forfeitures of terminated participants' unvested Company contributions may be used to reduce future Company contributions or administrative expenses. For the years ended December 31, 2023 and 2022, forfeitures of \$12,000 and \$12,531, respectively, were applied to reduce Company contributions, and forfeitures of \$13,500 for both years was used for Plan expenses. Forfeitures of approximately \$11,000 and \$12,000 were available at December 31, 2023 and 2022, respectively, for future use.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments and Income (Loss) Recognition: Investments are reported at fair value except for the fully benefit-responsive investment contract in the guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Realized and unrealized appreciation (depreciation) is based on the market value of the assets at the end of the Plan year compared to the market value of the assets at the beginning of the Plan year, or at the time the assets were purchased or exchanged during the Plan year.

Benefit Payments: Benefits are recorded when paid.

Subsequent Events: Management has evaluated subsequent events for recognition and disclosure through August 13, 2024, which is the date the financial statements were available to be issued.

NOTE 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants, and the schedule of assets held at end of year have been derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (Empower), the custodian of the Plan, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. GROUP ANNUITY CONTRACT

The Plan has a group annuity contract with Empower. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Empower which is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The methodology for calculating the interest credit rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly. The average yield earned by the Plan is derived by averaging the quarterly gross interest rates for the fund over the year. That average yield was 1.23% and 0.94%, respectively, for 2023 and 2022.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value.

Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

WHITTLESEY P.C. 401(K) RETIREMENT AND SAVINGS PLAN

Notes to Financial Statements
December 31, 2023 and 2022

NOTE 5. INCOME TAX STATUS

The Internal Revenue Service has informed the Plan, through the Volume Submitter program, by an opinion letter dated May 26, 2021, that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and concluded that, as of December 31, 2023, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to December 31, 2020.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are investment funds managed by Empower. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are as follows:

- Level 1* Observable quoted prices in active markets for identical assets and liabilities.
- Level 2* Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3* Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

NOTE 9. FAIR VALUE MEASUREMENTS (Continued)

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022:

Mutual Funds: Valued using quoted market prices, which represent the net assets value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value based on summarized investment categories:

	Fair Value Measurements Using			Total
