The West Clinic 401(k) and
Profit Sharing Plan
Germantown, TN

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of The West Clinic 401(k) and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(c). The financial statements comprise the statements of the net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The West Clinic 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audits need not extend to any statements or information related to notes receivable from participants or assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subjected to periodic examination by a state or federal agency provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 and 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at the end of the year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

THE WEST CLINIC 401(k) AND PROFIT SHARING PLAN
Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of The West Clinic 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document and the summary plan description for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution 401(k) retirement plan sponsored by The West Clinic, PLLC (the "Company") for the benefit of its employees who have attained the age of 20 and completed one month of service. Employees are eligible for the Company contributions once they have attained the age of 20 and completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may contribute any percentage of annual compensation as defined in the Plan, subject to Internal Revenue Service ("IRS") limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catchup contributions as defined in the Plan. The Company contributes 25 percent of the first four percent of eligible compensation that a participant contributes to the Plan. The Company also makes non-elective safe harbor contributions for eligible employees equal to three percent of eligible compensation regardless of whether or not the participant contributes to the Plan. Finally, the Plan allows the Company to make discretionary profit sharing contributions. Discretionary profit sharing contributions totaled \$1,344,965 during the year ended December 31, 2023.

Participant Investment Account Options

The Plan allows participants to direct varying portions of their contributions and account balances among different investment options held by Mid Atlantic Trust Company ("MATC"), which includes a diversified selection of mutual funds, exchange-traded funds, a stable value fund, and money market funds.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions, the Company's matching contributions, and the Company's non-elective safe harbor contributions, plus earnings or losses thereon. Participants vest in the Company's discretionary profit sharing contributions based upon years of service, with 100 percent vesting occurring after three years of credited service. In the event of death, disability, normal retirement age 65, or if the Plan is discontinued, participants become 100 percent vested in all account balances.

Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 1. Continued

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50 percent of their vested account balance. A participant may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is repaid ratably through payroll deductions.

Payment of Benefits

Upon termination of service for any reason, death, disability, or retirement, a participant may request a lump sum distribution equal to the value of the participant's vested interest in his or her account. Withdrawals of a participant's vested balance while employed are allowed, provided the participant has attained age 59½.

Forfeitures

The Plan held forfeitures of \$5,132 and \$13,493 at December 31, 2023 and 2022, respectively. If an employee terminates before his or her Company discretionary profit sharing contribution account has become fully vested, such portion of the account is forfeited. Participant forfeitures are used to pay plan expenses or reduce Company discretionary profit sharing contributions. During the years ended December 31, 2023 and 2022, The Plan used \$13,487 and \$26,115, respectively, in forfeitures to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

THE WEST CLINIC 401(k) AND PROFIT SHARING PLAN
Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 2. Continued

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Realized and unrealized gains and losses on the Plan's investments are included in net appreciation (depreciation) in the fair value of investments at year end in the statement of changes in net assets available for benefits.

Excess Contribution Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration of distributions are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. In 2023, the interest rates on notes receivable from participants ranged from 4.25 to 9.50 percent.

Note 3. Investments Certified and Provided by Trustees

Information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule of assets held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by MATC, the custodian of the Plan.

Note 4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

THE WEST CLINIC 401(k) AND PROFIT SHARING PLAN
Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 4. Continued

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

- Money market funds: Valued at cost, which approximates fair value.
- Mutual funds: Valued at the daily closing price as reported by the funds. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Exchange-traded funds: Valued at the closing price reported on the active market on which the individual securities are traded. The exchange-traded funds held by the Plan are deemed to be actively traded.
- Stable value common collective trust fund: Valued at the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result.

Investments at fair value	\$ 62,254,349	\$ -	\$ -	\$ 63,222,155

*In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying financial statements.

The fair value of the investments in the stable value common/collective trust fund has been estimated using the NAV of the investments. The fund is redeemed on a daily basis and does not have any redemption restrictions. Additionally, there are no unfunded commitments.

THE WEST CLINIC 401(k) AND PROFIT SHARING PLAN
Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 5. Related Party Transactions and Party-In-Interest Transactions

As of December 31, 2023 and 2022, certain Plan investments are shares of exchange-traded funds managed by Highland Capital Management, LLC. Plan investments are held by MATC. Highland Capital Management, LLC is the investment advisor, MATC is the custodian, and The Retirement Plan Company ("TRPC") is the recordkeeper of the Plan. As a result, these investments and all transactions relating to these investments qualify as parties-in-interest transactions. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are exempt from being considered prohibited transactions by ERISA. Administrative expenses paid to various service providers by the Plan totaled \$190,899 in 2023.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If terminated, the net assets of the Plan are to be set aside for the participants' benefits and participants would become 100 percent vested in the Company's discretionary profit sharing contributions.

Note 7. Income Tax Status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and informed the Plan's third-party administrator of such in letter dated March 31, 2014. The Plan was amended on January 1, 2022 since receiving the opinion letter, and the 401(k) executive committee believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

As of December 31, 2023 and 2022, approximately 51 and 53 percent of the Plan's investments were invested in the Highland Capital Growth Strategy Fund and Highland Capital Balanced Strategy Fund.

Year Ended December 31, 2023 and 2022

NOTES TO FINANCIAL STATEMENTS

Note 9. Plan Amendments

Effective January 1, 2022, the Plan was amended to include a Roth 401(k) employee deferral option, an automatic employee enrollment deferral of two percent, and changed the waiting period for employer's contribution to be the first month after completing 12 months of service.

Note 10. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2023
Net assets available for benefits per the financial statements	\$ 82,246,338
Less: Contributions receivable on crossover pay period	<u>(103,583)</u>
Net assets available for benefits per Form 5500	<u>\$ 82,142,755</u>

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31:

	2023
Net increase in net assets available for benefits per the financial statements	\$ 16,968,407
Less: Contributions receivable on crossover pay period	<u>(103,583)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 16,864,824</u>

Note 11. Subsequent Events

The Plan has evaluated subsequent events for potential recognition or disclosure through August 26, 2024, which is the date the financial statements were available to be issued.
