INDEPENDENT AUDITOR'S REPORT

To the Plan Trustee
Fujimi Corporation Profit Sharing & Pension Plan
Tualatin, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Fujimi Corporation Profit Sharing & Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Fujimi Corporation Profit Sharing & Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified to by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fujimi Corporation Profit Sharing & Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fujimi Corporation Profit Sharing & Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fujimi Corporation Profit Sharing & Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fujimi Corporation Profit Sharing & Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FUJIMI CORPORATION PROFIT SHARING & PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the Fujimi Corporation Profit Sharing & Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Fujimi Corporation (the Company) who are age 19 or older and have completed six months of continuous employment, except for union employees, nonresident aliens, residents of Puerto Rico, and employees who are foreign nationals benefiting under the parent company's plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's most recent restatement was effective January 1, 2022.

Contributions

Participants may elect annually to contribute, on a pre-tax or after-tax Roth basis, up to 100 percent of their annual compensation, limited to the amounts provided by the Internal Revenue Code (IRC). Individuals who attain age 50 by the end of the Plan year may make additional pre-tax or after-tax Roth "catch-up" contributions. The Company makes a 5 percent fixed matching contribution and 5 percent fixed employer contribution in accordance with restated plan provisions. The Company may also make a discretionary profit sharing contribution. For the years ended December 31, 2023 and 2022, the Company elected to make a discretionary secondary profit sharing contribution of 5 percent.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and Plan earnings and expenses. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts between several investment alternatives available within the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are 100 percent vested in Company contributions and earnings thereon after completing five years of vesting service (defined as one calendar year in which a participant has at least 1,000 hours of service) according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

FUJIMI CORPORATION PROFIT SHARING & PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

1. Plan Description, continued

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 from their accounts or up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Only one loan may be outstanding at a time unless one is a loan for a principal residence amortized for a period greater than five years. The loans are secured by the balance in the participant's account and will bear a reasonable rate of interest. Principal and interest installments are paid monthly.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or their designated beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, regular periodic payments, or life annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. In-service withdrawals are permitted from employee deferrals upon attainment of 59½ years of age or from rollover accounts at any time. Withdrawals from the Plan may also be made upon circumstances of financial hardship in accordance with provisions specified in the Plan.

Forfeited Accounts

The non-vested account of a participant shall be forfeited if a participant is terminated. These accounts are allocated to participant accounts based on the ratio of a participant's eligible compensation to total eligible compensation of active participants. During the years ended December 31, 2023 and 2022, \$38,937 and \$37,681, respectively, was forfeited from participant accounts. During the years ended December 31, 2023 and 2022, forfeitures of \$38,484 and \$51,256, respectively, were allocated to participant accounts. At December 31, 2023 and 2022, unused forfeited accounts were \$39,656 and \$38,484, respectively, all of which was allocated to participant accounts in the subsequent year, in accordance with the Plan document.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FUJIMI CORPORATION PROFIT SHARING & PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Accounting Policies, continued

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for a discussion of fair value measurement. The Plan's guaranteed interest account is carried at contract value which represents deposits, plus interest, less withdrawals.

Investment transactions are accounted for on the trade date (date the investment securities are purchased or sold). Both the average cost and specific identification methods are used in determining the cost of investment securities sold. Interest income is accounted for on the accrual basis. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding balances plus accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses and Fees

Certain administrative expenses are paid directly by the Company and are therefore excluded from these financial statements. Certain participant transaction fees are paid by the Plan from assets in that participant's account. Investment related expenses are included in net change in fair value of investments.

Recent Accounting Standard Adopted

On January 1, 2023, the Plan adopted Accounting Standards Update (ASU) 2016-13 Financial Instruments - Credit Losses (Topic 326): *Measurement of Credit Losses on Financial Instruments*, and all related amendments (ASC 326), which replaced the incurred loss methodology for recognizing credit losses with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. CECL requires an estimate of lifetime expected credit losses to be recognized for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts, and for the financial assets to be presented at the net amount expected to be collected on the statements of net assets available for benefits. The financial assets held by the Plan that are subject to ASC 326 are employer contributions receivable and participant contributions receivable.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Accounting Policies, continued

Recent Accounting Standard Adopted, continued

The Plan adopted ASC 326 effective January 1, 2023. There was no impact to the financial statements as a result of adopting this standard.

3. Information Prepared and Certified by Custodian

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information was certified by Standard Insurance Company, the custodian of the Plan, as complete and accurate:

	<u>2023</u>	<u>2022</u>
Investments held:		
Pooled separate accounts, at fair value	\$ 30,848,068	\$ 26,303,269
Guaranteed interest fund, at contract value	13,530,155	13,312,428
Investment income (loss):		
Net change in fair value of investments	4,662,804	(5,275,193)
Investment interest	401,982	406,597

4. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Standard Insurance Company (The Standard), included in the statements of net assets available for benefits as a guaranteed interest fund. The Standard maintains the contributions in a pooled account (Stable Asset Fund), which is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. All assets in the guaranteed interest fund are credited with interest using a declared quarterly rate determined by The Standard and stated in advance of the coming quarter. There is no specific portfolio of assets in which the guaranteed interest fund invests. The credited interest rate is backed by the income received from assets held in The Standard's general account. The rate will never be below 1 percent and has no maximum interest rate for the Stable Asset Fund. Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with The Standard. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable. Based on these factors, The Standard has certified that the fair value of the insurance contracts is equal to the current contract value.

FUJIMI CORPORATION PROFIT SHARING & PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

5. Related Party and Party in Interest Transactions

Certain Plan investments are managed by Standard Insurance Company or an affiliate. Standard Insurance Company is the custodian as defined by the Plan and therefore these transactions qualify as party in interest transactions. Administrative fees and other direct compensation paid to StanCorp Financial Group from Plan assets were \$43,261 and \$43,094 for the years ended December 31, 2023 and 2022, respectively, of which a portion is netted against investment earnings. Administrative fees and other direct compensation paid to Horst & Graben Wealth Management, the Plan's investment advisor, from Plan assets were \$-0- and \$8,944 for the years ended December 31, 2023 and 2022, respectively, of which a portion is netted against investment earnings. These party in interest transactions are exempt from the prohibited transaction rules of ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full or partial Plan termination, affected participants will become 100 percent vested in their accounts.

7. Tax Status

The Internal Revenue Service (IRS) issued an opinion letter on June 30, 2020, stating that the Volume Submitter Profit Sharing Plan with Standard Retirement Services, Inc. qualifies under Section 401(a) of the IRC and the related trust is therefore not subject to tax under present income tax law.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

FUJIMI CORPORATION PROFIT SHARING & PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

9. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional standards are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to their fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Pooled separate accounts: Recorded at fair value based on the stated net asset value (NAV) of the separate pooled account, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily at NAV. Pursuant to Accounting Standards Update (ASU) 2015-07, *Fair Value Measurements*, the pooled separate accounts measured at NAV have not been classified in the fair value hierarchy. All pooled separate account investments held by the Plan have no unfunded commitments, and the investments may be redeemed by participants on a daily basis with no required notice period.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
