INDEPENDENT AUDITOR'S REPORT

The Plan Committee
Ellison Technologies Employees Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Ellison Technologies Employees Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions, agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Ellison Technologies Employees Retirement Savings Plan Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Ellison Technologies Employees Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Ellison Technologies, Inc., Plan Sponsor, who have three months of service and are age eighteen or older. Plan entry date is on the first day of a calendar quarter. The Plan is subject to the provisions of the Employee Retirement Income Security Act, as amended (ERISA).

Contributions

Participants may elect to reduce their compensation, as defined by the Plan, by a certain amount and have that amount contributed to the Plan as a pre-tax salary deferral or as an after-tax (Roth) salary deferral. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 8 percent of eligible compensation with automatic increases of 1 percent per year, up to a maximum of 15 percent, and their contributions invested in a target date fund until changed by the participant. The Plan Sponsor may make matching contributions to eligible participants of the Plan. The basic matching contribution is determined for each Plan year wherein the Plan Sponsor contributes a certain percentage of the participant's contribution. The supplemental matching contribution is determined for any Plan year, wherein the Plan Sponsor contributes a certain percentage of the participants' contribution if the participant is still employed on the last day of the Plan year. The Plan Sponsor may also make a profit sharing contribution for participants who are employed on the last day of the Plan year and have at least 1000 hours of service during the Plan year. For the year ended December 31, 2023, the Plan Sponsor made both a basic matching contribution of 10 percent and a supplemental matching contribution of 10 percent of eligible wages. Contributions are subject to certain limits.

Participant Accounts

Participants direct the investment of contributions to various mutual fund options or to a fixed account invested in the Empower Annuity Insurance Company of America general account and which are reflected in individual participant accounts maintained by the Plan. These accounts reflect the participant's contributions, and an allocation of (a) the Plan Sponsor's contributions, and (b) the Plan's earnings and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Ellison Technologies Employees Retirement Savings Plan
Notes to Financial Statements**

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum loan of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loans must be repaid within 5 years or within 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate (at the date of the loan issuance) plus 2 percent. At December 31, 2023 and 2022, loan interest rates were between 5.25 percent and 10.50 percent. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits

On termination of service due to death, disability, or retirement or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in installments. Under certain conditions, in-service withdrawals are permitted.

Forfeiture and Asset Holding Account

At December 31, 2023 and 2022, the Plan's forfeiture and asset holding account totaled \$10,394 and \$14,368, respectively. These accounts are available to pay administrative expenses and/or reduce future employer contributions. In 2023, employer contributions and administrative expenses were reduced by \$18,814 and \$4,750, respectively from the forfeiture and asset holding account.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and the Plan Sponsor can terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. See Note 4 for disclosures regarding fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expense are reflected as a reduction of investment income for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

**Ellison Technologies Employees Retirement Savings Plan
Notes to Financial Statements**

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Expenses

The Plan pays expenses for Plan recordkeeping and for fees related to withdrawals, managed accounts and notes receivable from participants. Such expenses are charged directly to the participant's account and are included in administrative expenses. The Plan may also pay administrative expenses related to investment advisory fees, certain third-party administrator fees and audit fees. Other expenses of maintaining the Plan are paid directly by the Plan Sponsor, at their option, and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Other Income

The Plan receives revenue sharing income from the Plan recordkeeper which is reflected as other income and credited to the Plan's forfeiture and asset holding account and used to pay Plan administrative expenses.

3. FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN AND TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, which includes investments and notes receivable from participants at December 31, 2023 and 2022, interest, dividends and net appreciation in fair value of investments and participant loan interest for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodian and trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Ellison Technologies Employees Retirement Savings Plan
Notes to Financial Statements

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The Plan's investments in mutual funds measured at fair value are recognized at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2023 and 2022.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
As of December 31, 2023				
Mutual funds	\$ <u>69,791,696</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>69,791,696</u>
As of December 31, 2022				
Mutual funds	\$ <u>58,012,025</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>58,012,025</u>

5. INVESTMENT IN INSURANCE COMPANY GENERAL ACCOUNT AT CONTRACT VALUE

The Plan's investment in the Key Guaranteed Portfolio Fund is a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America ("Empower"), and is therefore reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

Empower maintains the Plan funds in its general account which represents a fixed account that is considered evergreen (no maturity date), with no market value adjustment upon discontinuance. Empower, as the guaranteed investment contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The account is credited with earnings at interest rates which are announced in advance and guaranteed for a specific time period. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate (cannot be less than zero percent), as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield and crediting interest rate for 2023 and 2022 were as follows:

	<u>2023</u>	<u>2022</u>
Key Guaranteed Portfolio Fund	1.48 %	1.18 %

**Ellison Technologies Employees Retirement Savings Plan
Notes to Financial Statements**

5. INVESTMENT IN INSURANCE COMPANY GENERAL ACCOUNT AT CONTRACT VALUE (Continued)

Normally while the contract is active, transfers among investment options and distributions to participants will be made immediately. Generally there are not any events that could limit the ability of the Plan to transact at contract value and there are not any events that allow the issuer to terminate the contract and which require the Plan to settle at an amount different than contract value. However, upon contract termination, Empower reserves the right to defer payment of the contract up to 12 months.

6. TAX STATUS

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has an investment in the Empower general account. At December 31, 2023, the Plan also paid Plan expenses of \$97,148 and received other income of \$20,000, to/from other Empower entities who are affiliates of the Plan's custodian and trustee. In addition, the Plan paid expenses of \$24,750 to its investment advisor and third-party administrator. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exemptions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through August 14, 2024, which is the date the financial statements were available to be issued.
