INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Participants
Brilla College Prep 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Brilla College Prep 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Brilla College Prep 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brilla College Prep 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brilla College Prep 403(b) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brilla College Prep 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brilla College Prep 403(b) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year – December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BRILLA COLLEGE PREP 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE A: DESCRIPTION OF THE PLAN

The following description of the Brilla College Prep 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, including amendments, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan with a 403(b) salary reduction agreement covering substantially all employees of Brilla College Preparatory Charter Schools (the “Organization”) who meet the eligibility requirements defined below. Effective January 1, 2023, Brilla New Jersey Charter Schools has entered the plan as a participating employer within the Organization. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA). The Board of Trustees of the Organization controls and manages the operation and administration of the Plan.

Participant requirements

An employee becomes eligible to participate in the Plan upon hire if they normally work twenty hours or more per week. Employees who normally work less than twenty hours per week will become eligible after completing one year of service. Employees are automatically enrolled into the Plan beginning with 5% deferral, with an increase of 1% per year, up to a maximum of 15% of employee’s compensation. Employees have the option the change the deferral percentage at any time or opt out entirely. Effective July 1, 2023, employees are automatically enrolled into the plan with the exception of Brilla New Jersey Charter Schools employees.

Contributions

Participants may contribute up to 100% of annual compensation, as defined in the Plan, not to exceed maximum limits established by the IRS. The Organization makes matching contributions each pay period. Effective July 1, 2023, Brilla New Jersey Charter Schools employees are not eligible for matching contributions. Participants with less than five years of service will receive a matching contribution of 3% of their elective deferral. Participants with five years of service or more will receive a matching contribution of up to 5% of their elective deferral. For the years ended December 31, 2023 and 2022, the Company made matching contributions of \$623,657 and \$518,214, respectively.

Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Employer contributions vest 33% per year beginning with the completion of one year of service. Participants are 100% vested after three years of service.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Organization’s contribution and (b) Plan earnings or losses. Allocation of earnings are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Investment options

Participants may direct the investments of their accounts among the investment options offered by the Plan.

DECEMBER 31, 2023 AND 2022

NOTE A: DESCRIPTION OF THE PLAN, Cont'd

Participant notes receivable

Participant notes receivable are measured and valued at their unpaid principal balance plus any accrued but unpaid interest.

Participants are permitted to borrow up to 50% of the vested balance in their plan accounts to a maximum of \$50,000. The maximum number of outstanding loans at any one time is one with a maximum of two approvals in a twelve-month period. The minimum amount of each loan is \$1,000. Loan terms may not exceed five years unless the loan is for the purchase of a principal residence, in which case the Administrator can permit a longer repayment term. The Administrator will determine a reasonable rate of interest for all loans from the Plan by reviewing similar loans by other lenders. Principal and interest payments are generally made through payroll withholdings and are redeposited into the participant's account based on their current investment allocation election.

Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

Payment of benefits

Distributions may be made from account balances, with participant consent, under the following conditions: separation from service or upon participant's attainment of age of 59 1/2 as provided for in the Plan and in government regulations. Vested account balances that are more than \$5,000 upon separation of service will be paid in one lump-sum distribution or partial withdrawals are permitted for participants or beneficiaries who must receive required minimum distributions in accordance with the provisions of the Plan. Vested account balances under \$5,000 will be paid in one lump-sum distribution in accordance with the provisions of the Plan. The Plan allows participants to receive benefits in case of hardship as provided in the Plan and in government regulations, but only from elective deferrals and vested portion of employer matching contributions.

Forfeitures

The Organization may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures available to reduce future contributions or pay plan expenses amounted to \$59,633 and \$25,305 at December 31, 2023 and 2022, respectively. There were no forfeitures utilized in 2023 or 2022 to reduce contributions and pay Plan expenses.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

As described in generally accepted accounting principles in the United States of America, investment contracts held by a defined-contribution plan that are not benefit responsive, are required to be reported at fair value. The statements of changes in net assets available for benefits is prepared on a fair value basis.

BRILLA COLLEGE PREP 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2023 AND 2022

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Investment valuation and income recognition

Investments of the Plan are reported at fair value as determined by Voya Retirement and Insurance Annuity Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for fair value disclosures.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded as earned. Historical cost is used to determine the net appreciation or depreciation of investments, as reported by the Plan's custodian.

Payment of benefits

Benefits paid to participants are recorded when paid.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Organization, as provided by the plan document. Expenses that are paid directly by the Organization are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation or (depreciation) of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Subsequent events

The Plan has conducted an evaluation of potential subsequent events occurring after the statement of net assets available for benefits date through September 4, 2024, which is the date the financial statements are available to be issued. As of July 1, 2024, Brilla New Jersey Charter Schools will no longer be a participating employer in the Plan, and the related assets will be rolled into a new plan.

NOTE C: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America ("GAAP") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value under GAAP are described below:

Level 1 - Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 - Valuation is based upon:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in inactive markets;
- Inputs other than quoted prices that are observable for the instrument;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment company accounts: Valued based on the quoted unit value of the account times the number of units held by the Plan.

Guaranteed interest account: Valued based on the value that will be paid when the funds are withdrawn prior to their maturing and reflects a surrender charge.

BRILLA COLLEGE PREP 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2023 AND 2022

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The Guaranteed interest account provides a guaranteed income rate for a specified period of time as determined, or allowed, by the Plan. The rate credited is the rate in effect on the day when each deposit is directed to the account. All rates credited during the 12-month 'deposit year' are averaged into a single composite rate which is the same as the plan year. The Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability and retirement); however, there is a possible surrender charge when funds are withdrawn prior to their maturity. Thus the Guaranteed account accounts are considered non-benefit responsive.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
<u>December 31, 2023</u>				
Investments in the fair value hierarchy:				
Guaranteed interest account	\$ -	\$ -	\$ 90,857	\$ 90,857
Registered investment company accounts	6,100,333	-	-	6,100,333
Investments, at fair value	<u>\$ 6,100,333</u>	<u>\$ -</u>	<u>\$ 90,857</u>	<u>\$ 6,191,190</u>
Assets at Fair Value				
	Level 1	Level 2	Level 3	Total
<u>December 31, 2022</u>				
Investments in the fair value hierarchy:				
Guaranteed interest account	\$ -	\$ -	\$ 53,182	\$ 53,182
Registered investment company accounts	3,890,500	-	-	3,890,500
Investments, at fair value	<u>\$ 3,890,500</u>	<u>\$ -</u>	<u>\$ 53,182</u>	<u>\$ 3,943,682</u>

BRILLA COLLEGE PREP 403(B) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2023 AND 2022

NOTE C: FAIR VALUE MEASUREMENTS, Cont'd

The table below sets forth a summary of changes in the value of the Plan's Level 3 assets for the years ended December 31, 2023 and 2022:

	<u>Guaranteed Interest Account</u>
Balance at December 31, 2021	\$ 24,577
Purchases	28,480
Sales	-
Interest	499
Administrative expense	<u>(374)</u>
Balance at December 31, 2022	\$ 53,182
Purchases	36,888
Sales	-
Interest	1,139
Administrative expense	<u>(352)</u>
Balance at December 31, 2023	<u>\$ 90,857</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DECEMBER 31, 2023 AND 2022

NOTE D: CERTIFIED INVESTMENTS (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments, and notes receivable – participant loans held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income from participant notes receivable for the year ended December 31, 2023, were obtained by management and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company custodian of the Plan at December 31, 2023 and 2022:

	December 31,	
	2023	2022
Investments, at fair value	\$ 6,191,190	\$ 3,943,682
Notes receivable - participant loans	33,375	23,162
Net appreciation in fair value of investments	768,579	
Interest and dividends	129,886	
Interest income from participant notes receivable	2,397	

All information included in the attached supplemental Schedule of Assets Held for Investment Purposes at End of Year - December 31, 2023.

NOTE E: PLAN TERMINATION

The Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts and their accounts will be paid to them as provided by the plan document.

NOTE F: TAX STATUS

On March 31, 2017, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the applicable requirements of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS, Cont'd

DECEMBER 31, 2023 AND 2022

NOTE G: PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments funds managed by Voya Retirement and Insurance Annuity Company, the custodian of the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. As described in Note A, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

NOTE H: RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
