Independent Auditors' Report

To the Plan Administrator and Plan Trustees
The Black Hawk Casino 401(k) Plan
Shawnee, Oklahoma

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Black Hawk Casino 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE A--DESCRIPTION OF THE PLAN

The following description of The Black Hawk Casino 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for complete information.

General: The Plan is a defined contribution plan covering substantially all employees of Sauk Business Enterprises (the "Company") who have completed one year of service, as defined in the Plan document. Eligible employees may enroll in the Plan on January 1st or July 1st of each plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company enacted the Plan effective April 1, 2008.

Asset Trustee and Administration: The Plan's assets are held by Transamerica, the trustee of the Plan, and are invested through participant-directed accounts in various pooled separate accounts. Duties of the asset trustee include, among others, recordkeeping, receiving and investing cash contributions and investment income, and making payments from the Plan funds as directed by the participants and Plan Administrator. Officers or employees of the Company perform administrative functions for the Plan. The Company incurs certain administrative services and costs without cost to the Plan. No officer or employee of the Company receives compensation from the Plan.

Contributions: Participants may make elective deferrals to the Plan up to the annual limitations imposed by the IRS of \$22,500 for 2023. Plan participants age 50 and older were eligible to make a catch-up contribution to the Plan of an additional \$7,500 during the year ended December 31, 2023. Rollover contributions from qualified plans are permitted under the Plan agreement.

The Plan provides for the Company to make matching contributions to the Plan. During the year ended December 31, 2023, the Company made matching contributions of 100% of a participant's contributions up to 3% of the participant's eligible compensation. Additionally, the Company, at its discretion, may elect to make profit-sharing or other contributions to the Plan. The Company did not make any discretionary profit-sharing or other contributions to the Plan during the year ended December 31, 2023.

Vesting: Participant contributions and earnings thereon are fully vested at all times. Matching and profit-sharing contributions become 20% vested after two years of service and continue to vest at a rate of 20% for each successive year of service until 100% vested after six years of service.

Payment of Benefits: Participants who terminate employment due to death, permanent disability, or normal retirement may receive all benefits in a lump-sum payment equal to the value of the participant's account balance. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution. As of December 31, 2023, net assets available for benefits included approximately \$128,800 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan. As of December 31, 2023, there were no unpaid vested benefits to participants who had requested withdrawal of their account.

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE A--DESCRIPTION OF THE PLAN--CONTINUED

Investment Options: Participant accounts are 100% participant-directed. Upon enrollment, participants may direct their contributions, in any increments, to any of the investment options provided by the trustee. Each participant can choose to deposit all contributions in one fund or split the investment among the investment options in any whole percentages. The allocation of investment income for each of the investment options is based on the ratio that each participant's account balance bears to the total account balance of all eligible participants. The Plan's invested assets consist principally of units of participation in pooled separate accounts (mutual funds) and one guaranteed investment contract, which collectively comprise the Plan's investment contract with Transamerica. The mutual funds are registered under the Investment Company Act of 1940. Pooled separate accounts are similar to a common or commingled trust maintained by a bank, except that a pooled separate account is maintained by an insurance company rather than a bank. The assets underlying a pooled separate account are the insurance company's property, with each of two or more unrelated participating plan's units of participation representing rights to the assets underlying the separate account.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's matching contributions, and the allocation of Plan earnings. Allocations are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration of Plan Assets: A Company employee serves as the Plan Administrator, having overall responsibility for the Plan. The Plan Administrator has the power to interpret the Plan's provisions, determine questions concerning eligibility, participation and benefits, and such other powers and duties as are necessary to the operation of the Plan. The Company pays most of the administrative costs of the Plan. Account transaction fees for loans and other distributions are deducted from participant accounts.

Forfeitures: The Company's contributions and earnings thereon which become forfeited as a result of any benefit payment or withdrawal provisions of the Plan may be used to pay plan expenses. Any forfeiture amount remaining after paying Plan expenses is used to reduce the Company's matching contributions and pay certain administrative expenses of the Plan. Participants incurred approximately \$5,100 in forfeitures during the year ended December 31, 2023. No forfeitures remain available to be used as of December 31, 2023.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Payment of Benefits: Benefits are recorded when paid.

Income Tax Status: The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, *Income Taxes*, provides detailed guidance for the financial statement recognition, measurement, and disclosure of uncertain tax positions recognized in an entity's financial statements and requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. The Plan Administrator believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. As of December 31, 2023, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2020 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Investment Valuation and Income Recognition: Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's guaranteed investment contract is recorded at contract value. See Note C regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Guaranteed Investment Contract with an Insurance Company: As of December 31, 2023 and 2022, the Plan held a traditional investment contract that was considered fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared using the contract value for fully benefit-responsive contracts.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--CONTINUED

Excess Contributions Payable: The Plan is subject to annual tests designed to limit the disparity between elective deferrals by highly compensated participants and elective deferrals made by non-highly compensated participants. The Plan had a liability of approximately \$10,100 as of December 31, 2023 resulting from excess contributions to the Plan by highly compensated participants.

Use of Estimates in Preparation of the Financial Statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Date of Management's Review of Subsequent Events: Subsequent events have been evaluated through August 21, 2024, the date which the financial statements were available to be issued, and management determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS--CONTINUED

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE C--FAIR VALUE MEASUREMENTS--CONTINUED

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed investment contract: For a defined contribution plan attributable to fully benefit-responsive investment contracts, such as the stable value fund, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits since it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan (see Note G).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D--INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Line 4i--schedule of assets (held at end of year) as of December 31, 2023.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information per Transamerica's certified statements to the related information included in the financial statements and supplementary schedule.

NOTE E-- TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST

Certain Plan investments are managed by the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

NOTE F--INVESTMENT CONCENTRATION, RISKS, AND UNCERTAINTIES

As of December 31, 2023, approximately 34% of Plan assets consist of four mutual fund investments.

In general, the Plan's investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

THE BLACK HAWK CASINO 401(K) PLAN

DECEMBER 31, 2023

NOTE G--GUARANTEED INVESTMENT CONTRACT

As of December 31, 2023 and 2022, the Plan had a fully benefit-responsive guaranteed investment contract with Transamerica totaling \$28,133 and \$37,038, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate guaranteed to the Plan. The effective credited interest rate is set semi-annually and effective on the first day of the semi-annual period. Transamerica will provide at least 45 days advance notice of any interest rate change for each semi-annual period. Contract charges may reduce this return. The investment contract had a minimum guaranteed rate of 1.25% and 0.90% as of December 31, 2023 and 2022, respectively.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan's terms. As reported to the Plan by Transamerica, contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments, including the interest rate and credit risk. Certain events may limit the Plan's ability to transact at contract value with the insurance company and the financial institution issuer.

Such events include (1) the Plan no longer constituting a tax-qualified plan according to Section 401(a) or 404(a) of the Code; (2) Transamerica determining that it can no longer continue to provide benefits under the contract because of a change in the Plan; (3) Transamerica does not receive deposits as described in the contract for three consecutive contract years; (4) Transamerica receives direction from the Plan to transfer assets outside of the contract, and such outside fund or funding vehicle is not available under the entities listed in the attachment to the contract; (5) deposits are made to any fund that is not included in the contract or is not available under the entities listed in the attachment to the contract; (6) Transamerica is informed that Transamerica Retirement Solutions Corporation (TRS) has received, or has given, notice that TRS will no longer be providing services to the Plan; or (7) in the opinion of Transamerica, the Plan violates any provision of the contract. The Company does not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants is probable. Either the Plan or Transamerica may suspend the contract by giving written notice. Upon receipt of such written notice, the contract is immediately suspended. Transamerica is not permitted to pay or transfer the value of the contract, without consent from the Plan, before the scheduled maturity date.
