CareOregon, Inc. 401(k) Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CareOregon, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CAREOREGON, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023 AND 2022

NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the CareOregon, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement, as amended, for a more complete description of plan provisions.

General - The Plan is a 401(k) defined-contribution salary deferral plan covering substantially all employees of CareOregon, Inc. (the Company) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as plan administrator. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company), Principal Life Insurance Company and Principal Global Investors Trust Company, serve as a custodian and the trustee, respectively, and Principal Financial Group serves as the recordkeeper of the Plan. Certain executives of the Company serve as trustees of the Plan.

Plan Amendments - Effective January 1, 2022, the Plan was amended to limit employee elective deferrals to 75% of eligible compensation, and to change the method of calculating service period for vesting from the hours method to the elapsed time method. Every six years, the Internal Revenue Service (IRS) requires employers with qualified, pre-approved plans to restate their plan documents reflecting changes that have occurred since the plan documents were created or last restated. This restatement was completed on March 21, 2022 through adoption of a pre-approved plan document.

Eligibility - Employees of the Company are eligible to participate in the Plan on the first day of each month upon reaching age 18. Employees must be employed on the last day of the year to receive a discretionary profit-sharing contribution.

Contributions - Participants may elect to contribute amounts from their paychecks up to 75% of eligible compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. The Plan includes an auto-enrollment provision whereby 4% of the compensation of newly eligible participants will be automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect to contribute a lower or higher amount. Participants who do not make a deferral election will receive an automatic deferral election increase of 1% annually in June of each year until reaching the 8% maximum deferral election, unless the participant elects differently.

The Company matches of 100% on the first 2% of participant contribution and 50% on the next 2% of eligible compensation deferred to the Plan. The Company also contributes 3% of each participant's compensation as a safe harbor nonelective contribution. During the years ended December 31, 2023 and 2022, the Company made an additional discretionary profit-sharing contribution of 3%. Discretionary contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

The total employer contribution was \$10,943,425 and \$9,175,074 for the years ended December 31, 2023 and 2022, respectively.

Participant contributions, company matching and safe harbor contributions are recorded in the year in which the employee contributions are withheld from compensation. Contributions are subject to regulatory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The Plan currently offers various registered investments (mutual funds), pooled separate accounts, and a collective trust as investment options for participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. In addition, the Company's 3% safe harbor contribution immediately vests to the participant. In general, vesting in discretionary contributions and matching are based on years of service, as defined in the Plan document, with employees becoming fully vested after three years.

Payment of Benefits - Upon termination of service, death, disability, or retirement, a participant will receive their benefits as a lump sum amount equal to the value of the participant's vested interest in his or her account. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan. Account balances that are under \$1,000 may be automatically paid out at the discretion of the Company. Balances between \$1,000 and \$5,000 may be transferred to an IRA, also at the discretion of the Company.

Expenses - Administrative expenses may be paid by the Company. Expenses not paid by the Company are deducted from investment earnings before allocation to participants' accounts. Expenses of plan administration, including computer services, professional fees, office supplies and payroll expenses of administrative and clerical personnel are provided by the Company without charge to the Plan.

Forfeitures - Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan until used to reduce the Company's contributions. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$26,214 and \$51,886, respectively. For the years ended December 31, 2023 and 2022, the Company's matching and profit-sharing contributions were reduced by \$330,271 and \$140,656, respectively, from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year and management and operating expenses associated with the Plan's investments in mutual funds, pooled separate accounts and common/collective trust.

Notes Receivable from Participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2023 and 2022, there were no amounts payable to participants.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through September 2, 2024, which is the date these financial statements were available to be issued.

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's financial statements.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Units held in pooled separate accounts are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The NAV of the Fund is determined daily based on net assets at fair market value, and plan participants can transact at that NAV on a daily basis.

Each pooled separate account seeks a total return consisting of long-term growth of capital and current income. Of the 18 pooled separate accounts, 12 operate as "target date funds." Target date funds invest in underlying Principal Funds, Inc. (PFI) domestic and foreign equity, real estate investments, and fixed-income funds (the Funds) according to an asset allocation strategy designed for investors having a Common Collective Trust investment time horizon comparable to that of the fund. Each Fund's asset allocation will become more conservative over time as investment goals near (for example, retirement, which is assumed to begin at age 65) and investors become more risk-averse. The Funds invest in PFI Institutional Class shares of the underlying funds. These pooled separate accounts can be redeemed at NAV as of the measurement date.

Common/collective trust: Units held in the common/collective trust are valued at fair value using the NAV of the trust. The NAV of a collective investment is calculated based on a compilation of primarily observable market information. The NAV of the trust is determined daily based on net assets at fair market value, and plan participants can transact at that NAV on a daily basis. The number of units of the trust that are outstanding on the calculation date is derived from observable purchase and redemption activity in the trust. The Plan has investments in the Principal Stable Value Fund (the Trust), which is a common/collective trust and is designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Trust seeks to earn a high level of income consistent with those objectives. The Trust holds guaranteed investment contracts, which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

- (a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Fair Value of Investment in Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022, respectively:

	December 31, 2023 Fair Value	December 31, 2022 Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust - Fixed income	\$ 8,529,610	\$ 8,888,028	N/A	Daily	No longer than 12 months
Pooled separate accounts - Balanced	\$ 110,778,740	\$ 81,816,837	N/A	Daily	No longer than 12 months

NOTE 5 – NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of \$1,000, up to 50% of participants' vested accounts, but not in excess of \$50,000. Loans are subject to certain restrictions and are secured by the balance of the participant's account. Loans bear fixed reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years, unless the loan qualifies as a home loan, in which case the term of the loan may be longer than five years up to ten years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2023, the rates of interest on outstanding loans ranged from 3.25% to 8.50%, with various maturities through October 4, 2033.

NOTE 6 – INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIANS OF THE PLAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule, Schedule H, Line 4i – *Schedule of Assets (Held at End of Year)*, that was certified by the trustee, Principal Global Investors Trust Company, and the custodians, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, as of December 31, 2023 and 2022 and for the years then ended, and furnished to the plan administrator. The plan administrator has obtained certification from the trustee and custodians that such information is complete and accurate.

	2023	2022
Investments	\$144,256,501	\$ 109,588,127
Notes receivable from participants	\$ 2,178,400	\$ 1,631,529
Net appreciation (depreciation) in fair value of investments	\$ 19,992,545	\$ (21,024,242)
Interest and dividends	\$ 385,962	\$ 355,086
Interest income on notes receivable from participants	\$ 102,840	\$ 55,844

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Principal Trust Company is the issuer of the Principal Stable Value Fund. Plan investments also include pooled separate accounts managed by Principal Trust Company, the trustee, and therefore, transactions with these entities qualify as exempt party-in-interest transactions.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Upon termination, the Company may continue the Plan to pay benefits as they mature or liquidate and distribute the relevant portion of the Plan to a successor defined contribution plan, or in the absence of a successor plan, to the participants. Net assets transferred or distributed shall be allocated to participants in proportion to their interests.

NOTE 9 – CONCENTRATIONS, RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. There were two investments that individually represented more than 10% of the investments held as of December 31, 2023 and 2022. See the supplemental Schedule of Assets (Held at End of Year) for the complete listing of investments held as of that date.

NOTE 10 – INCOME TAX STATUS

The Plan is an adoption of a non-standardized pre-approved profit-sharing plan sponsored by Principal Life Insurance Company. The non-standardized pre-approved profit-sharing plan document obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however; there are currently no audits for any tax periods in progress.
