Independent Auditors' Report

Plan Administrator and Management
Innovative Health, LLC 401(K)
Scottsdale, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Innovative Health, LLC 401(K), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Innovative Health, LLC 401(K)'s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Innovative Health, LLC 401(K) and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovative Health, LLC 401(K)'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Innovative Health, LLC 401(K)'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Innovative Health, LLC 401(K)'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Year Ended December 31, 2023

1. Description of plan:

The following description of the Innovative Health, LLC 401(K) (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in May 2014 and has been amended since that date.

General:

The sponsor of the Plan is Innovative Health, LLC (Sponsor). The Plan is a defined contribution retirement plan covering all employees of the Sponsor who are at least 21 years of age. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions:

Under the 401(k) provisions of the Plan, participants are automatically enrolled in the Plan at a deferral rate of 3% of their eligible compensation unless they elect a different amount. Participants may elect to defer up to 90% of their pre-tax annual compensation up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). Participants may also elect to make Roth and catch-up contributions to the Plan. The Plan also permits eligible participants to make additional voluntary contributions of qualified rollovers from other retirement plans.

Employer contributions:

During the period October 1, 2016 through December 31, 2016, the Plan allowed for employer matching contributions. Effective January 1, 2017, the Plan was amended to remove the employer matching contribution provisions and replace them with safe harbor non-elective employer contributions.

Under the safe harbor provisions of the Plan, the Sponsor will make a non-elective employer contribution to the participant's account in an amount equal to 3% of the participant's eligible compensation when the participant reaches 21 years of age. The Plan also allows for discretionary profit-sharing contributions for employees who are at least 21 years of age. No profit-sharing contribution was made for the year ended December 31, 2023.

Participant accounts:

Each participant's account is credited with the participant's elective deferral, rollover and employer contributions, actual earnings thereon, and charged with an allocation of administrative expenses. The basis for allocations is defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their elective deferral contributions, the employer's safe harbor non-elective contributions and profit sharing contributions, and any rollover contributions made to the Plan, plus actual earnings thereon. Participants with an employer match balance vest 20% annually beginning with the completion of their second year of service and are fully vested after six years of credited service. Under the employer match provisions, the Plan defined a year of credited service to be an employment year, which is a 12 month period beginning on the date of hire under the elapsed time method.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

1. Description of plan (continued):

Investment options:

Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. Participants may change their investment options inside the platform at any time.

Participant loans:

The Plan does not allow for participants to obtain loans from the Plan.

Payment of benefits:

On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance exceeds \$5,000 may elect to receive either partial withdrawals, a lump-sum amount equal to the value of the participant's vested interest in his/her account, or if the participant is subject to required minimum distributions they may elect installments under a systematic withdrawal plan. Participants with account balances less than \$5,000 must take a lump-sum distribution as soon as practicable following termination. Mandatory distributions under the Plan that are \$1,000 or less are automatically rolled over to an IRA established on behalf of participants who do not affirmatively consent to receive their distributions. The Plan also allows participants who have attained the age of 59½ to take in-service distributions from the fully vested portion of their account balance.

Forfeitures:

Forfeitures of terminated participants' nonvested account balances, to the extent attributable to employer contributions, are used to pay for plan administrative expenses or reduce employer contributions.

Hardship withdrawals:

If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her elective deferral, employer nonelective contributions, or rollover account balances to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC).

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

2. Summary of significant accounting policies (continued):

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Payments of benefits:

Benefits paid to participants are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid for by the Sponsor. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events:

The Plan's management has evaluated the events that have occurred subsequent to December 31, 2023 through August 22, 2024, the date that the financial statements were available to be issued. The Plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

3. Federal income tax status:

The Sponsor has adopted a prototype plan as published by Voya Retirement Insurance and Annuity Company, who obtained its latest opinion letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan Sponsor believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

3. Federal income tax status (continued):

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets or active markets that the Plan does not have access to;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

4. Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

At December 31, 2023, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 1,652,074	\$ 1,652,074	\$ -	\$ -
Investments measured at net asset value ^(a) :				
Common/collective trusts	<u>3,198,133</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 4,850,207</u>	<u>\$ 1,652,074</u>	<u>\$ -</u>	<u>\$ -</u>

At December 31, 2022, the fair value of assets measured on a recurring basis is as follows:

	<u>Fair value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments in the fair value hierarchy:				
Registered investment companies	\$ 1,152,209	\$ 1,152,209	\$ -	\$ -
Investments measured at net asset value ^(a) :				
Common/collective trusts	<u>2,135,002</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 3,287,211</u>	<u>\$ 1,152,209</u>	<u>\$ -</u>	<u>\$ -</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

4. Fair value measurements (continued):

The assets in the preceding table were measured primarily using the market approach. The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Common/collective trusts: These funds are invested and reinvested primarily in mutual funds, equity securities and fixed maturity securities. The funds are valued at the net asset value of units of the trust. The net asset value is used as a practical expedient to estimate fair value. The net asset value of the funds' shares is determined daily and includes adjustments for investment fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured using the NAV per share practical expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022.

<u>December 31, 2023</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$ 3,198,133	\$ -	Daily	N/A
<u>December 31, 2022</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Common/collective trusts	\$ 2,135,002	\$ -	Daily	N/A

5. Investments:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

6. Investment contract with insurance company:

The Plan entered into a group variable funding agreement with Voya Retirement Insurance and Annuity Company (Voya), who maintains the contributions in a general account. The account is credited with earnings at a contractual rate and charged for participant withdrawals and administrative expenses. Voya is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is the declared interest rate under the agreement, and is reset on an annual basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The group variable funding agreement is considered fully benefit-responsive and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events, including termination of the agreement, may limit the ability of a participant to transact at contract value. Such events include termination of the agreement, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. The Plan Administrator does not believe that the occurrence of any such event is probable.

7. Related party and party in interest transactions:

Plan investments are managed by Voya. The Plan paid certain expenses to Voya and other service providers during 2023 related to plan administration and investment activity. These transactions qualify as exempt party in interest transactions under ERISA.

Expenses that are paid directly by the Sponsor are excluded from these financial statements. Employees of the Sponsor perform certain accounting and administrative functions for the Plan, however, no employee receives compensation from the Plan.

8. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants with an employer match balance that is not fully vested will become 100% vested in their accounts.

Innovative Health, LLC 401(K)

Notes to Financial Statements (continued)

Year Ended December 31, 2023

9. Risks and uncertainties:

The Plan invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
