Independent Auditors' Report

**To the Administrator of
The Metropolitan Museum of Art 403(b)
Retirement Plan for Non-Union Employees**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Metropolitan Museum of Art 403(b) Retirement Plan for Non-Union Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from the qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by the qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**To the Administrator of
The Metropolitan Museum of Art 403(b)
Retirement Plan for Non-Union Employees**
Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. 403(b) Retirement Plan for Non-Union Employees

Notes to Financial Statements

December 31, 2023 and 2022

1. Plan Description

General

The Metropolitan Museum of Art 403(b) Retirement Plan for Non-Union Employees (the “Plan”) is a contributory, defined contribution plan covering substantially all non-union employees of The Metropolitan Museum of Art (the “Museum”). The original effective date of the Plan was July 1, 1987 and it has been amended and restated several times thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Administration

The Museum’s Trustee Employee Benefits Committee is responsible for the general oversight of the Plan and Plan amendments. The Museum’s Trustee Investment Committee periodically reviews investment options offered by the Plan to participants. Additionally, Fidelity Management Trust Company (“FMTTC”) and Voya Retirement Insurance and Annuity Company (“Voya”) are the custodians and Fidelity Workplace Services, LLC is the recordkeeper of the Plan.

The following summary description of the Plan is provided for general information purposes only. Participants should refer to the plan documents for more complete information.

Eligibility Requirements

All non-union employees, other than temporary employees and nonresident aliens earning foreign source income, are eligible to participate in the Plan upon date of hire and completion of one hour of service.

Contributions

As a condition of employment, all eligible participants are required to make a 3% tax-deferred salary reduction contribution to the Plan commencing immediately upon hire, subject to the limitations of the Internal Revenue Code (“IRC”). Participants are not permitted to make additional contributions. During each plan year, the Museum makes annual contributions to the Plan based on 8% of each active participant’s earned compensation.

Vesting

Participants are fully vested in their own contributions and earnings. Participants are 100% vested in the Museum’s contributions after completing two plan (calendar) years and at least 1,000 hours of service in each of those two years. A participant becomes 100% vested in his or her employer contribution upon disability or death, while an employee of the Museum. Any eligible employee who was a participant in the Plan on May 31, 2008 is fully vested in the Museum’s contribution. Participants hired prior to 2008 but not yet participating in the Plan as of May 31, 2008, received a one-year credit toward vesting as of June 1, 2008, and received their second year of vesting credit if they worked at least 1,000 hours in their anniversary year ending in 2008, or in the next plan year in which they worked 1,000 hours.

Forfeitures

If a participant is terminated before two years of service, excluding death or disability, the accrued benefit derived from the Museum’s contributions are forfeited. Forfeitures will be used by the Museum to reduce administrative expenses of the Plan and then to reduce future matching contributions. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$169,988

and \$89,570, respectively. During 2023, \$175,549 of forfeitures were used to reduce employer contributions and no forfeitures were used to reduce administrative expenses.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Voya Guaranteed Investment Account was closed to new contributions and investments effective June 1, 2013. Current balances may remain with Voya, but no future contributions can move into the account. Loans taken prior to June 3, 2013 remain with Voya, any subsequent loans are offered through FMTC (refer to Notes receivables from Participants). If an employee does not elect an allocation between the funds available, their contributions will be invested in the Qualified Default Investment Alternative designated by the Museum which is the Vanguard Institutional Target Retirement Date Fund. The fund chosen will be the target date fund closest to the employee's 65th birthday.

Participant Accounts

Each participant account is credited with the participant's contribution, the employer's contribution and Plan earnings (losses), and charged with investment losses, fees and withdrawals. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

Benefit Payments

The vested portion of a participant's benefits becomes payable on termination of employment (including due to retirement, resignation, dismissal, death or disability). The participant or beneficiary may elect to rollover funds into an eligible retirement plan, receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or receive an annuity to be paid in monthly installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant and/or designated beneficiary. A participant may also elect to leave the account in the plan where it is subject to minimum distributions upon the later of retirement or age 70 ½.

Notes Receivables from Participants

Participants may borrow a minimum amount of \$1,000 up to a maximum amount of \$50,000 from the participant's employee contribution balance, subject to certain restrictions. Loans used to purchase a primary residence may be repaid over twenty years, however loans for all other purposes must be repaid within five years.

Loans are provided by Fidelity directly from a participant's account. Adequate security of 100% is required for the full amount of the loan and a portion of the participant's employee contribution account is reserved and held as collateral which covers the outstanding loan and interest in the event of default. For all plan loans, interest and principal is paid by the participant to Fidelity. The interest rates are determined as Prime Rate plus 1 percent. The outstanding loan balance, which includes principal and any unpaid accrued interest, from Fidelity at December 31, 2023 and 2022 was \$705,903 and \$498,285, respectively.

Loans were provided by Voya to participants prior to June 3, 2013. The Plan offered a loan feature whereby a participant enrolled in the Plan may borrow a minimum amount of \$1,000 up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Loan transactions are treated as a transfer from the investment fund or to the loan fund. Loans are collateralized by the balance in the participant's account and bear interest as determined at the time of loan origination. Principal and interest are paid by the participant to Voya. The loan must be

repaid within a five year period, unless the loan is used to acquire the principal residence of the borrower. The outstanding loan balance, which includes principal and any unpaid accrued interest, from Voya was \$900,058 and \$949,704 at December 31, 2023 and 2022, respectively.

These loan balances are reported as notes receivable from participants on the Statements of Net Assets Available for Benefits.

Hardship Withdrawals

Participants may not make any hardship withdrawals from the Plan.

Revenue Credit Account

The Plan and FMTC entered into a revenue sharing arrangement whereby a portion of the revenue earned from certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Plan created the Revenue Credit Account under the Plan. The Revenue Credit Account is a cash account within the Plan, similar in design to forfeiture accounts, and is used to record the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Revenue Credit Account balance was \$40,565 and \$21,806 at December 31, 2023 and 2022. During 2023, \$15,556 was used to pay Plan expenses from the Revenue Credit Account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements, in accordance with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, foreign exchange and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts and the amounts reported in the Statements of Net Assets Available for Benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2023 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

Notes to Financial Statements
December 31, 2023 and 2022

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. At December 31, 2023 and 2022, all of the Plan's investments, that were stated at fair value, were classified within level 1 of the fair value hierarchy.

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value, except for the guaranteed investment account, which is stated at contract value. Mutual funds held by the Plan are valued at fair value based on the daily closing price as reported by the funds. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily net asset value and to transact at that price. The guaranteed investment account is valued at contract value, which represents contributions made to the account, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Investment related fees and administrative expenses are paid by the Plan and reported in administrative expenses in the Statement of Changes in Net Assets Available for Plan Benefits.

Effective October 1, 2016, the Plan was amended to require all administrative expenses of the Plan to be paid by the Plan.

Subsequent Events

Subsequent events have been evaluated through September 4, 2024, the date the financial statements were issued.

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in value of investments, dividend income,

interest income, and interest on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC and Voya, qualified institutions.

4. Guaranteed Investment Account

The Voya Fixed Account (the "Account") is a fully benefit-responsive investment contract issued by Voya. The Account is an obligation of Voya's general account and all guarantees are based on the financial strength and claims-paying ability of Voya. The Account guarantees principal and a minimum guaranteed interest rate for the life of the contract, as well as featuring two declared interest rates: a current rate, determined at least monthly, and a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the defined period, but it will never be lower than the minimum guaranteed interest rate that applies for the life of the contract. The current rate, the guaranteed minimum floor rate and the minimum guaranteed interest rate are expressed as annual effective yields. Taking the effect of compounding into account, the interest credited to a participant's account daily yields the then current credited rate. Voya's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, Voya assumes the risk of investment gain or loss by guaranteeing the principal amount allocated to this option and promises a minimum interest rate during the accumulation period and also throughout the annuity payout period. Voya may impose limitations on the ability to transfer funds into or out of this investment option. Withdrawals from the Account for reasons other than benefits paid to participants may be subject to a market value adjustment and a surrender charge.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The Account is presented on the face of the statements of net assets available for benefits at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The plan administrator does not believe that the occurrence of any event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Voya is contractually obligated to repay the principal and the specified interest rate that is guaranteed to the Plan. The credit risk of the issuer was evaluated by nationally recognized statistical rating agencies as follows: Moody's Investors Service (A2 as of November 2022) Standard and Poor's (A+ as of November 2022), and Fitch (A as of November 2022).

5. Tax Status

The Plan has been designed to qualify for tax-exempt status under Section 403(b) of the IRC. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes the Plan satisfies the Internal Revenue Service's final regulations and the related accounts are tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Metropolitan Museum of Art
403(b) Retirement Plan for Non-Union Employees
Notes to Financial Statements
December 31, 2023 and 2022

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Termination Provision

Although it has not expressed any intent to do so, the Museum has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated for any reason, the rights of all participants to their accounts shall be nonforfeitable.

7. Party-in-Interest Transactions

Certain investments of the Plan are managed by FMTC or Voya, the custodians of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net asset available for benefits.
