Saint Stephen's Episcopal School
Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Saint Stephen's Episcopal School Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management of the Plan has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

- 1 -

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE A – DESCRIPTION OF PLAN

The following description of the Saint Stephen's Episcopal School Defined Contribution Retirement Plan (the Plan) provides only general information. Participants and readers of these financial statements should refer to the Plan agreement for a more complete description of the Plan's provisions. Episcopal Day Private School of Manatee County, Inc. (the School) is the Plan sponsor.

GENERAL – The Plan is a defined contribution plan covering all regular employees of the School. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS – Full time employees are eligible to make elective deferrals into the Plan on their date of hire up to the amount allowed by the Internal Revenue Service (IRS). Participants over the age of 50 may also make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows for discretionary School contributions. The School matched employee contributions in the amount of 0.50% per year of service, up to the amount of the participant's contribution or 5%, whichever is less.

PARTICIPANT ACCOUNTS – Each participant's account is credited with the participant's contribution, the participant's share of discretionary contributions from the School, and an annual allocation of Plan earnings.

ALLOCATION OF INVESTMENT INCOME – The allocation of gains and losses of each investment fund is based on the average balance of each participant in each fund.

VESTING – Participants are immediately vested in both their elective deferrals and any discretionary matching contributions.

ADMINISTRATIVE EXPENSES – The Plan pays for significant administrative expenses. Each fund may incur the investment management expenses associated with that particular fund.

LOANS – Participant loans (notes receivable from participants) are not permitted.

PAYMENT OF BENEFITS – Upon termination of service, a participant will receive an amount equal to the vested interest value of his or her account. Terminated participants may elect to receive a lump sum distribution, remain invested with the Plan, or a combination of both. Retiring participants may elect to receive a guaranteed monthly income in addition to the above options.

The Plan includes a provision for mandatory distributions of terminated participant balances of less than \$5,000. Upon termination of service, and if a participant's balance does not exceed \$5,000, then a lump sum distribution will be made as soon as administratively possible. All other active participants may only receive a distribution in the event of a financial hardship as defined by the IRS and as set forth in the Plan.

NOTES TO FINANCIAL STATEMENTS

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Plan management has evaluated subsequent events through June 18, 2024, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the investment contract at contract value, which approximates fair value. The statement of changes in net assets available for benefits is also prepared on a contract value basis. (See Note E).

Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses on investments sold during the year have been included with unrealized gains and losses for the year in Net Appreciation (Depreciation) in Fair Value of Investments in the Statement of Changes in Net Assets Available for Benefits. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants are recorded in the period the School makes the payroll deductions from participants. Any discretionary matching contributions made by the School are recorded in the same period.

Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820 *Fair Value Measurements and Disclosures* provides the framework for measuring fair value.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

**SAINT STEPHEN'S EPISCOPAL SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fair Value Measurements – Continued

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Change in Legislation

In December 2022, Securing a Strong Retirement Act (SECURE 2.0) was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions will become effective in 2024 and forward, therefore there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

NOTE C – CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America (TIAA) and Empower (the custodians of the Plan). The information certified includes total investments of \$17,699,021 and \$17,290,076 at December 31, 2023 and 2022, respectively, and related investment gains (losses) of \$2,498,980 and interest and dividend income of \$373,191 for the year ended December 31, 2023.

**SAINT STEPHEN'S EPISCOPAL SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE C – CERTIFIED INVESTMENTS – CONTINUED

All investment gains and earnings are included in net appreciation (depreciation) in fair value of investments in the Statement of Changes in Net Assets Available for Benefits. This classification is consistent with the presentation in Form 5500.

During 2023, investments in the Plan, appreciated in value by \$2,498,980, which is included on the statement of changes in net assets available for benefits in the line net appreciation (depreciation) in fair value of investments.

NOTE D – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value and/or contract value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, of the Plan's assets at fair value at December 31, 2023 and 2022:

NOTE D – FAIR VALUE MEASUREMENTS – CONTINUED

The Pooled Separate Accounts and Registered Investment Companies include CREF Accounts, the TIAA Real Estate Fund and various other mutual funds and investments. CREF accounts invest principally in equity securities, fixed income instruments, other mutual funds and short term instruments, all of which are generally evaluated using market prices or quotations obtained from independent pricing services. The TIAA Real Estate Fund invests in real estate properties and related investments, and is valued based on the market value of the underlying holdings and real estate investments. Real estate holdings are valued principally using external appraisals. Securities held in the Real Estate Fund are valued using independent pricing sources. Unit values are calculated daily.

The CREF Money Market Fund is valued using amortized cost, and is managed to maintain a constant value of \$1, though not guaranteed. Under the amortized cost method, the instrument is initially valued at cost, and thereafter assumes the constant accretion/amortization to maturity, or the next reset date of any discount or premium while amortized cost provides certainty in valuation, it may result in periods when the value of an instrument is higher or lower than a price the fund would receive if it sold the instrument.

The fixed guaranteed annuity includes the TIAA Traditional Annuity and is not actively traded and significant other observable inputs are not available. The contract value, which approximates fair value, equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. The fixed guaranteed annuity had purchases of \$499,356 and sales of \$894,505 during 2023. No funds were transferred into or out of the plan.

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a traditional fully benefit-responsive investment contract with TIAA. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed guaranteed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed guaranteed annuity meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. The guaranteed annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by TIAA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As reported to the Plan by TIAA, contract value approximates fair value.

As an insurance company, TIAA is required to maintain contingency reserves to ensure that it will be able to fulfill its contractual obligations. To the extent that these reserves prove to be unneeded, they are gradually distributed to participants in the form of additional annuity income during the payout phase. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3% during

NOTE E – INVESTMENT CONTRACT WITH INSURANCE COMPANY – CONTINUED

the accumulation phase and 2.5% during the payout phase. Such interest rates are reviewed annually for resetting.

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with Empower Retirement (Empower). Empower maintains the contributions in a general account and is subject to the claims of Empower's general creditors. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The average yield credited during 2023 and 2022 was 2.12% and 1.50%, respectively. The crediting rate is reviewed on quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The contract meets the criteria to be considered a fully-benefit responsive investment contract and therefore is reported at contract value on the statement of net assets available for benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may include the following: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The fixed guaranteed annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA.

NOTE G – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 (or the draft Listing of Required Modifications issued April 4, 2009). The plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under 403(b). The School and the Plan's ERISA counsel believe that the Plan is being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's three previous years remain open to inspection by the Internal Revenue Service.

NOTE H – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of funds managed and/or held by TIAA and Empower Retirement. TIAA and Empower Retirement qualify as a party-in-interest. The School provides accounting and administrative services to the Plan at no cost, and also absorbs significant Plan expenses.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
