Independent Auditors' Report

The Plan Administrator
Cary Oil Co., Inc. 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cary Oil Co., Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CARY OIL CO., INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of Plan

The following description of the Cary Oil Co., Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Cary Oil Co., Inc. (the "Company").

(a) Organization and Administration

The Plan is a defined contribution plan adopted January 1, 1971 covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Members of management of the Company administer the Plan and among other duties, appoint the Plan trustee. Effective March 1, 2021, Ascensus Trust Company (the "Trustee") holds the assets of the Plan. Certain transaction-based fees, such as participant loan and benefits distribution processing fees, are paid from participants' accounts. Trustees' fees are also deducted from participants' accounts and are included in administrative expenses of the Plan. Certain other administrative costs of the Plan are absorbed by the Company.

(b) Participation

Employees are eligible to participate in the Plan upon attaining thirty days of employment. Employees are eligible to receive discretionary profit-sharing contributions after one year of employment. An employee can join the Plan on the first day of the month following satisfaction of eligibility requirements.

(c) Contributions

Plan participants may make pre-tax contributions up to 100% of their regular compensation as defined in the Plan agreement. Participants who have attained age 50 may also make pre-tax catch-up contributions to the Plan by completing special election forms. All participant contributions are subject to Internal Revenue Code 401(k) limitations. Effective January 1, 2021, the Plan was amended and the Company elected to make a non-elective safe harbor employer contribution equal to 100% of participant contributions, not to exceed 4% of each participant's salary and 50% of deferrals between 4% and 6% of each participant's salary. The Company may also make discretionary profit-sharing contributions. During 2023 and 2022, the Company elected not to make a profit sharing contribution.

In addition, participants may make rollover contributions from other qualified plans to their account at any time during the Plan year.

(d) Participant Accounts

Participants' accounts are credited with their pre-tax contributions, Company discretionary matching and profit-sharing contributions and allocations of Plan earnings (losses). Allocations are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Notes to Financial Statements, Continued

(1) Description of Plan, Continued

(e) Vesting

Participants are immediately vested in their pre-tax contributions and the safe harbor matching contributions. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts is based on their years of continuous service. Vesting for discretionary contributions begins in the second year of service and vests at the rate of 20% per year so that participants are 100% vested in such contributions after six years of service.

(f) Investments

The Plan provides that contributions and related earnings will be invested in the Plan's investment options as directed by each participant. As of December 31, 2023 and 2022, the Plan's funds were invested in a stable value fund and a series of varied risk mutual funds. Certain investment management fees are charged to the individual funds in the Plan and are included in net appreciation (depreciation) in the fair value of investments.

(g) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Notes receivable from participants are collateralized by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the date of issuance of the note. Generally, the term of the note may not exceed five years, and principal and interest are paid ratably through payroll deductions. Interest income on notes receivable from participants totaled \$10,705 and \$8,705 during 2023 and 2022, respectively.

(h) Distributions

A participant is entitled to distributions under the Plan upon reaching 59 ½ years of age; in the event of the death of the participant before retirement or other termination of employment; in the event of the participant's total or permanent disability; in the event that a participant's employment is terminated for any reason other than those stated above, or in the event of employee hardship, which must be proved satisfactorily to the Plan Committee. Participants are entitled to the value of their account determined on the valuation date coincident with or following retirement, death, disability, or termination. All distributions from the Plan are made in one lump sum payment, or installments for required minimum distributions only.

(i) Forfeitures

Forfeitures relating to the non-vested portion of a terminated participant's employer contributions are retained by the Plan and used to first pay administrative expenses and second to reduce future employer contributions. Forfeitures of \$5,196 and \$4,542 were used to offset administrative fees of the Plan in 2023 and 2022, respectively. Forfeitures available to pay Plan expenses and future employer contributions as of December 31, 2023 and 2022 totaled \$657 and \$3,229, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(c) Fair Value Measurements

For determining fair value measurements, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. Management follows an established framework for measuring fair value. That framework provides a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: one or more significant inputs or significant value drivers that are unobservable or based on market assumptions.

(d) Investments

Investments in mutual funds managed by the Plan's trustee are valued on the last business day of the year based on the current market values (quoted prices in active markets) of the funds. Redemptions from the fund may be made each business day, subject to certain restrictions by the fund.

The stable value fund (the "Fund") is primarily invested in conventional and synthetic Guaranteed Investment Contracts ("GICs") and a money market fund. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Fund is valued daily based on its net asset value for the Plan's account type, with such net asset value determined at the contract value of the Fund, based on the value of the underlying investments, as described below.

CARY OIL CO., INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements, Continued

December 31, 2023 and 2022

(2) Summary of Significant Accounting Policies, Continued

(d) Investments, Continued

Conventional GICs are typically issued by insurance companies or banks and are essentially nonmarketable deposits with the issuing entity. The issuer is contractually obligated to repay the principal and stated interest. The repayment of a conventional contract is the sole responsibility of the issuing entity. In the case of a synthetic GIC, the Fund purchases high quality debt obligations and enters into contractual arrangements (wrapper contracts) with third parties related to these debt obligations to provide a guarantee of contract value and specified interest.

The fair value of conventional investment contracts is determined using a discounted cash flow methodology where the individual contract cash flows are discounted at the prevailing interpolated yield curve rate as of year-end.

Individual assets of the synthetic investment contract are generally valued at representative quoted market prices. Short-term securities, if any, are stated at amortized cost, which approximates market value. Debt securities are valued on the basis of valuations furnished by a pricing service approved by the fund trustee, which determines valuations using methods based on market transactions for comparable securities and various relationships between securities which are generally recognized by institutional traders. Accrued interest, if any, on the underlying investments is added to the fair value of the investments for presentation purposes.

There are several specific risks to investment contracts. One of the primary risks involved is credit risk of the contract issuer. Credit risk for security-backed contracts includes risks arising from the potential inability of the issuer to meet the terms of the contract wrapper and the potential default of the underlying fixed-income securities. Secondly, liquidity is limited because of the unique characteristics of investment contracts and the absence of an actively traded secondary market. Interest rate risk is also present because rates may be fixed with these products.

Market value events may limit the ability of the Fund to transact at contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the Fund and lead to any Fund disbursements which have or will have a material adverse effect on the operations of the Fund and a financial effect on the investment contract or wrap issuer's interest hereunder. In the normal course of business, such events or conditions would not limit the ability of the Fund to transact at contract value with the participants in the Fund. The Fund is managed to maintain a certain amount of liquidity to provide for the day-to-day liquidity needs of participants as well as the occasional market value event.

(2) Summary of Significant Accounting Policies, Continued

(d) Investments, Continued

As of December 31, 2023 and 2022, the contract value of the investment in the Fund was \$2,060,848 and \$1,635,943, respectively.

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the market value of its investments which consists of realized gains or losses and the unrealized appreciation (depreciation) on investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Investment income is recognized when earned. There are no unfunded commitments as of December 31, 2023.

(e) Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest.

(f) Benefit Payments

Benefits are recorded when paid.

(3) Certified Financial Data

The following is a summary of the Plan's financial information and data certified by the trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2023 and 2022 and for the years then ended:

	<u>2023</u>	<u>2022</u>

(4) Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits as follows:

		Fair Value Measurement Using:
<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Level 1</u>
Assets in fair value hierarchy -		
Mutual funds	\$ <u>26,205,076</u>	<u>26,205,076</u>
		Fair Value Measurement Using:
<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Level 1</u>
Assets in fair value hierarchy -		
Mutual funds	\$ <u>21,945,395</u>	<u>21,945,395</u>

Investments valued at contract value are excluded from the fair value hierarchy above.

For 2023 and 2022, there were no significant transfers between levels.

(5) Risks and Uncertainties

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of investments in mutual funds and a stable value fund. The Plan has no formal policy regarding collateral to support the financial instruments subject to credit risk. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(6) Federal Income Taxes

The Plan trustee received a letter dated June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the form of the prototype plan which the Company has adopted is acceptable under the applicable requirements of the Internal Revenue Code (the "Code") for use by employers for the benefit of their employees. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

CARY OIL CO., INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements, Continued

December 31, 2023 and 2022

(6) Federal Income Taxes, Continued

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(7) Related Party Transactions

As of December 31, 2023 and 2022, the Plan had contributions receivable from the Company of \$2,388 and \$7,255, respectively. Amounts were paid to the Plan in the following year.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100 percent vested in their employer contributions.

(9) Subsequent Events

In April 2024, the Plan transitioned to Lincoln Financial Group as the Plan trustee and recordkeeper.

The date to which events occurring after December 31, 2023, the date of the most recent statement of net assets available for plan benefits, have been evaluated for possible adjustment to the financial statements or disclosure is September 9, 2024, the date the financial statements were available to be issued.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name:

(2) EIN:

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount

4b			
4c			
4d			
4e			
4f			
4g			
4h			
4i			
4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.
