Independent Auditor's Report

To the Participants and Administrator of the
Kia Georgia 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of financial statements of the Kia Georgia 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Financial Statements section:

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern over the twelve months from the report date.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of the Plan, as listed in the accompanying index, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kia Georgia 401(k) Retirement Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

Note 1: Description of the Plan

The following description of the Kia Georgia 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan established by Kia Georgia, Inc. (the Plan Sponsor or the Company) on June 1, 2008, for the benefit of substantially all employees, except part-time or temporary employees, employees subject to collective bargaining agreements and nonresident aliens. Employees are eligible to participate in the deferral portion of the Plan upon reaching age eighteen and attaining sixty days of eligible service with the Company. Employees are eligible to participate in the employer match contribution and discretionary non-elective contribution portion of the Plan upon reaching age eighteen and attaining six months of eligible service with the Company. Employees are permitted to enter the Plan on the first day of the month that coincides with or immediately follows the date of which all requirements to enter the Plan are met. Any employee hired after January 1, 2011 is automatically enrolled and will contribute 2% of his or her salary, unless the employee makes an affirmative election not to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pretax and Roth contributions to the Plan through payroll deductions up to 100% of their annual compensation, subject to the statutory limit set by the Internal Revenue Code (IRC). The limit for 2023 was \$22,500. Participants who have attained at least age fifty are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2023 was \$7,500.

The Plan Sponsor makes matching contributions based on each participant's elected deferral contributions equal to 100% of the first 4% of eligible participants' elected deferral contributions. Additionally, the Plan Sponsor makes non-elective matching contributions equal to 2% of eligible participants' base salary. The Plan Sponsor made matching contributions totaling \$10,558,689 for the year ended December 31, 2023.

The Plan Sponsor may also make discretionary non-elective contributions to participant accounts based on participant compensation at a percentage it determines in its sole discretion. Compensation earned before participants were eligible to participate in the Plan will be excluded in determining amounts contributed. Participants are eligible for these contributions if they have completed 1,000 hours of eligible service during the Plan year and are employed on the last day of the Plan year. The Plan Sponsor did not make any discretionary non-elective contributions for the year ended December 31, 2023.

The Plan also permits rollover contributions from other qualified plans and certain individual retirement accounts. Rollover contributions are placed in the participant's account and are subject to the rules for investment established by the plan administrator.

Administration

Empower Trust Company, LLC (Empower), the Custodian and the Trustee, receives all contributions made under the Plan, holds plan assets, pays benefits as directed by the plan administrator, and assists in the administration of the Plan. The Trustee is approved by the Board of Directors of the Plan Sponsor and is responsible for the administration of investments for the benefit of the participants and their beneficiaries.

The Company serves as the plan administrator. The plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits.

Administrative Expenses

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting, and recordkeeping fees. However, individual transaction fees for notes receivable from participants and distributions are paid from the participant's account. Investment expenses and record-keeping fees are paid by the Plan, and a proportionate share of fees and expenses paid by the Plan is charged to each participant's account.

Participants' Accounts

Each participant's account is credited with pretax, Roth, and rollover contributions made by the participant, the participant's portion of the Plan Sponsor's matching contributions, discretionary non-elective contributions, and plan earnings. Plan earnings, which consist of interest, expenses, and gains and losses on investments, are allocated to participants' accounts at least annually based on participant account balances, as defined in the Plan Document.

Vesting

Participants are immediately 100% vested in their own elective deferral contributions, discretionary non-elective contributions, and the earnings thereon. Participants are also 100% vested in any Plan Sponsor matching contributions, including safe harbor matching contributions, made prior to January 1, 2017. Effective January 1, 2017, any employer matching contributions will vest based on the following schedule beginning on the participant's date of hire:

Number of Years of Completed Service	Percentage of Vested Interest
1	0%
2	25%
3	50%
4	75%
5	100%

Investment Options

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options selected by the plan administrator, including options for which the Custodian or its affiliate serves as investment advisors.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the excess, if any, of the highest outstanding balance of any notes issued during the preceding twelve-month period, or 50% of their vested account balance. Participants are limited to one outstanding note at any given time, secured by the participant's account balance and payable in level periodic payroll deductions over a period not to exceed five years, except for notes used for financing the purchase of a participant's principal residence, which may exceed five years, as determined by the plan administrator.

The interest rate on notes receivable from participants is determined by the plan administrator based on prevailing rates at the time of the note. The interest rate for all outstanding notes receivable from participants ranged from 4.25% to 9.50% as of December 31, 2023. Prepayment of the full outstanding notes receivable balance is permitted without penalty, and alternatively, outstanding balances are immediately due upon termination of employment. Notes receivable from participants are considered in default if the participant fails to make a required payment before the end of the calendar quarter following the calendar quarter in which the payment was due, or there is an outstanding principal balance after the last scheduled repayment date. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan Document.

Benefits Paid to Participants

A participant may withdraw all or part of the value of their pretax, Roth, and discretionary non-elective contributions, excluding any investment earnings thereon, in the event of a participant's heavy and immediate financial hardship or upon reaching the age of fifty-nine and one-half, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant's financial hardship and may not be repaid by the participant. Upon approval by the plan administrator, if a participant receives a hardship withdrawal, the right to make contributions will be suspended for six months.

The plan administrator may be required by law to recognize obligations the participant incurs as a result of a qualified domestic relations order (QDRO). A QDRO is a court judgment or decree that pertains to child support, alimony, or marital property that meets specific legal requirements, and must be honored by the plan administrator. If a QDRO is received by the plan administrator, all or a portion of the participant's account balance may be used to satisfy the obligation.

Upon reaching the normal retirement age (65), disability, or death, a participant or beneficiary may receive the value of the account through a lump sum distribution or distribution installment. In general, if a participant's account balance, as defined in the Plan Document, is greater than \$5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement age without the participant's written consent. If a participant's account balance is less than \$5,000 and employment is terminated other than due to retirement or death, the plan administrator will notify the participant of their opportunity to elect to receive a lump sum distribution or have their account balance rolled over directly to the individual retirement account (IRA) or other eligible plan of their choice.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances, may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or IRA.

Forfeitures

As provided in the Plan Document, participants are 100% vested in any Plan Sponsor matching contributions, including safe harbor matching contributions, made prior to January 1, 2017. Effective January 1, 2017, any employer matching contributions will vest based on a vesting schedule. Matching contributions can be forfeited as a result of forfeited nonvested accounts, failure to satisfy compliance testing or because of exceeding contribution limits. In the event this occurs, forfeitures may offset the Plan Sponsor's contribution obligation and be held in a suspense account to offset future contributions or forfeitures may be used to pay plan expenses, at the direction of the plan administrator.

Note 2: Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Payment of Benefits

Benefit payments are recorded when paid by the Plan.

Use of Estimates in Financial Statements

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents consist of deposits with financial institutions. At times, deposit balances may exceed the Federal Deposit Insurance Corporation issued limit. The Company believes it mitigates any risks by depositing cash and cash equivalents with major financial institutions.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan also has an indirect investment in a fully benefit-responsive common collective trust (CCT). This investment is valued utilizing the Net Asset Value (NAV) per share as a practical expedient for fair value, as reported by the manager of the common collective trust fund. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are recorded at amortized cost plus accrued interest.

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 3: Information Certified by the Custodian (Unaudited)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments as of December 31, 2023 and 2022, and for the year ended December 31, 2023 in accordance with DOL regulations:

	2023	2022
Statements of net assets available for benefits:		
Investments, at fair value	\$ 156,745,221	\$ 125,946,401
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ 14,919,259	
Dividends and interest	5,472,816	

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4: Fair Value Measurements

The accounting standard for fair value measurements provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds are valued at quoted market prices as provided by the Custodian. Net depreciation in the fair value of the mutual funds represents the change in fair value during the year, including realized and unrealized gains and losses. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The CCT is a stable market fund comprised primarily of fully benefit responsive guaranteed investment contracts that are valued at NAV. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) have no restrictions. There are currently no unfunded commitments on this investment.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflection of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables are set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 150,800,399	\$ -	\$ -	\$ 150,800,399
Common collective trust (a)	-	-	-	5,944,822
Total investments at fair value	<u>\$ 150,800,399</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 156,745,221</u>

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 120,502,369	\$ -	\$ -	\$ 120,502,369
Common collective trust (a)	-	-	-	5,444,032
Total investments at fair value	<u>\$ 120,502,369</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 125,946,401</u>

- (a) In accordance with Subtopic Accounting Standards Codification 820-10, these investments were measured at NAV per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 5: Tax Status

The Plan Sponsor has entered into a non-standardized adoption agreement for a prototype volume submitter profit sharing plan (the Prototype Plan). The Prototype Plan received a favorable opinion letter from the IRS dated March 31, 2014, which stated that the Prototype Plan and related trust were designed in accordance with the applicable sections of the IRC.

The Plan has been amended since the receipt of the favorable opinion letter; however, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2023.

U.S. GAAP requires require Plan management to evaluate tax positions taken by the Plan and recognize the tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: Party-in-Interest Transactions

The Custodian performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. Party-in-interest transactions also include notes receivable from participants. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Excess Contributions Payable

During 2023 and 2022, the Plan was not in compliance with IRC Section 401(k)(3). As a result, excess contributions totaling \$23,694 and \$36,213 were payable to certain participants at December 31, 2023 and 2022, respectively. Such amounts are included in excess contributions payable in the accompanying statements of net assets available for benefits and were deducted from participant and employer contributions in the accompanying statement of changes in net assets available for benefits.

Note 8: Reconciliation to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on the Form 5500 to the accompanying financial statements follows:

	2023	2022
Net Assets Available for Benefits		
Net assets as reported on Form 5500	\$ 168,308,184	\$ 134,863,178
Adjustment to accrue excess contributions payable	<u>(23,694)</u>	<u>(36,213)</u>
Net assets as reported in the accompanying financial statements	<u>\$ 168,284,490</u>	<u>\$ 134,826,965</u>
Changes in Net Assets Available for Benefits		
Increase in net assets, as reported on Form 5500	\$ 33,445,524	
Adjustment for prior year other receivable	(518)	
Adjustment for prior year excess contributions payable	36,213	
Adjustment to accrue excess contributions payable	<u>(23,694)</u>	
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 33,457,525</u>	

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 10: Subsequent Events

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits as of December 31, 2023, and the report date, which is the date these financial statements were available for issuance. Management has concluded that all subsequent events requiring recognition or disclosure have been incorporated into these financial statements.
