Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RK Stratman, Inc. 401(k) Profit-Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RK Stratman, Inc. 401(k) Profit-Sharing Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the RK Stratman, Inc. 401(k) Profit-Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan was established on February 1, 1990 as a defined contribution 401(k) profit sharing plan covering all eligible employees of RK Stratman, Inc. (Company) and related participating employers (Kenlee Enterprises, Inc. and Parr Four). Effective January 1, 2017, the Plan sponsor amended and restated the Plan by adopting a volume submitter plan. The Plan was most recently amended effective October 1, 2021. Under the Plan, all employees are eligible except leased employees, employees of a controlled group or affiliated service group that do not affirmatively adopt the Plan, union employees and independent contractors. Employees become eligible to participate in the Plan the first day of the month coinciding with or next following a year of employment, based upon the elapsed time method, and upon attaining the age of 19. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute a percentage of their compensation on a pre-tax or after-tax basis not to exceed applicable calendar year limits under Section 402(g)(1) of the Internal Revenue Code which was \$22,500 and \$20,500 for 2023 and 2022, respectively. Participants age 50 and older may elect an additional catch-up deferral of \$7,500 and \$6,500 for 2023 and 2022, respectively. Participants are allowed to make a separate deferral election, up to 100% for any bonus they may receive. Highly Compensated Employees deferrals are limited to 10% with the option to defer up to 100% of bonus. Unless an eligible employee elects otherwise, they are automatically enrolled in the Plan with a 3% deferral and are subject to an automatic escalation each year of 1% per year to a maximum of 10%.

The Company must make a fixed matching contribution on elective deferrals, Roth deferrals and catch-up deferrals of 25% of salary deferrals that do not exceed 6% of compensation. Matching contributions are calculated based on the participants' pay and elective deferrals on a payroll period basis. The Company's matching contributions were \$70,919 and \$76,752 for the years ended December 31, 2023 and 2022, respectively.

Participants direct the investment of contributions into various investment options offered by the Plan. At December 31, 2023 and 2022, these options include a common collective trust fund and various mutual funds.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions, and Plan earnings and charged with an allocation of administrative expenses. Allocations of Plan earnings are based on participant earnings or accounts balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

RK Stratman, Inc. 401(k) Profit-Sharing Plan
NOTES TO FINANCIAL STATEMENTS

Vesting

Effective October 1, 2021, participants are immediately vested in their contributions, the Company's past safe harbor contributions, the employer matching contribution plus actual earnings thereon. Individuals who terminated prior to October 1, 2021, are vested in the Company's discretionary matching and discretionary past non-elective contributions portions of their account plus actual earnings thereon based on years of continuous service and a five-year graded vesting schedule. Upon reaching normal retirement age, disability or death a participant becomes 100% vested. A year of credited service for vesting purposes will be determined on the basis of the elapsed time method. The non-vested balance is forfeited upon the earlier of a five-year break in service or upon distribution of a participant's vested account balance.

Payment of Benefits

Effective October 1, 2021, retirement benefits are payable upon the later of age 55 and are based on the accumulated value in the participant's account. Prior to October 1, 2021, retirement benefits were payable upon the later of age 65 or completing five years of service. Upon termination of service due to death, disability, retirement or other termination of employment, the vested balance of the participant's account will be paid to the participant or, in the case of death, to the participant's beneficiary. The plan also allows for in-service distributions upon attaining age 59½ and hardship distributions. Participants may elect to have benefits paid in the form of lump sums, installment payments, or partial payments.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of the vested account balance or \$50,000 from salary deferrals and rollover contributions only. Note receivable terms range from one to five years, unless the note receivable is for a principal residence. Repayment terms for a participant's principal residence can be extended to 15 years. Notes receivables are secured by the balance in the participant's account and bear interest which is commensurate with the Prime Rate plus 1% and is paid ratably at least quarterly. A participant may have only one note receivable outstanding at any given time.

Forfeited and Unallocated Accounts

Forfeitures may first be used to restore participant accounts for prior forfeitures. Any remaining forfeitures will be used to offset Plan expenses and reduce future matching contributions. There were no forfeited non-vested accounts arising from the Company's contributions at December 31, 2023 and 2022. Forfeitures in the amount of \$0 were used to reduce employer contributions during the year ended December 31, 2023 and 2022.

The Plan had \$8 of unallocated assets available to reduce future employer contributions at December 31, 2023 and 2022.

At December 31, 2023 and 2022, the Plan had \$7,114 and \$7,137, respectively, of unallocated assets available to offset future Plan expenses. Unallocated assets of \$21,317 and \$22,327 were used to reduce Plan expenses during 2023 and 2022, respectively.

RK Stratman, Inc. 401(k) Profit-Sharing Plan
NOTES TO FINANCIAL STATEMENTS

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. If the Plan is terminated, the participant's account balances will be 100% vested and non-forfeitable.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 26, 2024, the date the financial statements were available to be issued.

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note E for a discussion of fair value measurements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Tax Status

The Plan sponsor adopted a volume submitter 401(k) profit sharing plan document which obtained a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles (GAAP) requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audit by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent

RK Stratman, Inc. 401(k) Profit-Sharing Plan
NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. This accrued interest is separately reported in the Statements of Net Assets Available for Benefits as other receivables. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Recent Accounting Pronouncement

In June 2016, the Financial Accounting Standards Board issued Accounting Standards Update 2016-13, Financial Instruments – Credit Losses (Topic 326), as amended by Accounting Standards Update 2019-10, to improve financial reporting by requiring timelier recording of credit losses on loans receivable, trade receivables, and other financial instruments by replacing the current guidance for recording credit losses. This has been considered for the year ended December 31, 2023 with no significant impact on the financial statements.

NOTE C | INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

State Street Bank and Trust Company (Trustee) has certified the completeness and accuracy of certain information used by management to prepare the financial statements, supplemental schedule and accompanying notes. Accordingly, this information was not audited. The following is a summary of information which the trustee furnished.

NOTE D | RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST

The Plan incurs expenses related to general administration and record keeping. Some of these expenses are charged to participant accounts while certain accounting and auditing fees related to the Plan may be paid by the plan sponsor. Expenses that are paid by the plan sponsor are not included in these financial statements. During 2023 and 2022, approximately \$13,250 and \$12,000 of administrative expense were paid by the plan sponsor on behalf of the Plan. These transactions qualify as party-in-interest transactions as defined by ERISA.

RK Stratman, Inc. 401(k) Profit-Sharing Plan
NOTES TO FINANCIAL STATEMENTS

State Street Bank and Trust Company and Transamerica Retirement Solutions, the trustee and third-party administrator of the Plan, respectively, manage certain Plan investments. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the supplemental Schedule of Assets (Held at End of Year).

NOTE E | FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds are valued based on the net asset value (NAV) of the shares held by the Plan at year end.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of the date of this report, the current economic environment has increased the degree of uncertainty.
