INDEPENDENT AUDITORS' REPORT

To the Trustee of
A. J. Johns, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A. J. Johns, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP")
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management to the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The 2023 supplemental schedule, Schedule H, line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAP. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 AND 2022

Note 1 – Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The A. J. Johns, Inc. 401(k) Profit Sharing Plan and Trust is a defined contribution plan covering all employees of the participating employers who have at least six months of service and have attained age 18. The Plan was formed and adopted effective November 1, 1979. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA).

Administration

John Hancock Life Insurance Company (the "Custodian") serves as custodian of the Plan's assets and performs certain recordkeeping functions for the Plan. The Board of Trustees is responsible for oversight of the Plan. The Board of Trustees determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Participating Employers

The following employers have adopted the provisions of the Plan:

A. J. Johns, Inc.
Concrete Profiles, Inc.
American Sock, LLC

Contributions

Each year, participants may contribute up to 100% of their annual compensation, as defined by the Plan documents, subject to limitations imposed by the Internal Revenue Service. The maximum participant deferral for the years ended December 31, 2023 and 2022, were \$22,500 and \$20,500, respectively. Participants who have attained age 50 before the end of the Plan year were also eligible to make catch-up contributions for the years ended December 31, 2023 and 2022 of up to \$7,500 and \$6,500, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Effective January 1, 2007, the Company (A. J. Johns, Inc. , Concrete Profiles, Inc., American Sock, LLC) contributes 50% of the first 6% up to \$200,000 of compensation, as adjusted, that a participant contributes to the Plan.

NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 AND 2022

Note 1 – Description of the Plan (continued)

Contributions (continued)

Participants direct the investment of the Company's matching contribution into various investment options offered by the Plan. Additional amounts may be contributed at the option of the Company's board of directors and are invested as directed by the participants. During the years ended December 31, 2023 and 2022, the Company made no profit-sharing contribution to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and Plan earnings. Participants' accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Per the Plan documents, no participant loans are permitted.

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Vesting in the employer's matching and discretionary contribution portion of the participants' accounts plus actual earnings thereon is based on years of continuous service. A participant is fully vested after six years of credited service. The vesting percentages are as follows:

20% after two years of service
40% after three years of service
60% after four years of service
80% after five years of service
100% after six years of service

NOTES TO THE FINANCIAL STATEMENTS

Note 1 – Description of the Plan (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or any other reason, a participant may receive a lump sum distribution if their vested account balance does not exceed \$5,000. For vested account balances in excess of \$5,000, participants may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or payments of cash installments over a period not to exceed the participant's assumed life expectancy (or the assumed life expectancies of the participant and their beneficiary).

The plan also permits participants to take distributions prior to termination of employment upon attaining age 59½ or normal retirement age. These in-service distributions may only be drawn from accounts in which the participants are 100% vested.

Additionally, participants who have incurred a "hardship", as defined in the Plan, may take hardship withdrawals, which will be sourced only from their elective deferrals.

Forfeitures

Forfeitures may first be used to pay administrative expenses of the Plan. Thereafter, any remaining forfeitures attributable to amounts other than employer matching contributions shall be allocated to participants based on their relative compensation. Remaining forfeitures shall be used to reduce employer matching contributions. As of December 31, 2023 and 2022, the forfeited, non-vested accounts totaled \$13,656 and \$6,095, respectively. For the years ended December 31, 2023 and 2022, \$0 for both years was used to pay administrative expenses of the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. GAAP.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of

the financial statements, as well as the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan with forfeited, non-vested accounts, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 – Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy are described as follows:

A. J. JOHNS, INC. 401(K) PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2023 AND 2022

Note 3 – Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities & Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-traded funds: Valued based on the closing price reported by the fund. ETFs held by the Plan are closed-end funds registered with the Securities & Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The ETFs held by the Plan are deemed to be actively traded.

The above funds seek high total return (Defined as including income, capital appreciation, interest capital gains, dividends, and distributions realized over a period of time), with a greater focus on income beyond the funds' respective target dates. The funds are designed for retirement plan participants who reach retirement age at or near the fund's target date or who have a risk tolerance consistent with the funds' multi-asset strategies.

Note 4 - Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value, on the statement of net assets consist of the following investments as of December 31;

Investment Name	2023	2022
John Hancock Stable Value Guaranteed Income Fund	\$ 2,506	\$ 1,422
10-Year Guaranteed Investment Account	\$ 2,305,274	\$ 2,639,330

As of December 31, 2023 and 2022, the Plan was invested in the fully benefit-responsive investment contracts listed above, provided through group annuity contracts issued by the Custodian.

See disaggregated information on these investments below.

John Hancock Stable Value Guaranteed Income Fund – the crediting rate is declared on January 1st and July 1st of each year. However, if the weighted value of certain indices change by more than 2%, the Custodian may also reset the crediting rate on October 1st or April 1st. There is no stated minimum or maximum interest rate for the investment choices within the fund. The Custodian is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. All deposits within the fund are credited with the effective guaranteed interest rate on a daily basis with no set maturity. Investments in this fund are held in the John Hancock USA general account.

10-Year Guaranteed Investment Account – Guaranteed interest rates assume the issuance of a contract at the beginning of each period. For regular ongoing contributions, interest rates are published at the beginning of each month and apply to all such contributions during that month. For other types of contributions, interest rates may change during the month. There is no stated minimum or maximum interest rate for the investment choices within the fund. The Custodian is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. All deposits within the fund are credited with the effective guaranteed interest rate on a daily basis with no set maturity. Investments in this fund are held in the John Hancock USA general account.

The Plan's ability to receive amounts due is dependent on the Custodian's ability to meet its financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the Plan's ability to transact at contract value with the Custodian. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the

Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5 – Information Certified by the Plan's Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, and interest income for the year ended December 31, 2023 and 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodian, a qualified institution. As of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, the Plan Administrator has elected the method of annual reporting compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Note 6 – Party-In-Interest Transactions

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments and the related transactions were in investment funds managed by the Custodian; therefore, these investments and transactions qualify as party-in-interest transactions. Fees paid to parties-in-interest by the Plan for services amounted to \$36,381 and \$47,152 during the years ended December 31, 2023 and 2022.

Note 7 – Plan Termination

Although the participating employers have not expressed any intent to do so, they have the right under the Plan at any time to discontinue their contributions and at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 – Tax Status

The IRS has informed the Custodian by an opinion letter dated June 30, 2020, that the prototype plan adopted by the Plan, as then designed, was in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 – Tax Status

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
