Independent Auditor's Report

To the Plan Administrator
Intrepid Potash, Inc. Employee Savings Plan
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Intrepid Potash, Inc. Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTREPID POTASH, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY DESCRIPTION OF THE PLAN:

The following description of the Intrepid Potash, Inc. Employee Savings Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and Plan Document for a more complete description of the Plan’s provisions.

Nature of Operations – The Plan became effective on February 23, 2000, and has been amended and restated at various times since the effective date. On March 9, 2021, the Plan was restated to a Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The Plan is a defined contribution profit sharing plan covering all eligible employees. Employees are eligible for participation immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, (“ERISA”).

The Plan is intended to be a “Qualified” plan under Internal Revenue Code (“IRC”) Section 401(a).

Trustee and Administration of the Plan – Fidelity Management Trust Company (“Trustee” or “Fidelity”) is the Trustee and Fidelity Employer Services Corporation provides recordkeeping and other administrative services. The administrator of the Plan is Intrepid Potash, Inc. (the “Company” or “Employer”). The Trustee holds all assets of the Plan in accordance with the provisions of the service provider contract with the Company. All assets of the Plan are in investment plan accounts with Fidelity. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Contributions – Participants are eligible to contribute on a pre-tax or Roth after-tax basis up to 90% of their annual compensation, subject to the limits of IRC Section 402(g). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at 6.0% of eligible compensation unless they affirmatively elect not to participate in the Plan or elect a different deferral election.

The Company makes a safe harbor matching contribution and may make discretionary matching contributions to the Plan. The safe harbor matching contribution is 100% of each participant’s salary deferral contributions, up to a maximum matching contribution of 5% of eligible compensation for the year. For the year ended December 31, 2023, safe harbor matching contributions totaled \$2,058,588. The Plan also allows for employer discretionary contributions for employees who work at least 1,000 hours during the plan year and are currently employed as of December 31. No employer discretionary contributions were made for the 2023 plan year.

Participant Accounts – Each participant’s account is credited with participant contributions, safe harbor matching contributions, and discretionary contributions, as well as an allocation of plan earnings and losses on investments and charged with certain administrative expenses. The investment earnings and losses are allocated to each participant’s account in proportion to the balance that each participant’s account bears to the total balance of all participants in each investment fund elected. The benefit to which a participant is entitled is equal to the vested balance in the participant’s account.

Vesting – All employer contributions are 100% vested.

Payment of Benefits – A participant’s account balance may be distributed by installment payments or in a lump sum payment when the participant terminates from service, reaches age 59½, retires (normal retirement age 65), is disabled, or dies. Hardship withdrawals are permitted for all or any portion of a participant’s contributions, with a minimum \$500 withdrawal, if certain criteria are met.

Investment Options – Upon enrollment in the Plan, a participant may direct his or her contributions in any of the investment accounts which are offered by the Plan. Upon auto-enrollment, all contributions are directed into the qualified default investment option. In addition to the existing Plan investment options, the Plan offers participants the option to invest in a self-directed brokerage account. Participants may change their investment choices and contribution percentages at any time.

Notes Receivable from Participants – Participants may borrow from the Plan in an amount greater than \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant’s vested account balance. Notes receivable must be repaid within five years (unless the note is for the purchase of a primary residence, which term may be longer) and bear interest at a reasonable rate which is fixed for the term of the note. Principal and interest are paid ratably through payroll deductions. Participants may only have two loans outstanding at a time during the plan year.

INTREPID POTASH, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts – Due to the Plan’s designation of all contributions being 100% vested, there are no forfeited unvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting – The financial statements of the Plan are presented on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payments of Benefits – Benefits are recorded when paid.

Contributions – Participant contributions and related employer matching contributions are recorded in the period payroll deductions are made. Excess contributions are recorded in the year in which the excess occurred. There were employer contribution receivables of \$49,754 and \$38,100 as of December 31, 2023, and 2022, respectively. There were no participant contribution receivables as of December 31, 2023 and 2022, respectively.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest was de minimis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Risks, Uncertainties and Concentrations – The Plan provides for various investment options in any combination of stocks, mutual funds, common/collective trust funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits. As of December 31, 2023, there was one investments held which accounted for more than 10% of net assets available for benefits and accounted for a total of 11% of net assets available for benefits. As of December 31, 2022, there were two investment held which accounted for more than 10% of net assets available for benefits and accounted for a total of 21% of net assets available for benefits.

Investment Valuation – The Plan’s investments are stated at fair value. Shares of mutual funds and exchange traded funds are valued at quoted market prices, which represent the net asset value (“NAV”) of shares held by the Plan at year end. Common stock is valued at year end at published market values. The common/collective trust funds are stated at fair value using the net asset value per share practical expedient.

The preceding valuation methods described may produce a fair value calculation that is simply indicative of the net realizable value and may not be reflective of actual current or actual realizable values. Furthermore, although the Plan believes its valuation methods are reasonable, appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The Plan’s Investment Committee determines the Plan’s policies utilizing information provided by the investment advisors.

The Plan invests in the Galliard Stable Return Fund C (“Fund”), which is a stable value fund that is a common/collective trust fund. The Fund is managed by Galliard Capital Management, Inc., a wholly owned subsidiary of Wells Fargo. The Fund seeks to provide investors with a moderate level of stable income without principal volatility. The Fund invests in a diversified portfolio of investment contracts issued by financial companies including Guaranteed Investment Contracts (“GICs”), Separate Account GICs and Security Backed Investment Contracts. The distinctive feature of these contracts is that they are designed to provide, under most circumstances, participants access to their funds at contract value, which is equal to their principal balance plus any accrued interest. This contract feature is called “benefit responsiveness.” The contracts are designed to enable the assets of a stable value fund to be valued at their contract value rather than market value of the securities backing the contracts. Separate Account GICs and Security Backed Investment Contracts earn an income yield which is determined by a crediting rate formula that reflects the earnings of the underlying fixed income securities with gains or losses recognized over time through

INTREPID POTASH, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

the crediting rate formula. A small portion of the fund is invested in a money market fund to provide daily liquidity.

Participant initiated withdrawals are honored at any time without penalty, regardless of their frequency or amount unless payments are being delayed to all Fund investors. The Fund also requires participants to invest in a non-competing fund for at least 90 days before transferring to a competing fund option. Examples of competing fund options include money market funds, high quality bond funds with duration of three years or less, or to other principal preservation funds. Any Plan sponsor-initiated withdrawal from the Fund requires a 12-month written notice of the intent to withdraw assets. If Wells Fargo has actual knowledge that a Plan is not legally permitted to invest in or to continue to invest in the Fund, such Plan's interest in the Fund will be immediately redeemed. Wells Fargo may make such redemptions at its sole discretion. Although Wells Fargo does not anticipate the need to make in-kind distributions of portfolio securities, Wells Fargo may, under extraordinary circumstances and at its discretion, make such distributions in lieu of or in addition to cash distributions.

The collective investment trusts include a collection of target date funds. These funds are valued based on the Plan's interest in the funds at NAV reported by Fidelity as of the financial statement date and recent transaction prices. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The funds provide for daily redemptions by the Plan at reported NAV with no advance requirement.

Income Recognition – Purchases and sales of investments are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned. The net appreciation or depreciation is determined as the difference between beginning market value or cost if purchased during the year and year end market value and capital gains reinvested.

Administrative Expenses – During the 2023 plan year, the Plan incurred total administrative expenses of \$172,837 which were paid by the Plan. These administrative expenses include recordkeeping services for participant notes, investment advisory services, audit, trustee and participant maintenance fees. Legal fees are paid directly by the Company and are excluded from these financial statements.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE:

The following unaudited information in the financial statements and supplemental schedule was certified to be complete and accurate by Fidelity Management Trust Company, a qualified institution, within the meaning of ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA:

- All amounts relating to investments and notes receivable from participants as enumerated in the Statements of Net Assets Available For Benefits as of December 31, 2023, and 2022, and the Schedule of Assets (Held at End of Year) as of December 31, 2023;
- All amounts relating to earnings/(losses) on investments and interest earned on notes receivable from participants as enumerated in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023; and,
- All amounts relating to investments described in Note 4.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS:

The Plan applies the provisions of the Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures* (ASC 820), for all financial assets and liabilities measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and requires disclosures about fair value

INTREPID POTASH, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

measurements. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability, defined as an exit price, in an orderly transaction between market participants at the measurement date. ASC 820 establishes market or observable inputs as the preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic also establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

- Level 1 Quoted prices in active markets for identical assets and liabilities.
- Level 2 Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active and model-derived valuations whose inputs are observable or whose significant value drivers are observable.
- Level 3 Significant inputs to the valuation model are unobservable.

The following table presents the Plan assets that are measured at fair value on a recurring basis, and the levels of inputs used to measure fair value at December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 21,435,136	\$ -	\$ -	\$ 21,435,136
Self-directed brokerage account	2,019,951	-	-	2,019,951
Total investments, at fair value	<u>\$ 23,455,087</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,455,087</u>
Investments measured at net asset value: ¹				
Common/collective trusts				32,681,678
Total investments in the fair value hierarchy				<u>\$ 56,136,765</u>

The following table presents the Plan assets that are measured at fair value on a recurring basis, and the levels of inputs used to measure fair value at December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,386,484	\$ -	\$ -	\$ 18,386,484
Self-directed brokerage account	1,910,033	-	-	1,910,033
Total investments, at fair value	<u>\$ 20,296,517</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,296,517</u>
Investments measured at net asset value: ¹				
Common/collective trusts				28,076,201
Total investments in the fair value hierarchy				<u>\$ 48,372,718</u>

A financial asset is categorized within the hierarchy based upon the lowest level of input that is significant to the fair value measurement. See the investment valuation described in Note 2 for valuation methodologies.

¹ – In accordance with Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

INTREPID POTASH, INC. EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The following table includes categories of investments within the Plan where NAV is available as a practical expedient:

	Fair Value as of December 31,				Redemption
	2023	2022	Unfunded Commitments	Redemption Frequency	Notice Period
Common collective trusts:					
Galliard Stable Return Fund	\$4,750,500	\$5,187,875	\$ -	Daily	12 months for full liquidation
Target Date Funds	\$27,026,449	\$22,115,018	\$ -	Daily	Daily
Artisan International Growth Trust	\$904,729	\$773,308	\$ -	Daily	Daily

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer reserves the right to terminate the Plan at any time by written notice to the Trustee and subject to the provisions of ERISA. In the event of a plan termination, all employer contributions will be fully vested and payable to the participants.

6. TAX STATUS:

The Company adopted a Non-Standardized Pre-Approved Profit Sharing Plan With CODA which received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, indicating that the plan and trust are designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan, as amended, is currently designed and operated in compliance with the applicable requirements of the IRS. No provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of mutual funds and money market funds which are managed by Fidelity, which is also the Trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest. The Plan also paid for investment advisory services which qualify as party-in-interest transactions. For the year ended December 31, 2023, the Plan paid administrative fees to Fidelity, investment advisory fees to consulting companies and audit fees to the Plan's independent auditors. In addition, the notes receivable from participants qualify as party-in-interest transactions. Certain management fees are paid by the Plan and deducted from earnings on investments. These transactions are exempt from the prohibited transaction rules.

8. SUBSEQUENT EVENTS

The plan administrator has evaluated subsequent events through August 29, 2024, which is the date the financial statements were available to be issued, and there is nothing to report.
